Coordinator's Report

**Important
DATE!**

The Annual General meeting (AGM)

is an important event for every organisation. It gives its members, the general public and the committee a broad overview of the organisation's current directions, financial health and confirms its purpose. It is also the time to revitalize the organisation through the official engagement of members into key elected positions.

Most importantly, the organisation should try to make the AGM a positive experience where people go away firmly committed to the organisation and its goals.

Benefits of holding an AGM

An annual general meeting will assist your organisation to: Comply with government regulations

If you are an incorporated association, the legislation in most Australian states requires you to hold an AGM.

Elections

At the meeting you need to validly elect key office-bearers. Usually the legislation will specify the election of what is called the Public Officer. Depending on the size and nature of the organisation, the AGM is the time to publicly elect the Chairperson, Deputy Chairperson, Secretary, and Treasurer and other board and management committees' members.

Presentation of Accounts

You will need to present the annual accounts to the members in a standard format. Again, legislation in most states provides that you must have your accounts audited if your budget is above a certain level. If you are below this

level, you can still have your accounts audited; it may be more expensive, but it provides some assurance that nothing has been overlooked that is likely to damage the organisation.

Documentation

Most Australian states require you to send in an annual report after your AGM. The content varies from state to state - some just want the accounts, some ask for a list of office bearers, some charge extra for the forms or the lodgment.

• Be transparent

Whether you are an incorporated association or not, organisations need to be accountable to the public and to their members. This is your opportunity to report on the results of your strategic plan. Did you achieve all your expected outcomes over the past year and what you do you plan to do in the next as a result.

• Communicate with members

The AGM provides a good opportunity for the office bearers and the management to interact with the membership - to answer their questions and seek their views. Ordinary members are able to raise their concerns and participate. There should, of course, be opportunities for members to be involved throughout the year, but the AGM provides a minimum safety net to make certain that this is not overlooked in the rush of work. You may wish to send special invitations to local dignitaries, local members, and donors and prospective donors.

• Raise awareness

In some cases the AGM can be used to gain publicity for the organisation. For example if you have a guest speaker or an announcement that you think may be of more general interest than just to your own membership. You could prepare and circulate a press release. (See the Ourcommunity.com.au's helpsheet on Preparing a Press Release).

This must be handled with care - as many AGM's can bring up quite sensitive issues, that you may not wish to publicise. You must weigh up your priorities for promoting the organisation carefully.

Preparation for an AGM

The AGM is usually organised by the Secretary, with assistance from the rest of the organisation, but this can be altered if someone else volunteers. It is important, though, that everybody in the organisation knows who is responsible.

Date

The date of the AGM may be set by the legislation - within three months of the end of the financial year, for example and even if it is not, it is still a good idea to have the meeting in August or September, while the financial statements are still fresh.

Advertisement

If you are an incorporated association, the legislation in most Australian states requires that you advertise your AGM to your members two weeks or a month beforehand, by mail. There used to be a requirement that you also advertise it in a newspaper circulating in your area.

Though an advertisement is not now required by law, you may consider doing it anyway to encourage public involvement and an inclusive atmosphere. A small block in the classifieds is enough. Give the name of the association and the place, date and time of the meeting.

Office bearers and Committee

Confirm which of your current office-bearers will be re-nominating for the coming year and who will be retiring. Check your constitution to see if anybody's ineligible to stand.

If there are vacancies, make sure that you have approached people who are willing to fill them and remember that there may be people who come forward at the meeting itself.

Most importantly try to ensure that you have enough good nominations to fill the available positions.

If people are to be nominated in their absence have them sign a document saying that they are willing to stand.

Auditor

If you are required or decide to present an audit of your accounts at the AGM, leave enough time for the auditor to go through your books and prepare your accounts. Make an appointment well in advance; this is a busy time for auditors. Ensure that the auditor knows the exact date of the AGM.

Have a nomination ready for the position of next year's auditor from somebody who you have approached and who is willing to act.

Publicity

If you are intending to put on a bit of a show for your members or the press - with a guest speaker, a video showing, or an important announcement - organise it well in advance so that you can be sure that everybody knows what they are supposed to be doing and you have all the necessary technical equipment in good working order.

Meeting papers

Prepare the following documents and post them out to all members and office bearers in advance of the meeting:

- A set of accounts - balance sheet and financial statement - in the required format.
- Annual Report

The organisation's annual report must contain the accounts, and should contain

- a summary of the year's activities
- a record of the year's achievements
- a preview of what is planned for the next year
- a restatement of the organisation's vision.

• Agenda consisting of:

- Welcome by chairperson
- Apologies
- Confirmation of minutes of the previous AGM

- Business arising from the minutes
- Chairperson's report
- Treasurer's report and presentation of audited financial statement
- Election of Office Bearers
- General business
- Guest speaker (if any)
- Date of next meeting (if known)
- Close
- Minutes

The relevant minutes are the minutes from the previous AGM, not the previous Committee meeting.

Meeting procedure

The procedures at the AGM are basically the same as those at an ordinary committee meeting.

Motions

Motions must be moved

- to accept the minutes of the last AGM
- to approve the Chairperson's report (the Annual Report)
- to approve the Treasurer's report (the Financial Statement)

Motions must be seconded, and a vote (generally a show of hands) taken.

Nominations

Nominations must be called for from the floor for Office bearers - Chairperson, Deputy Chairperson, Secretary and Treasurer - and Committee members. If more than one person nominates for any office, or if there are more nominations than there are committee places, there must be an election. Election can be through a show of hands or by secret ballot.

Special procedural provisions

The only special procedural provisions at an AGM are that:

- the quorum may be different (consult your constitution)
- if the position of Chairperson is being contested, the Chairperson should stand down from the Chair during the election and be replaced

by an acting Chairperson (someone who is not standing for any position) specially elected just for the period of the election)

Guest speaker

Guest speakers can be people you want to impress those at the meeting, or people you want to be impressed by the meeting, or both.

Other entertainment

If your organisation lends itself to visual presentation, consider preparing a display of your work during the year.

After the AGM

Documentation

Make sure that the minutes are written up shortly after the meeting. If (as sometimes happens) they are left to the evening before the mailout, the Secretary may have difficulty finding last year's notes.

Ensure that you send any necessary documentation, for example the audited statement and change of public officer to the appropriate state/territory government department.

Handover

Retiring office bearers must hand over the operations to the new person, together with all documents, rubber stamps, bank details, etc. Retiring officers should also give their successors briefings describing key processes and current priorities and challenges.

Banking

If any of the people who are retiring from the Committee are signatories to the organisation's bank account, try and have the necessary forms on hand so that the new signatories can be authorised after the meeting.

Daily Blessings Hatha Yoga

A little bit about Ayurveda.....

Yogis believe we all have certain dominant energies – doshas. Vata (air/ether), Pitta (fire) and Kapha (earth/water). We may be dominant in one or be combinations of – Bi-doshic or even Tri-doshic.

At the very basic level, Vata types are lean/slim, arty/philosophers, always cold, dry skin/hair, shy; Pitta types are of medium musculature/athletic, leaders/competitive, boisterous/extroverted, oily skin/hair and always hot! Kapha types are nurturing/cruisy, practical/dependable, soft flesh/prone to being overweight, moist skin.

As winter is upon us, even though it's warm by southern standards, our Kapha energy rises. The urge to curl up in the sun and indulge in a cuppa and some 'carby' treat is irresistible! To balance the sluggish, cold, water logged (oh and mucus!) tendencies of Kapha we add the fire of Pitta dosha. Dynamic yoga asana which heats the the body and stimulate the agni (digestive fire), loads of stimulating foods...yes chilli and more chilli, ginger, spices, chai tea. Other Pitta foods are animal proteins. Slow cooked super nourishing, easy to digest meals with few, if any Kapha foods (these are polished grains, processed foods, sugar, dairy). Sattvic (clean, nourishing, vitamin and mineral rich) foods should be consumed at every meal, vegetables, fruit, nuts/seeds and unprocessed oils.

So if you'd like to boost your immune system and feel energetic this winter – experiment, research and have a play with these concepts.

Happy Winter Yogi

Reducing violence against Aboriginal women

and their children

2 in 3 of those women who experienced violence from an ex-partner had children in their care when the violence occurred¹

Almost half of these women reported their children heard or witnessed the violence.

1 in 6 women have experienced partner violence²

Compared to 1 in 20 men

33% of police call outs for family violence in WA are for Indigenous men and women³

80% of victims are women

Aboriginal women are **34 times** more likely to die from a violent incident than other women⁴

Aboriginal women are **45 times** more likely to experience family violence than their non-Aboriginal counterparts⁵

50% of family violence homicide victims in WA are Aboriginal⁶

69% of perpetrators of these incidents were male

53% of children in care in WA are Aboriginal⁷

8% of all Aboriginal children in WA are in care⁷

Only 11 per cent of applicants for Violence Restraining Orders in WA identify as Aboriginal⁸

Despite Aboriginal people killed through family violence were more than twice as likely to be known to the police due to previous reports of violence involving the suspected perpetrator.

83% of family violence homicides involved excessive alcohol use⁹

More than 60% of police call outs for family violence involved excessive alcohol use

violence against women and children is driven by gender inequality

Local news from...

SHARK BAY POLICE STATION

Durlacher Street, Denham WA 6537

June has been a busy month for Shark Bay Police, with a number of search warrants executed, where illicit drugs and a number of unlicensed and unsecured firearms seized, including a sawn off shotgun. Thanks to those that continue to provide vital information so these items can be removed from the community.

Police also co-ordinated a number of boat rescue's, one with a boat that had rolled over at steep point with two people left treading water for some time before being rescued.

Please be patient when using the boat ramp with all the new works being carried out and don't forget your vital safety checks before you depart.

Remember to make sure your boat is secure before driving off. If it comes off your trailer, that is sufficient evidence in itself that it wasn't secured correctly.

Shark.Bay.Police.Station@police.wa.gov.au Ph: 9948 1201

PUBLIC NOTICE – DECLARED BUSHFIRE PRONE AREAS

The Fire and Emergency Services Commissioner has declared certain areas within the Shire of Shark Bay as “bushfire prone” – mapping available on www.dfes.wa.gov.au It includes parts of Denham townsite, Nanga, Hamelin Pool, Dirk Hartog Island, and Monkey Mia.

The Western Australian Planning Commission has released a number of documents which outline planning requirements for new development on land identified as bushfire prone.

A new State Planning Policy, *State Planning Policy 3.7 Planning in Bushfire Prone Areas* (SPP 3.7) was gazetted on Monday 7 December 2016.

If your land is within a bushfire prone area you may be required to lodge a site specific Bushfire Attack Level (BAL) assessment with any planning or building permit application.

A BAL assessment is an assessment set out in Australian Standard 3959 Construction of Buildings in Bushfire Prone Areas. A BAL assessment determines a proposed buildings potential for bushfire exposure. For habitable buildings, a BAL assessment is used to establish the construction requirements that can be used to improve the protection of a building from bushfire attack.

As of the 8 April 2016, all planning applications for a dwelling on lots greater than 1100m² are required to include a Bushfire Attack Level (BAL) Assessment, all building permit applications for habitable buildings and some outbuildings will also require a BAL assessment. A BAL assessment will also be required for commercial and industrial development in a “bushfire prone” area.

If a development does not require planning approval, a BAL assessment may still be required as part of the separate building permit process.

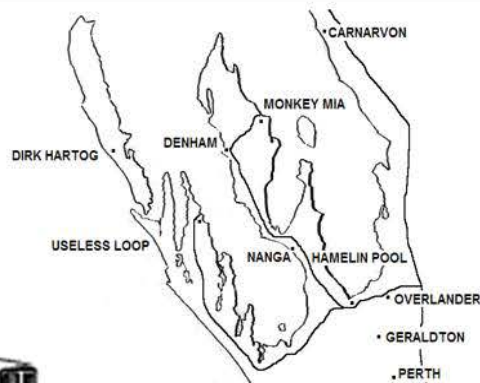

Where a BAL rating between 12.5 and 29 is identified, there may also be a requirement for a Bushfire Management Plan to be endorsed jointly by the Shire and state authority for emergency services.

Please be advised that the Shire has not declared the bushfire prone areas, however is obligated to enforce new requirements introduced by State Government.

Information is available on the Department of Planning website - <http://www.planning.wa.gov.au/8194.asp> and Building Commission website - www.commerce.wa.gov.au/building-commission/building-designated-bush-fire-prone-areas

NATIONALLY RECOGNISE
TRAINING

St John

**St John Ambulance
Shark Bay Sub Centre**

WHY PAY AMBULANCE MEMBERSHIP FEES?

Because it can save you a lot of money!

Do you know that a basic ambulance call out from the Shark Bay Hotel to Silver Chain will cost you \$484?

For Membership fees of just **\$68 per single and \$112 per family** you would be covered for all of these costs.

**This amounts to a little more than
\$1.30 per week for a single
or 18 cents per day.**

Most pensioners over 65 are covered (please check your eligibility).

**It makes sense to pay St John Ambulance fee,
doesn't it?**

SHARK BAY SUB CENTRE

PO Box 82 Cnr Durlacher St & Dampier Rd Denham 6537

saintjohns1@bigpond.com

Hope you are all surviving the winter weather with lots of warm clothes, and the upheaval in our little town with lots of smiles!

June was a steady month for St John Shark Bay. At the time of writing, we have had 6 call outs. Three of these were out of town – Hamelin Pool, Nanga and the Overlander. Another job well done by our Volunteer Ambulance Officers, who drive the long kilometres, often in the dark hours of night, to help those in need of first aid treatment and transport.

First Aid Training

If you are interested in brushing up on your First Aid skills, or learning for the first time, we are running our next Provide First Aid HLTAID003 PFA1 (equivalent to Senior First Aid) on Friday the 12th August. This will be a one day course, and there is pre-reading to do.

Contact the office via the email address above to register, and we will get you enrolled.

P&C Youth Group

St John Shark Bay were thrilled to be invited by the P & C Youth Group to be involved in their Friday evening gathering on 17th June. With about 15 of our town's youth, we practised rolling a friend on their side, and clearing their mouth so they could breathe, and splinting up a fractured leg. As one of our youth said – "I've just learnt a new life skill tonight!" Thanks to the P&C and our youth for an engaging and fun evening!

Dirk Hartog Event

Before we know it, our community will be hosting the Dirk Hartog Event in October. This will be a busy time for everyone involved, and we hope a fun and rewarding time. Most of our Volunteer Ambulance Officers will be involved with events, their businesses, and hosting family and friends. But, we will still be on 24/7 roster for '000' call outs. If you are wanting to join a rewarding and exciting Volunteer group, speak to one of our Crew and join up! Just in time for the Duyfken's arrival!

Supports Shark Bay SES

GONE WITH LITTLE TRACE

The Shark Bay SES unit members have enjoyed a quiet period this month after a busy couple of weeks at the end of May. The unit has had just one call in June to go to the assistance of visitors that were stranded somewhere in the Goulet Bluff / Wilson Island area. After putting their tracking skills to the test, our team discovered the place where the intrepid tourists had met their match but had left after obviously getting assistance from someone else and had then vanished failing to advise authorities assistance was no longer required.

This incident is a good reminder that when people get in a position where they request assistance and then manage to self-extricate, they need to advise that they no longer need of help. Usually the people responding are volunteers and they give their time freely and are keen to assist people in need; BUT a degree of angst is created when situations like this occur.

NEW MEMBERS

Our unit is in the fortunate position of having welcomed several new members over the past few months. They have already been

involved in various regional training opportunities that have occurred and are keen to use their new skills in responding to call outs. Our unit members have a great relationship within the membership group and we always try to have fun and enjoy each other's company while engaging in training or responding to a call for assistance. Our unit has a good blend of older and young members with a great mix of skills. We always welcome membership inquiries and encourage people to attend to check out our activities to see if they can contribute to our community.

UP COMING ACTIVITIES

Our unit will be joining with the other emergency service groups to provide breakfast and lunch at the Far Western championships run by the Shark Bay speedway club during the July school holidays. Although we are not looking forward to the early morning start, we enjoy working with fellow volunteers and the interaction with the public that support our services.

We wish to recognise the generous support the emergency service groups receive from various business, clubs and individuals to make the day a success. In particular, we would like to mention

Kalbarri Eggs for their continued support by donating the eggs that go into the burgers and the Boolbardi Country Club for the use of their bain-marie to assist with keeping the food that we serve safe & warm.

EPIRB's and PLB's

We continue to provide the supply of these life saving devices. We wish to acknowledge the assistance the unit receives from the Community Resource Centre for displaying the units and dealing with inquiries and sales.

These units represent great value as we have managed to obtain a supply direct from the manufacturer in Australia and so are able to offer them at an a very good price which still allows us to raise funds for some of our equipment.

We wish to highlight the PLB's which are the smallest unit available that has a 10-year battery life. They are not much bigger than a pack of cards, but have an in built GPS that when activated transmits your coordinates every few minutes to alert AMSA of your location. They are accurate to around 3 meters so you can be assured that if you stay with the PLB you will be found.

REGIONAL ACHIEVEMENT & COMMUNITY AWARDS

Celebrating 15 Years

MEDIA RELEASE MEDIA RELEASE MEDIA RELEASE

THE SEARCH HAS BEGUN....

The Western Australian Regional Achievement & Community Awards have been launched for 2016 and the state-wide search has begun. The Awards are all about the passion of people who are committed to making regional Western Australia a better place to live. If someone has made an impact or difference in your life or has impressed you with their community spirit, why not nominate them!

Shire President Cheryl Cowell, Shark Bay Shire invites all residents to consider nominating an individual, business or group that is helping to reshape and inspire our community. If you know someone that has provided support and made a real difference in your life, why not give them a pat on the back and nominate them for an award. It would be great for our community contributors to be showcased in these Awards" said Shire President Cowell.

Nominations are now open in the following categories:

- Community TAB Community Service Award
- Rinehart Development of Northern Regional WA Award
- Horizon Power Leadership and Innovation Award
- Prime Super Employer Excellence in Aged Care Award
- Insurance Commission of Western Australia Regional Safety Award
- Worldwide Printing Solutions Sports Award
- LandCorp Sustainability Award
- Curtin University Teaching Excellence Award
- RAC Volunteering Award
- Indago Solutions Agricultural Innovation Award
- Prime Super Community Group of the Year Award

One of the 11 category winners will be selected as the Department of Regional Development Overall State Winner.

Each category winner will receive a \$2,000 Awards prize from Foundation Partner, Commonwealth Bank and a trophy. The Department of Regional Development Overall State Winner will receive an additional \$2,000 Award prize from Commonwealth Bank and a hand crafted State trophy.

Nominate someone that has touched your life or who has made a significant contribution to your community. To submit a nomination, simply go online www.awardsaustralia.com select Western Australian Regional Achievement and Community Awards and then 'Nominate Now'.

Nominations close Wednesday 3rd August 2016, for assistance please feel free to call the Awards Office on 9201 1155 or email wa@awardsaustralia.com

End

Since the creation of the Western Australian Regional Achievement and Community Awards in 2002, it has aimed to encourage, acknowledge and reward the valuable contributions individuals, communities and businesses are making throughout regional and rural Western Australia. The awards recognise and pay tribute to their achievements, which contribute to making regional Western Australia a better community

Winter Warmer Recipe

Leek and potato soup

Ingredients

1 tbs olive oil
 20g butter
 2 leeks, white part only, coarsely chopped
 2 (about 400g) sebago potatoes, peeled, coarsely chopped
 6 cups (1.5 litres) chicken stock
 1/2 cup (125ml) thin cream
 2 tbs olive oil, extra
 1 small leek, extra, white part only, cut into matchsticks
 Crusty bread, to serve

Method

Heat the oil and butter in a large saucepan over medium heat. Add the leek and potato and cook, stirring, for 5 minutes or until leek softens slightly. Add the chicken stock and bring to a simmer. Cook, stirring occasionally, for 15 minutes or until potato is tender. Remove from heat and set aside for 5 minutes to cool slightly.

Transfer half the mixture to the jug of a blender and blend until smooth. Transfer to a clean saucepan. Repeat with the remaining potato mixture. Add the cream and stir to combine. Place over low heat and cook, stirring, for 5 minutes or until heated through.

Meanwhile heat the extra oil in a medium frying pan over medium-high heat. Add the extra leek and cook for 1-2 minutes or until lightly golden and crisp. Use a slotted spoon to transfer to a plate lined with paper towel.

Ladle the soup among serving bowls. Top soup with leek straws and serve immediately with crusty bread, if desired.

Tip of the day

You can substitute white whole-wheat flour for up to half the regular flour called for in recipes to get the vitamins and nutrients found in whole-wheat flour--but with a lighter, subtler taste.

APPLICATIONS FOR AN AQUACULTURE LICENCE AND LEASE

by Pan Holdings Pty Ltd, Shark Bay WA

June 2016

DEPARTMENT OF FISHERIES - APPLICATIONS FOR AN AQUACULTURE LICENCE AND LEASE

PAN HOLDINGS PTY LTD -SHARK BAY WA

File Ref: L23/16 and 209/16

Date of Application: 19 January 2016

General Location: Shark Bay, WA

Area of Proposed New Site: 400.6 ha

Species: Non-maxima oysters, Clams/cockles, Sea cucumbers/sandfish, Sponges, Abalone

Culture Method: Longlines, bottom culture

Further Information: Contact Danielle Hartshorn at the Department of Fisheries on (08) 9482 7252 or Danielle.Hartshorn@fish.wa.go.au.

Information provided by the applicant relevant to applications for an aquaculture licence and lease

Pan Holdings Pty Ltd

May 2016

Introduction

This document outlines the information for consideration by agencies, stakeholders and community and industry groups regarding applications submitted by Pan Holdings Pty Ltd (Pan) for an aquaculture licence and lease.

Background

On 19 January 2016, Pan applied to the Department of Fisheries for an aquaculture licence and an aquaculture lease in waters of Nanga, Shark Bay.

Proposal

Pan proposes to establish an aquaculture operation in a 400.6 hectare area within Shark Bay. Proposed Species are:

- Rock oyster (*Saccostrea glomerata*, *Saccostrea cucullata*, *Saccostrea scyphophilla*);
- Black-lipped pearl oyster (*Pinctada margaritifera*);
- Akoya pearl oyster (*Pinctada fucata*);
- Shark Bay pearl oyster (*Pinctada albina*);
- Penguin shell (*Pteria penguin*);
- Clams/cockles (Family *Veneridae* – species of Venus clams endemic to Shark Bay, including *Callista inpar*, *Gomphina undulosa*, *Callista planatella*, *Antigona lamellaris*, *Circe rivularis*, *Circe sulcata*, *Paphia crassiuscula*, *Paphia semirugata*, *Pitar nancyae*);
- Sea cucumbers/sandfish (*Holothuria scabra* & other endemic *Holothuria/Stricopus* species);
- Sponges (*Spongidae* (Order *Dictyoceratida*), *Irinidae* (Order *Dictyoceratida*), *Thorectidae* (Order *Dictyoceratida*), *Hymedesmiliidae* (Order *Poecilosclerida*), *Latrunculiidae* (Order *Poecilosclerida*), *Mycalidae* (Order *Poecilosclerida*), *Raspailiidae* (Order *Poecilosclerida*)); and
- Abalone (Roe's (*Haliotis roei*)).

Source of Stock and Methods

Rock oysters, pearl oysters and abalone may be obtained from existing shellfish hatcheries where there is the capacity to spawn and culture the desired species from local Shark Bay broodstock. Pan is also investigating the feasibility of a small multi-species hatchery close to the site with the aim to supply broodstock to the Shark Bay marine aquaculture farm in the future.

All other species will be sourced locally.

Various methodologies for farming the species will be tested at the site. Pan intends to utilise surface/sub-surface longlines and/or fencelines/racks with baskets and/or panels as the culture methods for rock and pearl oysters. Sponges, which can be grown alongside/within an existing set up, may be attached directly to longlines, or in baskets.

Common culture methods of clams/cockles include bottom cages or bottom bags, which will be trialled if a licence is obtained.

Sea cucumbers are likely to be "ranching", where juveniles are introduced into the site and grown out. Ranching requires minimal material costs; however, a larger lease area is required, which would suit the proposed site at Nanga Bay.

Abalone is likely to be cultured using grow-out structures. Juvenile abalone will be stocked on to purpose-made habitat structures deployed on sandy areas of the proposed area.

Diagrams

Figure 1: Proposed site (marine area only)

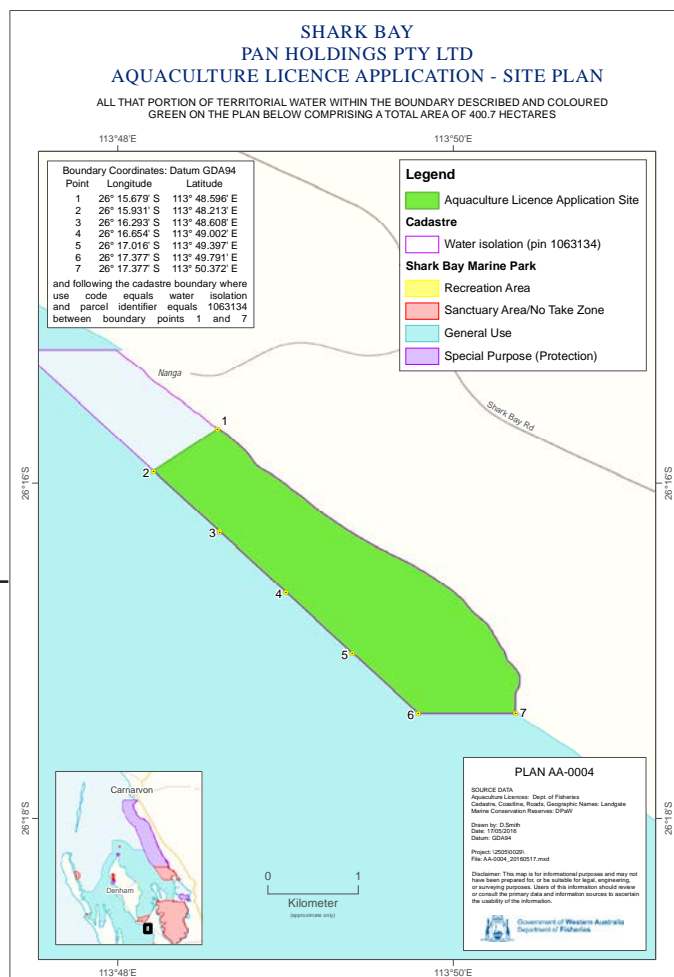

Risks

The proposed site is located in an area excluded from the Shark Bay Marine Park (SBMP). Waters immediately beyond the proposed site are “general use” areas, which allow for commercial activities including aquaculture. Nonetheless, aquaculture at the proposed site will need to ensure that no water pollution will occur in the SBMP.

There will be no requirement to feed bivalves, sea cucumbers, abalone and sponges being stocked at the site. Therefore, the aquaculture of the proposed species is considered to pose no significant environmental or ecological issues, with identified risks accommodated by Pan's Management and Environmental Monitoring Plan (MEMP).

Oversight and Experience

Pan has been in business since 1981 and the board is highly experienced in running private Australian companies.

Personnel with the required experience and expertise will be contracted and employed to design, build, commission and run the proposed operations.

If you wish to submit any comments on the applications, please do so in writing by Sunday 14 August 2016.

Broken Heart Syndrome (is TRUE and NOT a myth)

Broken Heart Syndrome is commonly said in "jest", I found out it is a real medical condition.

Over the past 3 months my mum and eldest brother passed away. The day after notification of my brother's death, my eldest sister complained of chest pains. She ended up in Harvey Hospital, transferred to Bunbury then flown to Perth by the Flying Doctors. As it was chest pains, it was immediately treated as a heart attack. Many tests were done and the conclusion was it was not a heart attack but a case of Broken Heart Syndrome due to the stress of losing our mum and brother. I just want to alert others of this condition:- Judy Britza

Definition: Broken heart syndrome is temporary heart condition that's often brought on by stressful situations, such as the death of a loved one. People with Broken heart syndrome may have sudden chest pain or think they're having a heart attack. In broken heart syndrome, there's a temporary disruption of your heart's normal pumping function, while the remainder of the heart functions normally or with even more forceful contractions.

Broken heart syndrome may be caused by the heart's reaction to a surge of stress hormones. The condition may also be called takotsubo cardiomyopathy, apical ballooning syndrome or stress cardiomyopathy by doctors.

The symptoms of broken heart syndrome are treatable, and the condition usually reverses itself in about a week or so.

Risks: Broken heart syndrome affects women far more often than men. It appears that most people who have broken heart syndrome are women 50 or older.

Symptoms: Chest pain & shortness of breath

How is broken heart syndrome different from a heart attack?

Heart attacks are generally caused by a complete or near complete blockage of a heart artery. This blockage is due to a blood clot forming at the site of narrowing from fatty buildup in the wall of the artery. In broken heart syndrome, the heart arteries are not blocked, although blood flow in the arteries of the heart may be reduced.

Tests and diagnosis:

If your doctor suspects you have broken heart syndrome, he or she may use some or all of these exams and tests to make a diagnosis:

Personal history and physical exam, Ectrocardiogram (WCG), Chest Z-ray, Exhocardigram, Blood tests, Coronary angiogram.

Prevention:

There's a small chance broken heart syndrome can happen again after a first episode. There's no proven therapy to prevent additional episodes. Recognizing and managing stress in your life also is very important.

"The above information was sourced from the internet"

REMEMBER: If you have any chest pains – treat it as a heart attack
– ring for an ambulance – call - 000

Storage WANTED Shark Bay Crisis Centre

Until such times the Shire allows us to place proper facilities for the receiving & collection of clothes & household items in the usual place on the Hughes Street road reserve, if anyone has a shed of about garage size storage space for such goods that come in for re-cycling, please could you contact my wife or myself.

Glad to reciprocate with any small maintenance job(s) that needs doing.

Many thanks.
Tim Hargreaves

YOUR MOMENT TO MAKE A DIFFERENCE

Census recruiting in your community!

Up to 2,300 Census Field Officers needed across Western Australia

Make a difference in your community and join Australia's largest logistical peacetime operation—the 2016 Census of Population and Housing.

This year's Census is on August 9, and the Australian Bureau of Statistics (ABS) is looking for dedicated, enthusiastic self-starters to fill more than 2,300 Field Officer positions across Western Australia. If you're tech-savvy, know your community well and are eager to make a difference, the ABS wants to hear from you.

Working on the Census is a great way to contribute to your community. The data you help collect provides an important statistical snapshot of Australia. It supports planning, policy and funding decisions for a range of local services and infrastructure—from housing and transport to health and education.

A few things have changed since the last Census. In 2016, most households will receive a letter giving them a unique login number and instructions on how to complete the Census online. Approximately 65 per cent of households are expected to complete the Census online however paper forms will still be available for households who need them.

Field Officers play a critical role by visiting households, encouraging online participation and ensuring everyone makes the count. And as a Field Officer, you'll earn around \$21 per hour, receive motor vehicle allowances and enjoy flexible working hours. You will also be responsible for daily administrative tasks and the security of Census materials.

You'll need to be a good communicator, reasonably fit, licensed to drive and willing to travel and work independently. Field Officers will also need to have access to home computer and internet.

The positions are part-time and most of the work will be conducted during August and September. People from diverse backgrounds are encouraged to apply.

For more information or to apply, go to www.abs.gov.au/careers. You can also follow the Census on [Facebook](#) and [Twitter](#).

Applications open on Monday, 2 May.

DIRK HARTOG VOYAGE OF DISCOVERY Festival 21-25 October 2016

Following on from our successful March meeting:

An Invitation to attend

COMMUNITY INFORMATION UPDATE

Mark this
date in your
diary

Wednesday 20th July 2016

Recreation Centre from 5.30pm

"Team Shark Bay"

Your expertise and input is welcome and we encourage you to have representation at the forthcoming Community Information meeting planned for Wednesday 20th July from 5.30pm at the Recreation Centre.

• **Who will be there?**

- Dirk Hartog Advisory Committee
- Shark Bay community groups
- Duyfken
- Business & Tourism Association
- Business operators
- Police and Emergency Services
- Community members & volunteers

What will be discussed?

- Update on the Festival Program of events
- Current accommodation supply & demand
- Update on community grant approvals and projects

Please contact Rebecca Stanley or Linda Butterly at the Shire office 9948 1218 if you have any questions regarding the Community Information meeting.

Rural in Reach Westlink Broadcast

Parenting Across the Age Span

The following viewing times are available via Westlink:

DAY	TIME	JULY	AUGUST
Friday	12:00	22	5
Saturday	13:00	23	6
Sunday	14:30	24	7
Monday	16:00	25	8
Tuesday	10:30	26	9
Wednesday	12:00	27	10

Parenting begins during pregnancy and lasts long after. This Rural in Reach broadcast invites a panel from the Womens Health & Family Services program Kids in Focus, to discuss parenting across various ages. The panel will also explore attachment and suggest ways of maintaining this with your children during life's challenges such as separation, trauma and alcohol and other drug misuse.

Please register your interest with your local Community Resource Centre or call Rural in Reach for more information on 1800 998 399

SHARK BAY SCHOOL P&C

It has been quite a busy and successful year so far for the P&C and on behalf of the Shark Bay P&C, I would like to show our appreciation to the following people in our community:

P&C Youth Group

A huge thank you to Bec Moroney who coordinates the local Youth group and all the volunteers that have assisted at one these sessions. To date youth group has had the following community groups come along to

present information sessions so thank you to our local SES, Police, Department of Parks and Wildlife, St John Ambo's, and Midwest Joblink. It also is a big help when people offer their assistance through supervising these sessions with Bec, so thank you goes out to Donny, Kylie, Rick, Belle, Kerry and Esther.

P&C Lunch Fund-raiser

This fund-raiser is a fabulous initiative thanks to Cathy South. Cathy has organised two lunch fund-raisers so far which includes yummy fruit, toasted sandwiches and a drink made available for all the kids who attend the Shark Bay School. 42 orders were placed in May and 62 lunches made on 10th of June. We thank Shark Bay School for allowing us the opportunity and all the parents who support the P&C through purchasing lunch orders for their children. A Big Thank you to Cathy for all her time and effort and her team of volunteers, Anne, Sharna, Jamie and Esther. The feedback from the kids and parents has been very positive and we hope to keep this fund-raiser ongoing throughout the year.

Fishing Fiesta May 2016

The Fishing Fiesta gave many local groups the opportunity to raise funds through catering a dinner to those who attended the marquee in the evening. Cathy South was our wonderful coordinator for this event in which we served up some scrumptious hamburgers and soup which went down a treat on such a cold night. Those who assisted us in making it a successful fundraiser did a fabulous job so thank you to Nola (and for the pumpkin soup), Sietske, Esther, Eloise, Tamara and Brian.

Pretzel Fund-raiser

Although our pretzel fundraiser was stopped in its tracks due to a supplier issue, many people still kindly donated their money anyway. It shows such a great sense of community spirit so a big thank you goes out to Klass, Rosemary Lewis, Judy Britza, Di Perich, Lois Cope, Carmel Keville, Jamie-Lee Hart, Janiene Fox, Marc, Trish, Sue, Gloria, Sue Heriot, Chris, Yvonne, Jamie, Mary, Ryan, Mary, Shannon M, Jill, Errol, Kerry, Trent, Nicko, unknown. We raised an awesome \$214 from your kind donations.

Winter Markets

The next fund-raising event we will be doing is a catering stall at the July Winter Markets. We will be selling hamburgers, soup and drinks. Plumovation have generously donated a fabulous hamper full of 'kiddy stuff' so we will be selling raffle tickets also, thanks Carolyn and Brian!

Next Meeting

Our next meeting will be on Wednesday 27th July 4.30pm at the school library. All Welcome.

Thank you for your Support,

Natt Dulf - P&C President

Hacc Silverchain luncheon

Early in June, all the HACC seniors enjoyed a very nice day out, going for a walk at Eagle Bluff lookout, then lunch at Ocean Park's Ocean Restaurant!

Shark Bay Soccer Club

Back Left to Right: Matt Johnson, Brett, Martin Grenside, Barrett Eastough, Dan Turpin, Luke Porter, Joe Curran, Shaun Burton, Roger Whitelaw, Travis Feist, Damien Gelu Barrett.

Front Left to Right: Byron Francis, Jayden Morgan, Rhett McGill, Carl van Oldenvorgh, Wade Bronaham, Nick Root & Jack Middleton, (missing in the photo David Harrower)

Saturday 18th of June, Shark Bay Soccer Club hosted its inaugural match against Geraldton's Olympic Soccer Club.

The day was a great success with the turnout both on and off the field. Olympic triumphed in the end, although the final result left everyone with a sense of achievement.

The dream of forming Shark Bays first Soccer Club became a reality last November when we received a generous grant from the Shire. We were able to purchase team uniforms and all necessary equipment to host this sort of event. With the indoor soccer's popularity growing, it was time to take it another level and test our limits against some professional opposition. Olympic, being the champions of their league for the past four seasons, became that test for Shark Bay. As daunting as this task was it never showed on the field as, no matter how much they scored, Shark Bay never gave up and pushed them to the very end. A point that was made post match from the Olympic coach Bradley Pass, who praised the home team on their determination to always push on when other teams would have faltered.

Shark Bay Soccer Club would like to thank the following:

The Water Corporation for their generous donation of bottled water for the game, the Bowling club for providing delicious platters for the players post match, the Community Resource Centre for their help in organising the event and in the designing of our crest, the Shire for the funding to put this event together, Shark Bay Sport and Recreation Association for their support throughout this whole experience and the supporters who came down to cheer on their team.

A special thanks obviously must go to the Olympic Soccer Club for making the journey and participating in what was a wonderful day. This event has brought both clubs and towns closer together and now there are plans for the Shark Bay boys to travel to Geraldton for a rematch.

Lastly I would like to thank the Shark Bay players who have showed determination and desire for this event to go ahead and look forward to seeing you represent our town once again.

Joe

Steep Point was an early start to our fishing day. We had to get up at 5am, have some breaky then set up my gear. I went on our boat Yellow Canary with Uncle Brett, Mum. It was pretty rough that day as we fished in 75 meters of water. On mum's first drop she caught a Nor-West Blow fish. It was funny. Then on my first drop I caught a double header of Passion Cod that I caught on my smorgasbord of bait on the electric reel and rod. They were good eating. I didn't feel to good, but I wasn't sea sick, I had a bad headache. I only felt better after moving a bit. All I needed to do was vomit and then I was good.

We went closer to the rock cliffs and fished in about 20-30 meters of water. We could see people float fishing off the cliffs. Our spot was near a big ledge and rock, what we now call Coronation Rock because on Mum's first drop she hooked up to a fish that took her straight under a ledge. Uncle Brett used his skills and got it out. It ended up being a nice Coronation Trout. Then I dropped in my line and had probably the best fish of the day but I got sharked. "Sharks only eat good fish" Mum tells me.

When we got to the cliff spot there was big seaweed patches floating. Uncle Brett reckons he saw Dolphin Fish swimming under the weed so we stopped and dropped our lines in. Lots of whales swam past heading up to Turtle Bay and it was funny because every time Mum got her camera out they went under the water. We saw a big cargo ship heading to Geraldton to.

On another day we went on an adventure to Herald and Louisa Bay. We started trawling and after 30 seconds I was already on. I got a little excited and went to hard, and pulled

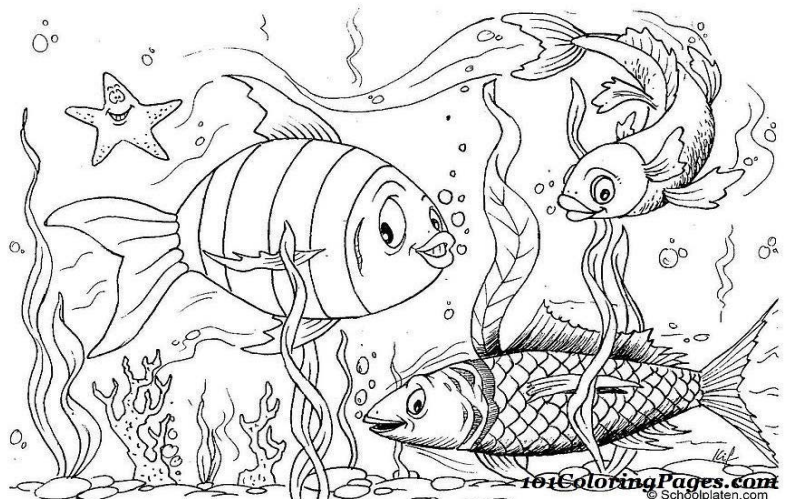

the hooks from the fish's mouth so it got off. Then Uncle Brett let another rod out and it went off after 4 minutes. We thought it got off but it turned out to be a tiny lizard fish which was 27cm. We saw lots of giant Tusky's which must have been fully grown and super huge.

Me, Mum, Uncle Brett, Dad, Tayla, Kade and Mia went squidding out the front of Denham. Kade caught the first squid on a goldie colour jig. Then Dad hooked and landed a monster squid and we were wondering if it was heavier than the squid I caught and won heaviest squid at the Fishing Fiesta for. It wasn't heavier, it was only 550 grams. Mia caught a squid which fell off just at the boat but Dad was quick and grabbed it in the water with his hands.

So back to fishing again seeya soon.

Seth Burton

P.S. Never eat smarties on a rocky day

Shark Bay Christian Fellowship And Crisis Centre

Under the auspices of the Shark Bay Christian Fellowship and working in conjunction with the Department of family and Community Services, and the WA Council Of Social Services (WACOSS)
Established 1983

England spearheads the lead in severing the chains that shackled the British to the European Union. Herewith some secular facts & Biblical insights.

In this month's Inscription Post let us firstly look at *some of the benefits* arising out of **Britain** exiting the E.U. as ordinary Britons see things.

Sovereignty. The ability to control her own destiny once again. There is hardly an area of life since joining the E.U. some 40 years ago that Bureaucrats – NOT elected representatives – in Brussels have assumed control to determine what goes. This applies to the most jealously guarded institutions of national life such as the **Justice system** going back to the Magna Carta in 1215. Hence such expressions as **Freedoms own Isle**. British Common Law is based on the Old & New Testaments of the Bible – hence the term the Judean/Christian heritage of the Anglo-sphere or the English speaking countries spawned by England i.e. Britain, America, Canada, Australia & New Zealand.

A critical area is that of an individual being presumed innocent until proven guilty.

On the Continent of Europe – excluding the Scandinavian countries – most of the Laws are based on the **Napoleonic Code**. This is based on Roman Catholic Canon (or Church) Law. The onus is on the accused to **prove** they are innocent. i.e.. there is the unwritten but automatic assumption of your being guilty until you can prove otherwise..

Financial. In 2015 the UK government paid **£13 billion to the EU budget**, the second largest contributor of the E.U. **EU spending** in the UK was a paltry **£4.5 billion**. British taxpayers' monies have long been used to prop-up debt-ridden EU member countries with subsidies & paying the phenomenal costs of Bureaucrats & Politicians in Brussels. Typical of what are seen as rorts was a Brussels proposal to build a **House of E.U. History** at a cost of **Euro's 1.4 billion(!)** whilst British unemployed are forced to queue for Food-bank vouchers to feed their families.

Britain being the 2nd largest economy in the E.U. (& the fifth largest national economy in the world) pays the 2nd largest net contribution to the running costs of the E.U. Britain is a key element in the continued viability of the E.U. No wonder scare tactics were used to try & prevent her leaving. Left un-said by the 'experts' is the fact that London is the major financial centre of Europe... the Euro, whilst the major currency in Europe, is none the less 2nd to the U.S. Dollar internationally and Britain having closer ties to the USA by virtue of their shared Anglo-Saxon 'kith & kin' heritage, is viewed as a threat to the E.U. in its hoped-for world dominance.

The last two major conflicts of history proved that blood is thicker than not only water but thicker than political alliances.

The current market fall is NOT all due to BREXIT. Financial assets everywhere are very over valued and the world is teetering on the edge of recession, a credit and a currency crisis. There is underlying fear, nothing to do with BREXIT which the central Banks would love to use as an excuse for more referendums with scare tactics & blaming the Brits.

Defence. Britain has the largest, best equipped, efficient & most respected Army in Western Europe. Had Britain stayed in the E.U. Brussels had plans in motion for the absorption of Britain's over 400 year old standing Army into an EU Force with the Oath of Allegiance to the Monarchy dropped. Such a proposal is of course anathema to the average Briton.

Immigration. With successive waves of North African & Middle East

Moslems passing the 1 million mark flooding into Europe, Britain – as with the other European countries – is increasingly apprehensive of not just the terrorist threat but the already overstretched welfare bill. Further, the nigh-on impossible ability to control this 'invasion' by Middle East refugees has revealed just how little Sovereignty the E.U. member States have left with which to control their borders. Brussels determines the quotas.

Background. The E.U. started as a proposed European Alliance of 10 member Countries with the main intent of averting a repeat of the 1st & 2nd World Wars. A shared currency & open frontiers with 'free' trade between those 10 member countries would ensure another major conflict would be a thing of the past. All citizens of these 10 countries would share a common citizenship & accompanying E.U. Passport. It sounded good – a multi-cultural idyll of every one living happily together. Such grandiose plans for **Societies have** to rely heavily on **Socialist ideals**. The thing is one cannot actually use the word Socialist or Socialism in this day & age.. That wording brings uncomfortable images to the minds of the entrepreneurs of any society i.e.the **common good** ... **equality** ... **shared** resources ... Hitler used the word to describe his utopian State – **Nation Also ZiaISM** but back of it was a ruthless right wing Fascist driven elitism.

Karl Marx gave the world the opportunity for a similar idealistic society called Communism but lest the root word Commune with the implications back then of individualism curtailed, the Russian ideology was called the **Union of Soviet Socialist Republics**. Its manifesto was the of the idealism of the international Brotherhood of Mankind... a shared Utopian dream of a classless society... Like Hitler's **Mein Kampf** & his accompanying oratory skills, the content of Karl Marx's **Das Kapital** when spoken by eloquent men &

women hypnotised & swayed the masses who both men – as a reality of the human condition pointed out by Jesus – found could be easily led like sheep. And in both cases the sheep were led to their slaughter.

The end reality of the Communist dream

under similar power hungry megalomaniacs was an estimated death toll of between **85 to 100 million civilians in the USSR gulags as opposed to the figure of 11 million civilians under Hitler's regime**. (Note I have not included the additional millions of men & women in the respective Armed Forces.)

Thus since World War 2 the operative word is **Democracy**. Like Communism & Socialism the ideals are & do sound fine But if expounded upon & exercised by Godless men & women the fine ideals turn to ashes in the mouths of the followers.

Look at what has recently happened in the Middle East with the so-called Arab Spring.. As the citizens of all these countries have shouted '...we want Democracy & pulled down the statues of the likes of Gadafi & Saddam Hussein we subsequently witness the wholesale destruction of cities & communities & the misery of streams of fleeing refugees.

In essence the E.U. with its roots in the such powerful organisations like the Bilderberg Group & Freemasonry started with – take note – the Treaty of Rome in 1957 - involving just 6 countries - Belgium, France, Italy, Luxembourg, Netherlands, & West Germany.

The Constitutional ideals were wonderful – ...Human rights ...Freedom of speech ...shared Currency ...shared Borders ...shared Passport ...shred Agricultural policy ...shred Military force ... a One World Church ...etc . Another man made Utopian dream with – take note – despite the reference to some sort of a Church – absolutely no reference to Almighty God as in the case of the Constitutions of the English speaking countries of the Anglo sphere as we have mentioned – Britain, America, Canada, Australia & New Zealand.

I make no apologies for drawing such meaningful facts to your attention. ***The English speaking countries of the Anglo-sphere have - despite their back slidden estate - as a basis for their whole Government & Justice system the Bible with its Christian & specifically Protestant understanding of the Bible.***

The E.U. most certainly does not acknowledge God in its Constitution as likewise most of its Continental members. The Scandinavian countries (Protestant) are the exceptions & interestingly the Poles (a Catholic country) who maintain their identity with God in their Constitution, find the Atheist stance of the E.U. a sticking point. Norway, like Switzerland & now Great Britain are the 3 countries of consequence, outside of the E.U.

In Bible prophecy 10 nations are referred to in Scripture in what are called end-time scriptures. In the Old Testament the Book of Daniel ch. 7 v/s 24 & in the New Testament the Book of Revelations ch 17 v/s 12 confirms Daniel's prophecy.

By 1995 10 nations made up the nucleus of the E.U.

They were (Belgium, France, Germany, Greece, Italy, Luxembourg, the Netherlands, Portugal, Spain, and the United Kingdom.

The inevitable pursuit of power on the part of those who pursued an Agenda for ultimate World domination via the European Union has enabled the original membership of 6 members to grow to 10 & now stands at **28!** They are - Austria (1995)Belgium (1958)Bulgaria (2007) Croatia (2013)Cyprus (2004)Czech Republic (2004) Denmark (1973)Estonia (2004)Finland (1995) France (1958)Germany (1958)Greece (1981) Hungary (2004)Ireland (1973)

Italy (1958)Latvia (2004)Lithuania (2004) Luxembourg (1958)Malta (2004)Netherlands (1958) Poland (2004)Portugal (1986)Romania (2007)

Slovakia (2004)Slovenia (2004)Spain (1986) Sweden (1995) & the following waiting to be accepted - Albania Montenegro Serbia The former Yugoslav Republic of Macedonia Turkey Bosnia Herzegovina & Kosovo (whew!)

Let's see what the Bible portends for this re-emergence & re re-structured Holy Roman Empire in next month's Inscription Post.

DUYFKEN SET FOR WEST COAST VOYAGE TO CELEBRATE 400TH LANDING ANNIVERSARY

A replica of the Dutch ship Duyfken will sail from Fremantle to Bunbury and then up to Dirk Hartog Island as part of the State Government's celebration of the first recorded evidence of Europeans to set foot on Western Australia 400 years ago.

The Duyfken, built in Fremantle and launched in 1999 at a cost of \$3.7 million is an authentic replica of the little Dutch ship built around 1595, which was the first historically recorded ship to make the voyage to Australia some 10 years before Dirk Hartog arrived in his ship the Eendracht.

WA Premier Colin Barnett says it's fitting the Duyfken is involved in the celebration of the 400th anniversary of Dutch VOC captain Dirk Hartog's landing at Dirk Hartog Island off Shark Bay on the WA coast. "The anniversary provides a real opportunity for Australians to learn more about the Dirk Hartog story and our early maritime history," he said.

The ship departs Fremantle on August 20, for Bunbury, then Mandurah, Hillarys, Jurien Bay, Dongara, Geraldton and Denham before heading to Cape Inscription on Dirk Hartog Island. Members of the public are also being given an opportunity to buy a berth aboard the ship for each leg of the journey at \$250 for each 24-hour period. A ceremony is planned at Cape Inscription where a plaque will be unveiled.

Mr Barnett is expected to attend the ceremony and it's anticipated a flotilla of boats will accompany the Duyfken as she moors off Dirk Hartog Island. After a four-day festival in Denham the ship will sail back to Fremantle, arriving on Sunday November 6.

The Duyfken will be open for public tours at each port of call and thousands of school children who are studying the State's European History will be visiting the ship as part of the curriculum.

School groups and members of the general public will be able to go aboard and discover the challenges experienced by the 'Dutchies' in their quest to grow the trade from the East Indies.

Tickets are available from Ticketek at \$12.74 for people aged 17 and over and \$5.10 for five to 16 year-olds. Lotterywest has funded repairs to enable the Duyfken to make her commemorative journey as part of the celebrations.

For more information contact Helen Ganska on 0418 863 401 or Allen Newton on 0423 846 067 from Newton Ganska Communications.

For the general public to go on board this historic ship when it is
in Geraldton and Denham and all the ports on the voyage.

SAIL BACK IN TIME - TRAVEL IN THE STEPS OF DIRK HARTOG

**14-24 October
2016**

This year, STS Leeuwin II sails back in time to celebrate the 400th anniversary of Hartog's landing with his ship Eendracht.

The STS Leeuwin II is a 3-masted barquentine with over 810 square metres of sail and an overall length of 55 metres. The Fremantle based tall ship, which was built at

Henderson and launched in 1986.

The specialized Dirk Hartog Voyage departs Fremantle on 14th October, arriving at Shark Bay on 21st October to ensure participants can enjoy the Shark Bay 1616 Festival organised by the WA Government and Shire of Shark Bay.

Anne-Marie Archer, Chief Executive Officer at the Leeuwin Foundation speaks about what makes this voyage a stand out of the 2016-17 Season.

'This once-in-a-lifetime opportunity will cater for 40 history and sailing enthusiasts aged over 18 years old,' she said.

'The STS Leeuwin II is a 344-tonne working ship so participants are expected to take part in several aspects of ship operations from sailing, steering and navigating to cleaning the ship and climbing the mast.'

'Michael Gregg, WA Museum Historian, will join the special voyage and share more than 400 years of European-Australian maritime history covering visits by Dutch, French and British Explorers,' she continued.

'Our package includes the 8-day sailing program, on board meals, resident historian, transfers, shared accommodation and return bus to Fremantle. Not to mention – a once in a lifetime opportunity!'

The Leeuwin Foundation is an award winning provider of personal development and leadership programs that provides key life skills for young people aged 14-25 that they will take into their studies, careers and community.

For more information on the Dirk Hartog voyage visit www.sailleeuwin.com or contact the Foundation at office@sailleeuwin.com or on (08) 9430 4105.

Dirk Hartog 2016

This amazing 11-day return package includes:

- 8-day sail up the Coral Coast from Fremantle – Denham
- On board meals
- Passing the Abrolhos
- Working tall ship experience
- Resident Historian onboard Michael Gregg
- Shared accommodation from Friday - Monday
- Bus from Denham to Fremantle departing Monday 24 October at 7am.
- Opportunity to engage in activities at the Shark Bay 1616 festival.
- Once in a life time experience

Other Options

If you would prefer the option of private or resort accommodation and/or flights, this will be at your own expense – please note to book early as during this busy period there is limited alternative options available.

**DIRK HARTOG
COMMEMORATIVE
VOYAGE**

Adult Voyage | 14 - 24 October

Sail in Dirk Hartog's steps

The STS Leeuwin II, Western Australia's very own tall ship, will join in the celebrations of the Dirk Hartog's 400th commemoration at Shark Bay.

We invite sailing enthusiasts of all ages to travel in Dirk Hartog's steps on board the STS Leeuwin II, a 3-masted barquentine with over 810 square metres of sail and an overall length of 55 metres.

A once in a life time opportunity

The STS Leeuwin II is a working ship and voyage participants will be expected to be involved in all aspects of ship operations from sailing, steering and navigating to cleaning the ship and climbing the mast.

Cost?

The voyage cost is \$3,600. The Dirk Hartog Commemorative package price includes the 11-day program of voyage, on board meals, resident historian, transfers, shared accommodation & return bus to Fremantle. Please note that participants must be over 18.

The Dirk Hartog commemorative sail is part of DIRK BY SEA, an joint initiative from the Leeuwin, the South of Perth Yacht Club and the Fremantle Sailing Club. DIRK BY SEA provides sailing and history enthusiasts with two amazing options to travel by sea to the Dirk Hartog Voyage of Discovery: Shark Bay 1616 Festival later this year.
