Local news from...

SHARK BAY POLICE STATION

Durlacher Street, Denham WA 6537

COMMUNITY NOTICE - 27/03/20

Shark Bay Police would like to affirm and reiterate the Governments message about essential and non-essential travel.

If you have a place where you permanently reside, please do not come to Shark Bay. Now is not the time for a holiday, a short break or a fishing trip.

Ask yourself, can I self-isolate? Can I be in lockdown if it is placed upon me?

Self-isolating is not possible if you are using shared facilities with other people. Shared bathrooms, shared kitchen facilities and showers can and will cause the virus to spread.

The virus cannot spread if you are at home and stay at home. If you avoid socialising with others, you cannot contract the virus. If you leave your house, practice social distancing.

Do not panic and follow the directions from the government and the Commissioner of Police.

COMMUNITY NOTICE - 25/03/20

Shark Bay Police would like to update you and reassure you in this time of uncertainty. We know that there are concerns in the community.

As the days go by and new changes are made, it is our task, along with other corporate bodies, to implement these changes and advise as much as we can.

On the state emergency being declared, a local incident management group was formed, consisting of local emergency service members, medical professionals and shire officials.

Members of this group are:

- Graeme Bond - Police
- Rich Butterworth - Police
- Joe McLaughlin - SES
- John Hascombe - Pharmacy
- Karen Gidgley - St Johns
- Kelly Pedersen - St Johns/ Retailer
- Paul Anderson - Shark Bay Shire
- Dianne Few - Silver Chain

At these meetings, local concerns and issues are identified and discussed. These concerns and issues are then investigated through a chain of command of the relevant department and legalities of the task are checked.

Other stakeholders DBCA, Caravan Park Owners etc have been consulted and participated in these meetings as necessary.

As we all know and see the situation is constantly changing but we aim to keep up with the changes and act in the best interest of the community.

The Shire of Shark Bay, Shark Bay Police and all Shark Bay Emergency Service workers and volunteers have your best interest at heart.

We need community members to listen to the advice and directives of the Health Department, the Prime Minister and the Commissioner of Police.

For up to date Covid-19 information please check the below website. Please be patient. <https://ww2.health.wa.gov.au>

marbles, large connect 4 and croquet.

The Shark Bay CRC would like to thank specifically Natt, Bec, the Shark Bay Youth Group members, our local Shark Bay Entertainers, Candice & Bryce, the Shire of Shark Bay and Department of Local Government, Sport and Cultural Industries for making this event possible by grant funding.

World Harmony Vision 2020

The Shark Bay CRC hosted a World Harmony Vision 2020 event at the Recreation Centre on Saturday 14th March, allowing individuals a chance to experience our own version of a trip around the world.

66 travellers came through our airport terminal, firstly visiting the disinfectant (hand sanitizer) station and receiving their own Shark Bay Passport. Their journey started by following the rope lights on the hallway floor to the travel check in area. Passports were verified by our customs and immigration volunteers with all travellers fingerprinted. Numerous suspicious individuals were pulled aside for random checks through our metal detector. On a positive note everyone was cleared (haha)!

Once clearance was granted through our airport terminal, visitors were able to travel between various destinations including Ireland, Hawaii, Britain, Malaysia, Japan, Ukraine, Finland and Egypt. Each destination included activities, word sleuth's, souvenir's, or crafts as well as a sample of food from that country. The food samples were popular and included;

- Ireland - Day Ahead Coffee Cake
- Egypt - Ghorayebah cookies
- Britain - English Muffin Pizzas
- Japan - Japanese Green Tea Meringue Cookies
- Ukraine - Varenyky (dumplings)
- Malaysia - Tasty Sujee biscuits
- Finland - Piparkakut (gingerbread biscuits)
- Hawaii - Easy Brownie Cookies.

We thought our travellers wouldn't enjoy spam, which is a popular food coming out of Hawaii.

A variety of interesting games were played and included hula hoops, drink bottle skittles using a coconut as a ball, table tennis, finska, ping pong/ bucket game, dice games,

Opening hours reduced

We realise the community is busy transitioning services to a delivery mode that will allow continued community support whilst providing a safe working environment for all during this COVID 19 outbreak.

Our staffs individual safety is the most important thing – not taking risks – as there are no medals for those who stay open longest or decide to risk service delivery if not safe – remember you – your staff and your family's safety is priority 1. The Shark Bay CRC has amended our opening times and will be open the office only Monday to Friday between 9am - 12pm unless prior appointments are made. Staff will continue to assist the community with their needs during these times as well as by working from home outside these designated hours.

Whilst we struggle with the constant changing of daily life as Government introduces more stringent process to help keep us safe – we need, when time permits to be planning and plotting what the future is for our CRC as we want to be ready to hit the ground running when communities are once again able to interact and connect face to face. This will be a mammoth task and our CRC will play a vital role in this, after all its what we do best - connect, assist and build community capacity.

Suggestions...

As all businesses and organisations will be looking at their opening times, we suggest using positive wording around community notices and any formal notices especially to funding organisations. There is a perception that some businesses are closing down in our community completely when in fact for example our CRC is not "closing" we are simply introducing innovative ways to deliver services in the midst of the current crisis we are all facing.

So try not to use "closing" instead tell it like it is – following government direction and where possible creating a safe work environment so our organisation/business etc can continue to provide essential services where possible during the difficult times we are all facing.

On a much brighter note we have to virtually bow down to you all and express how impressed we are by how as a community we have collectively responded and continue to respond to the current evolving crisis. You are demonstrating true leadership and have not just focused inward but are indeed making sure business and community are being supported on multiple levels.

Cheers
Jamie Burton

Community Clean Up

A HUGE thankyou to the 33 community members who volunteered their time at our community clean up on Sunday, 8 March 2020, supporting the Clean Up Australia initiative. With your help, a range of rubbish items was collected from the Denham foreshore, our streets and Little Lagoon to help protect our world heritage listed environment. Keep up the great work Shark Bay community!

BBQ breakfast will be provided to participants after the clean-up

Community Assistance Grants Round 2

This funding was scheduled to open in April, however due to the current COVID-19 impact on restrictions for events, the Round 2 funding will not be available to our local community groups/organisations.

The Shire will implement this funding program later in the year, once event restrictions have been removed. Further details will be informed closer to date.

Shire President's Report

COVID-19 VIRUS PANDEMIC

As everyone is aware, the virus is spreading at the rate of knots and new measures to control the outbreaks are being introduced almost daily, so by the time you read this report additional restrictions will likely already be in place!

At the March Council meeting, my media release in regard to the non-essential travel guidelines and advice to the public regarding our limited health infrastructure and services in Shark Bay, was fully supported and endorsed by councillors.

Restricted Travel Between WA's Regions

There has been calls for the Shire to close Shark Bay roads to travelers to the Bay who are not adhering to the 'non-essential' travel guidelines. However, the Shire has no authorisation to close State roads unless directed to do so by Main Roads. The WA Premier has recently advised that travel restrictions to and from WA's nine regions will commence from midnight on Tuesday 31st March in a bid to slow down the spread of the virus across the State, with only a few exemptions applying to travel between the regions.

REX Airline Services

REX has been partitioning the State Government for funding to ensure that its air services in WA can continue to provide vital services to regional areas. Smaller regional airlines like REX are struggling to maintain capacity to operate across their networks. The State Government has now announced it is providing financial assistance towards maintaining REX services to regional WA initially for three months, then will be reviewed. Airport owners are also assisting by removing or reducing fees at many airports. As from April, the Perth-Carnarvon-Monkey Mia (Shark Bay) route will have two (2) return flights per week. Please visit REX's website <http://www.rex.com.au/> for full flight schedules.

Council Rates, Fees and Charges

Many restrictions which have been put into place will have economic and financial implications for businesses and also families. At the March meeting, Council resolved not to increase any Council rates or fees and charges for the 2020-21 financial year.

In order to continue to provide the current high standard of essential services to the local community without an increase in revenue, councillors resolved to forego all sitting fees and allowances applicable to their role and instructed the Administration to also identify future budget savings in operating costs and purchasing. These measures, along with cancellation of councilor training and conference attendances, will ensure that the community continues to receive a high level of essential services whilst overcoming this pandemic.

Please Help!

The Shark Bay community is renowned for its ability to work together in times of crisis and uncertainty. Let's do so again and keep our community protected by following the social distancing rules, restricting our travel to essential only and following the directives of those in leadership who are tasked with defeating this virus.

We need to all work together so we can keep our community safe.

Cheryl

Grants Available

Department of
Local Government, Sport
and Cultural Industries

Department of Local Government Sport and Cultural Industries – Division of Racing, Gaming and Liquor

Gaming Community Trust - Grants Program 2020

By way of a quick summary, the grant is open to not-for-profit organisations and local government authorities to undertake projects or initiatives that will benefit the WA community in at least one of the following categories:

- Family (including youth and the disabled);
- Homelessness;
- Rural/remote communities;
- Environment; and
- Cultural.

The Trust is quite keen at the moment to prioritise projects that address homelessness, domestic violence and/or projects that benefit remote communities.

The Trust generally won't approve programs that are of an ongoing nature, unless it can be demonstrated that the project will become financially sustainable (without relying on further grant funding) in the future. For example, recently a grant was not approved for a pilot project whereby the

project evaluation would be used to try to obtain ongoing dedicated funding for the program from the Department of Communities. They are also hesitant to approve projects where a large component is for staff wages, unless the staff members are only employed to undertake a discrete project.

Examples of some projects that have been funded include:

- An education program whereby registered nurses were employed to travel around the state and provide education on epilepsy (and training to health care professionals) over a three year period.
- Funding to establish a basketball club in a remote Aboriginal community.
- Funding to build/fit out new men's shed premises.
- A social enterprise project whereby disadvantaged youth were taught to build flat pack chalet style accommodation at a scout camp, thereby increasing their skills and employability.

If you would like further information, please call 6551 4820. The Trust only meets on an ad hoc basis so please contact Racing, Gaming and Liquor to find out about application deadlines etc.

The SBCRC has a copy of the grant application kit which we can forward on to relevant parties as required.

AMP's Tomorrow Fund is still open, offering \$1 million in grants to amazing Australians doing great things in your community.

Now in its seventh year, this annual grants program is open to individuals of all ages and walks of life who are working towards a better tomorrow – be it through creating something special or inspiring others. Any Australian working in any field – including art, athletics, social enterprise, technology, health, music and more – can apply.

Grants of between \$5,000 to \$100,000 can cover a range of activities, including training, travel and equipment costs, living expenses, rent and research.

Applications close at 4pm (AEST) on Wednesday 15 April. The AMP Tomorrow Fund website's Tips and Tools section includes FAQs, a downloadable fact sheet and sample application. It also includes profiles on past recipients, known as AMP Tomorrow Makers.

If you require more information visit;

DENHAM IGA X-press

GROCERY HOME DELIVERY

Kellee and Rob would like to offer our senior local customers in Denham the opportunity to contact our store direct via phone or email to request grocery orders.

Currently as we progress globally through difficult times with COVID-19 virus, we would like to assist where needed to limit your unnecessary exposure to large crowds of people in and around Denham.

The Easter holidays are fast approaching and with this we will see a large increase in tourist numbers, hence more exposure. So in order to assist we are offering this service and a home delivery straight to your door.

Please email or contact the number listed below and speak with Kellee or one of our friendly staff and we can arrange an order for you.

Thank you and keep well.

COVID-19 (CORONAVIRUS)

CHECKLIST FOR OUTDOOR RECREATION CLUBS

Convene a committee meeting

IMMEDIATELY

Hold a meeting of your club committee or board of management. Identify volunteers to take on the following roles and responsibilities:

- Emergency Liaison - main contact person
- Communications - club statements and media
- Membership - keep members up-to-date
- Administration - maintain good record keeping
- Finances - check club liabilities

Practice 'social distancing' and use online videoconferencing software to hold the meeting.

Member Communication Strategy

NEXT

Make sure your members know:

- Whether any club activities will continue
- Any cancellations/postponement of events
- What the Club committee is doing to respond
- How to practice 'social distancing' while recreating

Update your Facebook page

THIS WEEK

- Provide a COVID-19 Response and pin it to the top of your Facebook page.
- Make sure FB events are cancelled/removed.

Update your website

THIS WEEK

- Provide a COVID-19 Response Statement
- Make sure events are showing as cancelled
- Ensure contact details are easy to find

Visit the GSCORE website for an example of a COVID-19 Response statement (www.gscore.com.au)

Events and Activities

COMING WEEKS

- Provide members with advice on ways to continue exercising and enjoying the great outdoors
- Remind club members to practice 'social distancing'

STAY HEALTHY, REMAIN POSITIVE, GET OUTDOORS - SAFELY

This information has been provided by the Great Southern Centre for Outdoor Recreation Excellence
www.gscore.com.au

The Friendly Hub

Shark Bay's Friendly Hub group has been well attended during March, prior to the group gathering closures as a result of the COVID 19 outbreak.

4th March - Our group visited the Shark Bay Bakery with 18 people attending. We were well looked after by baker Jeremy and Lisa. Great work Patricia for organising this excursion, everyone enjoyed themselves.

11th March - Morning tea and games was on the calendar for the 11th and included 21 individuals. Julie Robins assisted to facilitate this weeks gathering and also brought along a variety of delicious morning tea treats. The food was delicious which explained why there was none left over!

18th March - Although COVID 19 had just started to impact the wider WA communities outside of Perth, we weren't yet advised to cease our weekly group gatherings. Everyone was aware of the health concerns, however we met for morning tea and a interesting presentation from David Lergessner regards Tsunami's with 13 attending.

Unfortunately we will resume our weekly meetings once advised by the Government that it is safe to do so. In the mean time, don't forget you can have a weekly catch up via Skype or Facetime from the comforts of your own home.
by SBCRC Staff

PATRON: THE HONOURABLE KIM BEAZLEY AC, GOVERNOR OF WESTERN AUSTRALIA

MEDIA STATEMENT

16 March 2020

RSLWA has cancelled the conduct of all ANZAC Day commemorations as a result of Friday's announcement by Prime Minister Scott Morrison, backed by the Commonwealth's Chief Medical Officer and State Premiers.

The Prime Minister and state and territory leaders want all non-essential gatherings of more than 500 people to be suspended from this Monday amid fears about the continued spread of coronavirus.

RSLWA State President Peter Aspinall said that the decision of the Prime Minister and state leaders means that the traditional ANZAC Day 2020 services in the Perth CBD, namely the Kings Park Dawn Service, the Street Parade and the Commemorative Service, will not take place.

The State President and his Board have considered all relevant advice and have made the regrettable decision that it is necessary in the interests of veterans' health and safety to cancel all Anzac Day commemorative services in WA this year.

He said that, while RSLWA commemorations could still be held with gatherings less than 500 attendees, the risk is still too high.

As such, the Board is to advise its 125 Sub-Branches throughout the State that all commemorations on ANZAC Day be cancelled.

"RSLWA has a duty of care to its members and all veterans – many of whom are elderly and the most vulnerable as the coronavirus worsens," Mr. Aspinall said.

"Irrespective of how many veterans turn out, the risk is still too great. This is a very difficult but necessary course of action, especially considering our duty of care and the vulnerability of our older members."

RSLWA has the strong support of the Australian Medical Association (WA) to cancel all commemorations.

"For us, one death of a veteran, a family member or any member of the general public as a result of attending a RSLWA-organized service is one too many," Mr. Aspinall said.

The safety, health and welfare of all veterans and their supporters is paramount and, while cancelling the iconic and traditional ANZAC Day services is sad, health and wellbeing come first.

RSLWA will be looking at others ways of recognition of those who served and those who died but not in the form of public events on ANZAC Day.

Media Contact: RSLWA Chief Executive Officer, John McCourt. Mobile: 0429 946 777

Shark Bay P & C Assoc.

As you are all aware Australia has entered into uncharted territory and I am writing to you in what are trying and unprecedented times for all. The impacts of the COVID-19 pandemic has resulted in decisions which we believe follows Government and Health regulations and is a priority for the safety and wellbeing of all in our Community.

Regrettably all upcoming P & C events and fundraisers are postponed or cancelled. These decisions have not been made lightly however the safety of school staff, children, volunteers and community is our priority.

Luckily, we did manage to get a couple of fundraisers in before the world went crazy. I would like to thank the volunteers that helped with the School Lunch fundraiser: Jamie, Emma, Tegan and Sharna. We raised a happy \$238.24. Also to Claire H for starting the Blind Footy Tipping Comp, thank you. We don't know what will happen with the rest of the season but for now it has been postponed until the end of May. The P&C Committee will then be able to decide as to what we will do about the Footy comp pending the AFL's outcome.

On a positive note we have had some generous sponsors even in this uncertain time. A massive thank you to the following businesses and clubs for their donations:

- Shark Bay Fishing Club
- Shark Bay Speedway
- Burton family
- Shark Bay Community Resource Centre (SBCRC)
- Shark Bay Hotel
- Denham Seaside Caravan Park
- Shark Bay Marine & Hardware

Thank you for your support, remember to stay safe, keep calm and be kind to each other.

Natt Dul – On behalf of SB School P & C Committee President

Shark Bay Fishing Club

It is with great disappointment that the Shark Bay Fishing Club Committee has come to the hard decision to cancel this year's Fishing Fiesta. As we are not just a fishing competition, but a week long event of community activities & entertainment, taking into account the restrictions now been put into place it seems impossible to be able to run a fiesta to the standard we have all come to love.

Once again, we thank you all to the moon & back for your ongoing enthusiasm and support towards our Fiesta year in year out.

We look forward to seeing you all safe & happy in May 2021!

Brian Child - President

Shark Bay Speedway Club

We have decided to delay the start of our season to a later date, what that date will be we are unsure of yet. the goal is still to run 4 meetings this season on our track and 1 in Carnarvon. Please understand that may not happen at all though. We have been working closely with Carnarvon Speedway to see what we can do but everything is up in the air at the moment.

On a positive note for the club we have been reshaping the track. Obviously with shifting the main straight wall out 3 meters a lot of dirt had to be shifted, so cheers to everyone that is helping make this happen.

Mick Reynolds - President

Kindy Gym

Thank you Claire for volunteering to run the Kindy Gym session whilst we were short staffed at the SBCRC during March. Myself and all the Kindy Gym parents and their kids really appreciated it as it ensured the program continued in our absence!

We have closed Shark Kindy Gym sessions until further notice. Our staff will be washing all the equipment in the mean time for safety and health reasons. Thanks to everyone for your patience and understanding in regards to this matter.

Kind Regards
Miss Natt and the SBCRC team

In a time of uncertainty & generally a lot of worry, it was a great turn of events to shut off for the evening for a bit of fun training.

Following on from our previous exercise night, it was decided we all were after some much need information on how to safely use our stretchers.

With one human dummy in tow, we all went through our paces on how to correctly apply first aid to a suspected broken arm & injured hip. Once administered, the patient was safely loaded onto our stretcher to be transported to medical attention.

A big shout out to Derek & Joe, for spreading your knowledge and giving us all guidance throughout the training night.

Please be aware, due to the Covid-19 outbreak all training nights have been cancelled until further notice, but SES Shark Bay is still available for any callouts that may come up.

Stay safe and be kind to one another.

Emma Lockhart

For more information about SES, what we do, training opportunities, or just want to join, ring our Local Unit Leader Joe 0419 902 895 or the SES Duty Phone 0429 481 218

Thank You!!!

Having realised I'd bitten off more than I could chew with an IKEA wardrobe, I asked the Men's Shed for help. David and Carlos were kind enough to take on the task and, with patience and good humour produced great results. The Shed is a doubly useful community facility.

Neroli Needham

Buying a demo? Know your rights

Demonstrator vehicles, used by car dealerships to allow customers to take a test drive, can be a great way to get into a new model car at a lower price when the dealership comes to sell the demo.

But car buyers are often confused when it comes to the warranty on these vehicles. Many are led to believe that the warranty starts from the date the dealership registers the vehicle. This is not correct.

The manufacturer's warranty starts from the date the buyer signs the contract to purchase the vehicle.

If you purchase a demo from a dealership in WA, under the

Motor Vehicle Dealers Act, you are entitled to the full period of the manufacturer's warranty from the date of purchase.

The only variation from purchasing a new car is that the kilometres travelled by the demo will be deducted from the kilometres covered under the warranty.

There is no need to purchase an extended warranty to cover any gaps in the warranty entitlements on demos.

For more details about your rights when buying new, used and demo vehicles, visit Consumer Protection at commerce.wa.gov.au/consumer-protection

Information on income support for Coronavirus

Have you ever received income support?

You may already have a Centrelink Customer Reference Number (CRN). This may be from when you got student or family payments or even from when your parents received benefits for you. CRNs don't change. You have a number for life. If you previously had a CRN, you can use that number now to go online to make a claim.

Please take the time to look for this number. It will help you claim quickly. Your CRN may be listed on old bank statements, letters or documents from your educational institution.

I've never received income support or can't find my CRN

There are three things you need to do as a priority.

my.Gov.au

1. Create a myGov account at my.gov.au – it's quick and easy to do. You'll need an email address, mobile phone number and to answer some basic questions. Once you've created your account, link it to a government service, like Medicare or the Australian Taxation Office. Once you do this, you'll get a prompt to register your intention to claim a Centrelink payment.
2. Register your intention to claim a Centrelink payment. This simple process will let you give basic details so we can contact you later to help you with your claim. It's important you complete this process and give correct details. This process also enables us to backdate your payment if your claim is successful.
3. You'll need a CRN. The easiest way to do this is to wait until we contact you after you've registered your intention to claim a payment. You can also contact **132 850** and answer some simple questions about your identity to get your CRN. You'll need to have details of your passport, driver licence or birth certificate.

Once you've completed these steps and set up your Centrelink online account, you can start your claim for an income support payment. You'll need some supporting documents (including your CRN). We're updating the online claim to reflect new Government policy and legislation that aims to support Australians affected by Coronavirus. This will take time.

Due to a large number of claims, it will take time for us to contact you. Remember, your payment will be backdated if you registered your intention to claim a payment.

You may choose to do your full claim through myGov using your Centrelink online account without registering your **intention to claim**. To do this you'll need to know your CRN.

Accessing Services Australia

In line with the current advice from the Australian Government Chief Medical Officer, there's a reduction in the number of people in service centres to maintain social distancing practices for the health and safety of customers and staff. If you choose to come to a service centre it's likely you'll experience a delay. If you're waiting in a queue you must practice social distancing.

Our job seeker line **132 850** has extended hours of operation from 8am to 8pm local time on weekdays and 9am to 5pm local time on weekends.

Information on income support payments for people already getting a payment

centrelink

You don't need to do anything

If you already get a Centrelink payment, you don't need to contact us to get additional payments. This includes the two lump sum \$750 Economic Support Payments to support households and the \$550 additional Coronavirus Supplement. This will happen as part of your usual payment. You can't nominate a particular day to get your payment.

Economic Support Payments

FIRST LUMP SUM PAYMENT

We'll pay you \$750 from 31 March 2020 if you're getting an eligible payment on any day between 12 March to 13 April 2020.

To be eligible for the first payment, you must be residing in Australia and getting one of the following payments, or hold one of the following concession cards, at any time from 12 March 2020 to 13 April 2020:

- Age Pension
- Disability Support Pension
- Carer Payment
- Parenting Payment
- Wife Pension
- Widow B Pension
- ABSTUDY (Living Allowance)
- Austudy
- Bereavement Allowance
- Newstart Allowance
- JobSeeker Payment
- Youth Allowance
- Partner Allowance
- Sickness Allowance
- Special Benefit
- Widow Allowance
- Family Tax Benefit Part A
- Family Tax Benefit Part B
- Double Orphan Pension
- Carer Allowance
- Pensioner Concession Card (PCC) holders
- Commonwealth Seniors Health Card holders
- Veteran Service Pension
- Veteran Income Support Supplement
- Veteran Compensation payments, including lump sum payments
- War Widow(er) Pension
- Veteran Payment
- DVA PCC holders
- DVA Education Scheme recipients
- Disability Pensioners at the temporary special rate
- DVA Income support pensioners at \$0 rate
- Veteran Gold Card holders
- Farm Household Allowance

If you're a Commonwealth Seniors Health Care Card holder, you'll need to make sure we have your bank account details. You can update your bank account details through myGov using your Centrelink online account.

SECOND LUMP SUM PAYMENT

We'll pay the second \$750 Economic Support Payment from 13 July 2020.

If you're not eligible for the Coronavirus Supplement, you may get a second \$750 Economic Support Payment. To be eligible for the second payment, you must be residing in Australia and on 10 July 2020 you're getting one of the payments or holding one of the concession cards that were eligible for the first payment.

Eligibility for the second payment is the same as the first. However, if you're getting an income support payment and the Coronavirus Supplement, you won't be eligible for the second Economic Support Payment (see Coronavirus Supplement eligible income support payments below).

Coronavirus Supplement

From 27 April 2020, you'll be paid a temporary fortnightly \$550 Coronavirus Supplement if you're already getting an eligible payment.

You'll automatically get the \$550 supplement each fortnight on top of your normal payment rate if you're getting one of these payments:

- JobSeeker Payment
- Youth Allowance
- Parenting Payment
- Farm Household Allowance
- Special Benefit
- AUSTUDY
- ABSTUDY (living allowance)

DIRK HARTOG ISLAND
RETURN TO 1616

SHARK BAY
world heritage

WIRRUWANA NEWS

UPDATES FROM DIRK HARTOG ISLAND NATIONAL PARK

AUTUMN 2020

This fifth edition of Wirruwana News covers the exciting new chapter in the ten-year saga of Dirk Hartog Island National Park's *Return to 1616* Ecological Restoration Project with two new native animals being restored to the island. Enter the humble dibbler (*Parantechinus apicalis*) and the smallest of all bandicoots – the Shark Bay bandicoot (*Perameles bougainville*).

Going where no Jurien Bay dibbler has gone before

October 7th 2019 saw another exciting “first” on Dirk Hartog Island National Park with the release of the long awaited dibblers (*Parantechinus apicalis*).

Once widespread around coastal WA from Shark Bay south and across to Esperance, dibblers now only exist in a few island and mainland populations. Dirk Hartog Island is large, free from feral predators and has vegetation that is rapidly regrowing after feral goat and sheep removal. This makes it the perfect “island escape” for our dibbler ambassadors and represents a golden opportunity to help safeguard this unique carnivorous marsupial.

This first wave of island immigrants consisted of 26 dibblers. Parents of these dibblers originated from islands off Jurien Bay before being paired up at Perth Zoo to produce enough offspring to begin the restoration process on Dirk Hartog Island.

Born in May, the young dibblers were weaned in late September in preparation for the world outside their leaf litter lined glass tanks. Their first-class trip to the island was a massive organisational feat. First came their last free meal in captivity before each dibbler was assigned the luxurious travel accommodation of individual aluminium boxes (Elliot traps) lined with a comfortable layer of shredded paper. Whisked to Jandakot airport at midday, they caught a specially chartered, air-conditioned flight to Denham before boarding a helicopter for the last leg of their journey. A scant 6 hours after leaving Perth Zoo and 800km later, the dibblers arrived at their new home.

Although the island is free of feral predators, dibblers are still at risk from native birds of prey so their release site had been carefully chosen for the abundance of the aptly named umbrella bush (*Acacia ligulata*). This wattle provides both ample protection from overhead predators and a thick layer of leaf litter underneath that is rich in insects for our hungry pioneers.

Principal Research Scientist Dr Tony Friend releases a dibbler with Sanchia Wardle and Ruby Ball.
Photo – Kieran Wardle

A volley of enthusiastic assistants were on hand to help open the travelling boxes when our dibblers arrived. With front row seats, helpers enjoyed the rare privilege of watching dibblers put on a good show of rustling through the leaf litter and hunting for insects before scampering off into the scrub.

Some of the dibblers were fitted with miniature radio-collars but proved wily enough to remove them early on. Despite this, some valuable information on survival and dispersal was gained with one male travelling a whopping 1.7km in only two nights! He was clearly glad to be out of his glass tank.

Although Elliott traps and camera traps will be used to monitor dibblers, with the island's large size, it may be some time before the population increases to a point where individuals are regularly caught. Further releases and breeding amongst the island dibblers will increase the chances of finding dibblers in future.

Loggerhead female heads back to the ocean after a hard night's work. Photo – Khayla Wordsworth/DBCA

Turtle Tagging Time

As the annual breeding migration of loggerhead turtles (*Caretta caretta*) to Dirk Hartog Island National Park got underway this year, so too began the twin migration of volunteers to help with WA's longest running project to study them. Getting up close and personal with a truly unique marine turtle is a fabulous opportunity for volunteers who come from near and far to join in.

Loggerhead turtles are the second largest marine turtle in the world and the vast majority of WA's loggerheads nest in Shark Bay. Dirk Hartog Island has WA's highest density and population of nesting turtles, is thankfully free of feral animals and has very little human disturbance which makes it a critically important site for their survival.

Between 1000 – 1200 turtles nest on Dirk Hartog Island in breeding season each year between November and April. For three weeks each January, volunteers work all night, walking along the beaches and rocky shores of Dirk Hartog Island to locate the turtles. Turtles are tagged so they can be identified when they return to the beach and volunteers collect information which can be used to gain a better understanding of turtle ecology. As the volunteers labour to collect information each night, female turtles perform the herculean task of heaving their heavy bodies up the beach to dig a hole and lay between 50 and 100 eggs. Each day volunteers count the drag marks to help estimate population numbers.

The loggerhead turtle is the most endangered turtle nesting in Australia and they are vulnerable the world over as a result of many threats including loss of nesting areas, nest predation, plastic pollution, disorientation from coastal lighting and being caught by long lines and trawling nets. But with a few simple measures, we can all help.

Along with crustaceans and molluscs, turtles eat jellyfish. Unfortunately, plastics floating in the ocean including bait bags

and shopping bags can look a lot like jellyfish. When eaten by turtles, it has dire consequences and plastic ingestion is a major contributor to turtle deaths each year. So hang onto your plastic when it's windy and try to reduce or eliminate your plastic use altogether when you're out and about boating or camping.

Pets aren't permitted in the national park and for good reason. Dogs can interfere with hatchlings and disturb females laying eggs so leave the pets behind when heading out.

Artificial light can cause female turtles to abandon the nest when laying eggs and interfere with hatchlings ability to navigate so if you see a turtle on the beach, turn off the torch and the flash on your camera.

Volunteer work is hard but rewarding and volunteer positions are limited. If you have a high level of fitness and would like to "put your hat in the ring" to help out in future years, you can request to be included on the volunteer register. Email enquiries to: sharkbayenquiries@dbca.wa.gov.au

Gypsies on the Move!

In October 2019, a tour group called the Global Gypsies journeyed to Dirk Hartog Island, some 403 years after the eponymous explorer Dirk Hartog left behind his famous pewter plate. With exploration of a different kind in mind, these Global Gypsy 'voluntourists' were in search of a 'hands on' science safari to assist Parks and Wildlife Service scientists with the Dirk Hartog Island National Park Ecological Restoration Project – *Return to 1616*.

Contributing to a long-term, vertebrate animal monitoring program, expedition members helped to set up pitfall traps and then assisted with trapping, recording and release of a range of animals including dragons, geckoes and native mice. This program has been running for 13 years and was set up to study the changes in vertebrate animal numbers before and after the removal of feral animals on the island and the translocation of native animals.

As a change of pace, the gypsies also conducted two beach cleanup sessions, one at Surf Point and one at Mystery Beach.

It wasn't all hard work though as 'voluntourists' were on a roster system to ensure they still had plenty of time for beach-combing, swimming, snorkeling, kayaking, fishing, bird watching, astronomy, photography, four-wheel driving, relaxing and just having fun.

For the gypsies, it was an all-round great way to holiday in WA while helping to conserve our precious native wildlife. In addition, the Global Gypsy tours are a gift that keeps on giving as part proceeds are donated back to the Parks and Wildlife Service to assist with future conservation efforts.

Ranger Report

DBCA Rangers continue regular patrols on Dirk Hartog Island National Park to foster awareness of environmental and World Heritage values, maintain facilities and follow-up with compliance matters. Shark Bay District staff recently welcomed new National Park Ranger Paul Robb, who brings a wealth of conservation experience to the position and will be working across Dirk Hartog Island and several other national parks in the district.

A bit of a trail blazer, Paul was the first ranger to be appointed to the remote Karara Rangeland Park based at Thundelarra. Situated 300km east of Geraldton, Paul has been in this position for the last three years, so he's no stranger to remote conditions.

Prior to Karara, Paul worked as a ranger south of Jurien Bay – along the coastal strip that includes Nambung National Park and Wedge Island settlement. Paul's professional experience includes feral animal and declared weed control. He has already brought these talents to bear in Shark Bay some years ago, having been one of the shooting team that helped eradicate goats from Dirk Hartog Island National Park.

Paul is a committed environmental practitioner and is enjoying the opportunity to be part of the local community in Shark Bay.

In other ranger news, visitor feedback has been positive regarding the new toilet built at Withnell Point camp site. Modelled on the same design as toilets constructed at Urchin Point and West Point, the toilet includes a raised mesh floor (no sweeping!) and a shower recess for portable showers.

New National Park Ranger Paul Robb on Dirk Hartog Island.

Hare-wallabies to bandicoots – moving right along!

With the coming of spring 2019, the *Return to 1616* fauna team travelled back to Dirk Hartog Island National Park in anticipation of another season of ecosystem restoration work.

Of the 13 species to be translocated over the life of the project, the newly established populations of banded and rufous hare-wallabies are doing well. With the full quota of banded hare-wallabies being reached in 2019, that left only a few more “top up” rufous hare-wallabies to make the journey to Dirk Hartog Island this year. A total of 50 made the move from nearby Bernier and Dorre Islands, bringing the total number of translocated rufous hare-wallabies to 112 over the past three years. These kangaroo “Mini-Me’s” are very highly strung and the team needed to be extremely careful to minimise stress to these animals including organising fast first-class helicopter transport for the island hop. The extra attention paid off though as the hare-wallabies were all well, healthy and ready to go when released into their new home.

With successful hare-wallaby translocations, the fauna team turned their attentions to the Shark Bay bandicoots (*Perameles bougainville*).

Working at night with hand-nets and spotlights, the capture team had remarkable success resulting in a total of 70 ‘coots’ in only a few weeks from Bernier and Dorre Islands. Bernier Island was by far the trickier proposition as it harbours a disease called Bandicoot Papillomatosis Carcinomatosis Virus 1 (BPCV1) and the team had to be extremely vigilant to select only healthy animals. Sadly, any bandicoots showing any symptoms of the disease such as lesions or warts were rejected and missed out on their all-expenses-paid one-way trip to Dirk Hartog Island.

The bandicoots were released in the Herald Bay area in early September where there is abundant vegetation. They clearly settled in very well as within 12 hours of the first bandicoot release, their tracks and diggings were to be found everywhere! Twelve of the bandicoots were given radio-collars and tracked for 4 to 7 weeks. While some remained very loyal to their release sites, others were quite clearly natural

explorers, venturing as far as 4km. When finally caught for collar removal, all bandicoots were found to be in very good health. Some maintained their weight, but most had put on weight including one animal that gained a whopping 20% of its body weight. That’s equivalent to a 65kg person tipping the scales at 78kg after a month-long binge! Clearly the glut of spring insects went down very well. Even more exciting was the discovery of two females carrying “DHI next generation” pouch young.

The good news was that by November, there was an extraordinary abundance of bandicoot tracks and diggings to be found that clearly indicated a thriving population. The bad news was they were obviously far too well-fed on insects, and none could be tempted into a trap for a delicious meal of peanut butter and oats. Undeterred, the fauna team will be back in March with some new tricks up their sleeve, which promises exciting times ahead!

Above: Shark Bay bandicoot being released into its new home.
Below: DBCA staff member Jeff Brooker was delighted to discover so many bandicoot tracks

Department of Biodiversity, Conservation and Attractions

2020_99 0220

Our staff, secondary students' committee and School Council have reflected upon what our school means to us and clarified our values and vision. We have now summarised this in a new statement that aligns our planning across the school:

Shark Bay School is a caring community in a unique cultural and natural setting in which we unleash our students' full potential.

COVID-19

We remain committed to each student's wellbeing and continued learning throughout the current COVID 19 outbreak. We are receiving advice and direction from the Department of Education aimed at consistent responses across schools, everyone's wellbeing, supporting student learning and minimising uncertainty.

It is possible that our school could be required to close at short notice, in a similar way as for extreme fire danger, if a person diagnosed with COVID-19 is associated with the school. This would be to allow time for contact-tracing and for additional cleaning/disinfection prior to students' return. We will keep the community informed, principally through ClassDojo.

We need our school families to help, and this is how:

- Make sure you can be contacted by the school using our online platform ClassDojo. If you have not yet accepted an invitation to this, please do so now. We don't have a school website and Dojo performs that function for us. Through ClassDojo Messages can easily and quickly be communicated with the whole school community, families in a particular, learning blocks, or individual student/parents, as required. We can send information, important messages and reminders. We can discuss individual issues confidentially. Through Class Dojo Stories, we can maintain whole school information, hold virtual 'Assemblies' and celebrate certificate winners. Through messages, and posting stories and videos, our teachers could, if necessary, support learning at home and keep in close touch with individual students and parents. For all these reasons we ask all families to join ClassDojo.
- Reinforce and insist upon good hygiene at all times.

We will keep all families updated, primarily through ClassDojo as things change. Thank you for your understanding.

Persistence

Our students have made a strong start to implementing the keys for success at school and in life - getting organised, getting along, persisting, showing resilience and gaining confidence in their own ability to succeed – You Can Do It! Getting along means showing respect and kindness and following class and school agreements without fuss, not disturbing others along the way. Getting organised means not missing school without a very good reason, being on time, having the things needed and, especially

for secondary students, organising the workload and planning ahead to meet assignment and test deadlines. Towards the end of term persistence becomes important – there are always some topics, subjects or assignments that are difficult and that it is tempting to avoid or skimp; but students need support from home and school to keep on trying their best and push through the tough bits, bouncing back from setbacks (resilience) and gaining confidence along the way. You can do it!

Year 6 Camp

The Year 6 Leadership Camp was the best. We were very busy with so many activities such as the BIFF, movies, beach games, archery, handling raptors and kangaroos, building rafts, orienteering, visiting the Geraldton Museum and going to the Residential College. They were all fun but the best was probably the BIFF at Aquarena where we had to do an inflatable obstacle course.

But the main highlight was making friends with students from other schools and playing with them. The Year 6 Leadership Camp was so much fun, we all wish we could go again.

By Finn, Shakira and Tayla

Clean-Up Australia

Shark Bay School is a Sustainable School, which means we

all have a commitment to both social and environmental sustainability. We were glad to take part in Clean-Up Australia day and proud of our students support for Harmony Day.

We are also trying to reduce the amount of plastic that gets into the environment by becoming a collection centre for items that cannot go into the regular recycling – oral care waste such as toothbrushes and empty toothpaste tubes. Please bring them along to the collection box in reception. They get turned into plant pots and garden benches.

Assembly – Open Classrooms

It was fantastic to have such a good turnout for our first afternoon Assembly of term on Wed 26 February – over 60% of all families were represented. It was led by our Year 6 student leaders and featured students presenting work reflecting on their swimming lessons and thanking their instructors.

Certificates were awarded to: Liam Harrower and Marley Butterworth (K/P), Levi Chambers, Farran Oakley and Keesi Sadler (1/2/3), Connor Cooper and Adriana Sellenger (Y4) and Isabella Court and Shakira Harken (5/6). Congratulations to all of them for their great work and *You Can Do It* attitude.

We then adjourned to each classroom where teachers gave an introduction to their classroom, rules, expectations and plans for the term and students shared some of their work and activities with parents. We had the library open for a new focus – parents and students choosing books together for bedtime stories – and we had a family photo booth in admin.

It was a brilliant afternoon and we thank everyone for taking such a strong interest in their child's learning. We've been following up this term with parent meetings and individual planning to maximise everyone's progress and success.

Testing

There are several types of national testing performed during semester 1. Our Early Years staff conduct special tests for Kindy and PrePrimary students to help identify any areas of particular need and plan for them.

Our Year 9 (and over) students have opportunities to demonstrate achievement in Literacy and Numeracy towards their WACE (Western Australian Certificate of Education) through Online Literacy and Numeracy Assessments (OLNA), and, probably the most well-known, is online NAPLAN testing for students in years 3,5,7 and 9. Testing however for 2020 has been postponed by the Department of Education until further notice, due to COVID 19.

Protective Behaviours

We were pleased to welcome Laticia Andreoli to present this topic to our secondary students and to parent workshops as it's so important that we all know how to help young people keep themselves safe.

After School Sport

We appreciate our staff going beyond normal school hours to help deliver after school sport opportunities for our students. This term primary students enjoying swimming training and the secondary students have had kayaking from the beach.

National Disability Insurance Scheme

The NDIS is a government scheme designed to ensure appropriate assistance for those who need it, not just through the school years, but for the long term. Please ask if you have queries concerning your family. For aboriginal families with a family member with a disability there is a support worker available to answer questions or assist with applications – contact Alana Councillar on 0456 308 767.

Enquiries or visitors welcome at any time. <https://myschool.edu.au/school/48507> https://www.det.wa.edu.au/schoolsonline/overview.do?schoolID=5418&pageID=SO01&resetSearchType=ONE_SCH

Please monitor ClassDojo to share students' learning and special moments and to keep abreast of any changes to school programs or possible temporary closures.

How can I reduce my fuel consumption?

Here are five simple ways you can get more fuel economy out of your current car:

- Don't rev your car's engine or leave it idling to warm it up. Modern cars don't need to be warmed up – they're good at warming themselves up to their optimal driving temperature. So, as soon as you start your car, you can start moving.
- Don't overfill your fuel tank. Once you hear that first click from the fuel pump that signals your tank is full, stop filling it. Modern cars have a system designed to trap and use the fuel vapours left at the top of a full tank, inside a carbon canister. When you overfill your tank, liquid fuel instead of fuel vapour may get into the canister. Aside from potentially damaging the canister, the extra fuel you're squeezing in is a waste of money. Overfilling can also cause fuel to spill onto you and the ground, creating waste and a fire hazard.
- Regularly checking that your tyres are inflated to the correct air pressure will help you save fuel and remain safe. Underinflated tyres create extra rolling resistance and over-inflated tyres can reduced grip. You can find the recommended tyre pressures in your vehicle owner's manual and on the tyre placard on the edge of the driver's door, inside the glove box or under the fuel cap.
- If you have a car with manual transmission, when accelerating, get into the habit of changing gear early and avoiding revving the engine needlessly. The higher the needle on the RPM gauge, the more fuel you're burning. In an automatic car, ease off the accelerator once you feel the car is approaching the appropriate speed.
- Heavy items in your boot will increase your fuel use, so don't leave anything heavy in there if you're not transporting it anywhere. Roof racks can also create aerodynamic drag, so take them off if you don't need them. »

VISION CHRISTIAN
RADIO

CONNECTING *Faith to Life*

VISION CHRISTIAN
RADIO

Vision Christian Radio, as the name suggests, is a radio station broadcasting 24/7 in more than 700 locations around Australia, including Denham, Shark Bay.

With the slogan "connecting faith to life", the station plays music, news, speakers & interviews on matters of Christian faith, talk back on topical subjects, Bible teaching by a number of world recognised speakers. The station caters for a broad range of listeners of all ages. The radio programmes are backed by a comprehensively stocked bookshop, daily Bible reading notes & a prayer service.

Shark Bay has received broadcasts for many years on station 87.6FM, as well as on satellite radio station 614. The local FM station is currently closed, but Vision Christian Radio is still available on the satellite station. As well the station is available Online (vision.org.au/radio), & App "Vision Christian Media".

One Player Card Games

CLOCK

DEAL forty-eight cards face downwards in twelve piles of four cards each, and arrange the piles in a circle on the board corresponding to the figures on the dial of a clock.

Take the top card of the stock, and, counting the Jack as 11 and the Queen as 12, place the card face upwards under the pile of its number and remove the top card of the pile. Place this card face upwards under the pile of its number, remove the top card and continue in this way until a King is turned up. When this occurs the King is played to a waste heap and the game is continued with the next card of the stock, until the stock is exhausted.

The object of the game is to end with twelve piles of four cards of the same rank, and the four Kings in the waste heap. It is obvious that success will come only if the last card to be turned up is a King. This so rarely occurs that if the fourth King is turned up before the game is won, it is permitted to exchange it for one of the face-downward cards in the lay-out and continue the game. Only one exchange may be made.

THIRTY

THIRTY is played with the short or piquet pack (i.e. a pack from which the Twos, Threes, Fours, Fives and Sixes have been removed) sometimes called the thirty-two-card pack.

Deal to the board thirty cards face upwards in six rows of five cards each, each row overlapping the previous one. The two remaining cards are retained in hand. They are treated as exposed cards and are available to play to the foundations or the lay-out. The bottom card of each column is an exposed card. Aces, as they become exposed, are played to the centre as foundations.

The object of the game is to build suit-sequences on the Aces up to the Kings, beginning the sequence by playing the Seven on the Ace.

Exposed cards in the lay-out may be played to the foundations, or they may be packed in descending sequences irrespective of suit and colour. A sequence, or any part of one, may be transferred from one column to another, provided the highest card of the sequence so transferred is next lower than the exposed card to which it is played.

When all the cards of a column have been played, the vacant space may be filled by an exposed card or sequence of cards.

St Andrew's by the Sea

Drought, Fire, Flood, Corona Virus & Easter

There's a very striking image in the last book of the Bible of the Four Horsemen of the Apocalypse. They are believed to symbolically portray four disastrous occurrences that will take place before the end of the world.

It may not quite have been the end of the world in the Eastern States this summer, but people there certainly experienced great trial and tribulation. In the likeness of the 'first horseman', December 2019 began with the entire state in drought (some farmers had not seen rain for 7 years) and finished as Australia's hottest and driest year on record. Conditions were ripe for a catastrophic bushfire season.

As a second calamitous event, on New Year's Eve temperatures in Sydney rose to the mid-forties, humidity dropped, and fierce, hot winds arrived from the desert in central Australia. The state went up like a tinder box. Huge swathes of the country were on fire, 6,000 homes were destroyed, and 34 people lost their lives. The average Sydney citizen inhaled the equivalent of 34 cigarettes a day from the smoke haze hanging over the city.

The 'third horseman' to descend on the east coast was a sudden severe flooding event. Over a single weekend, enough rain fell to supply drought ridden Sydney with water for a

whole year. What would normally have been a catastrophe was welcomed with open arms as distraught farmers received their first meaningful rainfall in years, dams filled and burnt bushland and gardens turned lush green once more.

Then came the coronavirus like the 'fourth horseman'. Australia is very dependent on a myriad of Chinese goods, tourism and Chinese students. Most businesses are taking a big hit as travel restrictions have been imposed. Australia was initially less affected than many other countries, but the numbers of infected people have risen, and the Government has been forced to take unprecedented measures to protect the country and the spread of the virus, which has reached global pandemic level. Goodness knows what the situation will have developed to by the time you read this. To this date this particular 'horseman' has not been as ominous and final as the Bible indicates.

Each of these disastrous occurrences have produced a great response of care and kindness, voluntary acts of bravery, rescue and public service, mostly by volunteers who have gone way beyond the call of duty (even to death for some) to assist neighbours and people unknown to them in dire circumstances and great need of saving. They are real life heroes, who left their day jobs to join the fight and help win the day.

That brings us to an event marked on the 10th and 12th of this month, in which one man went far beyond the call of duty for his fellow man, even to an agonising death on a cross, to save a world which has been descending into judgement & oblivion since the

beginning of time – the man who was God on earth, Jesus of Nazareth. His death was dramatically followed by him rising from the dead, as a sign that God is in control even over mankind's worst enemy – that death does not have the last word – and eternal life is there for the taking for everyone who puts their trust in this Jesus. If you want to know what resurrection means, look on the web at sites of burnt out bush bursting back to life!

At the time of writing the Shell Block Church has just been closed by Government directive, so it is unlikely that our usual Easter Services will take place there. However Jesus Christ's death and resurrection will be observed in some way. Watch the usual boards & social media sites for Notices when Easter comes.

indigo. | Formerly Independent Living Centre WA

Independent Living Centre WA changed its name to Indigo in January 2020. Their purpose is greater independence and inclusion for all through allied health and assistive technology solutions.

Please note their funding has been reduced and regional visits including to Denham have been placed on hold.

Should you require any assistance, please do not hesitate to contact them directly on 1300 885 886.

Happy Wedding Anniversary

4th April 2020

Ron & Irene Marquis

Celebrating 50 years of Marriage.

Congratulations

Do you have Country Ambulance Cover?

St John Ambulance Shark Bay Sub Centre

Should you need ambulance transport, even a short ride could cost you hundreds of dollars! Unfortunately, the cost of ambulance services is not covered by Medicare, Healthcare Card, Pharmaceutical or Pensioner Benefit Card holders.

Annual Memberships are available for \$74 for Single(*) and \$123 for Family.

Your membership directly supports the local ambulance service and helps to provide these vital ambulance services in your local community.

By taking our St John Country Ambulance Cover you also assist with the delivery of first aid services in your local area including:

- regular community first aid courses
- ready access to first aid kits and supplies
- first aid posts at local fairs, sports and events.

Country Ambulance Cover is a small price to pay for the invaluable services you'll be supporting.

Contact us for your application, email saintjohns1@bigpond.com or visit our office 100 Durlacher St Denham Wednesday & Thursday 10am-2pm

Tish

(*) This amounts to a little more than \$1.42 per week for a single or 20 cents per day.
Most pensioners over 65 are covered (please check your eligibility).

Thinking about lunch? Our local business are open for lunch takeaway:

- Shark Bay Cafe (9948 3222)
- Shark Bay Bakery (9448 1442)
- Shark Bay Fuel Fishing & Camping Centre (9948 1239)
- Shark Bay Hotel (9948 1203)
- Heritage Resort (9948 1133)

Which brings the total

17

**triple zero
calls,
so far ...
this year!**

CRITICAL REMINDER

To ALL RESIDENTS and VISITORS
For any life threatening emergencies
or serious crime/incidents
the number to call is 000

In Shark Bay many people have a tendency to call the local agency direct or private phone numbers of volunteers when requiring urgent assistance. Please be aware, this does not make response faster.

In fact it delays the response time of emergency services as a response team can not be dispatched until the central command centre has directed them to do so. So call 000, response will be faster.

When calling 000, it is also important to remember that the operator will ask you the following questions, which will aid them in assisting you as fast and efficiently as possible.

Service required: Police/Ambulance/Fire & Rescue
Your name:

Agent

At a Department of Human Services Agent you can:

-  use our computer to access **my.gov.au** and other government programs and services and to search for jobs
-  use the telephone to access the department's self service options or speak to us
-  access free Wi-Fi 24/7 to connect to government services. No password required
-  scan, fax and photocopy documents
-  have your confirmation of identity documents certified
-  lodge forms or pick up brochures

Agents can:

- respond to general questions on payments and services
- show you a quick and easy way to do your business using self service
- help you complete forms and other paperwork, and
- arrange referrals to specialist services.

Agents can't:

- make, review, assess or vary your payments, or
- issue Electronic Banking Transfers (EBTs), concession or Medicare cards.

Agents aren't Department of Human Services staff.

Your local Agent is:

Shark Bay Community Resource Centre

Address:

10 Denham Road
Shark Bay, Denham WA 6537

Hours of business:

Monday to Friday
9am to 4pm

To find other Agent locations go to **humanservices.gov.au**

Self service

You can use your myGov account to access your Centrelink, Medicare and Child Support online accounts. Go to **my.gov.au**

MIDWEST COURIERS

Providing your transport solutions from Geraldton to Denham and Surrounds

For the past 6 ½ years Kalbarri Express Freight has been servicing Kalbarri and surrounding areas. After enquiries were made we are going to offer our same services to Denham, with a once a week service, delivering on a Friday. Hence Midwest Couriers was born.

As Kalbarri has grown to know our reliable, efficient and friendly service we would like to offer Denham the same reliable, efficient and friendly service.

We are a small business with a hard-working team to give you the best possible service we are able to give.

Find us on our Facebook Page as well <https://www.facebook.com/Midwest-Couriers-185206275526497/>

Please call **0459 499 230** to discuss your requirements

CRC EDITORIAL POLICY & ADVERTISING

EDITORIAL POLICY

The Inscription Post is produced monthly by the Shark Bay Community Resource Centre in good faith as a means of providing information to the community and to promote the Shark Bay area positively.

An Editorial Management Committee of the Inscription Post has been delegated the

responsibility of the editorial role of the Inscription Post and is supported by the Management Committee. All materials submitted by the community are to be factual and non discriminatory. The Editorial Management Committee has the right to edit any items submitted for print, including abbreviating, spelling, grammar and also may

withhold or not print at all, any material considered unsuitable or offensive with no explanation needed.

We are more than happy to accept articles free of charge (subject to the Editorial Management Committee's approval), but limited space is available, so please keep submissions short – a maximum of one page unless

prior approval is granted by the Editorial Management Committee. The author's name must be supplied for any contribution. The articles printed in the newsletter do not necessarily reflect the views of the Editorial Management Committee, staff or volunteers or management committee at the Shark Bay Community Resource Centre.

The Inscription Post is available for purchase from:

- Denham IGA X-Press
- Discovery Centre
- Shark Bay News & Gifts
- Shark Bay Supermarket
- Surf n Dolphin Gift Shop
- Useless Loop

If you are interested in selling the newsletter in your store, contact the Shark Bay Community Resource Centre.

1/8 Page: \$20.00
1/4 Page: \$30.00
1/2 Page: \$50.00
Full Page: \$75.00
Subsequent pages: \$60.00

A discount of 1 month cost applies to advertisements which are paid for the full 12 months in advance. We are happy to design your advert! Do not hesitate to contact us. All cancellations of adverts must be received in writing at the Resource Centre.

The Inscription Post costs \$2 to purchase. This price covers the cost of paper and printing expenses. Postal Subscriptions: \$80.00 per annum

Please address all enquiries and correspondence to:
The Editorial Management Committee - Inscription Post
Shark Bay Community Resource Centre, PO Box 58, Denham WA 6537
Telephone: 08 9948 1787 - Facsimile: 08 9948 1823
sharkbay@crc.net.au

The DEADLINE for submissions into the Inscription Post is the 25th of each month

**Please send your articles to:
sharkbay@crc.net.au**

Normal business hours

Monday to Friday

(excluding public holidays)

9.00am to 12.30pm

& 1.30pm to 4.00pm

Telephone: 9948 1400

**Silver Chain provides
AFTER HOURS health services
for EMERGENCIES ONLY**

After Hours Emergencies

EMERGENCY

If you call the Shark Bay Health Centre after hours you will be transferred through to Health Direct where a Registered Nurse will ask you a number of questions to determine whether you need further emergency assessment by the Shark Bay nurse. If you require further assessment, your call will be put through to the local nurse.

Examples of an EMERGENCY include:

- Breathing difficulties
- Chest pain
- Severe abdominal pain
- Bleeding that can't be controlled with first aid
- Convulsions and fits
- Deep lacerations
- Eye or ear injuries
- Uncontrolled high fever
- Loss of consciousness
- Pregnancy – bleeding or onset of labour
- A very sick child
