Executive Officer's Report

Digital Marketing Check-up

RSM Bird Cameron has been contracted to provide free support to businesses in our region. They recently attended Denham to conduct a Digital Marketing Check-up session.

Some interesting facts learnt that may be of interest to those included;

- keep brands consistent across all digital and print platforms including websites, social media, flyers and email signatures etc. This includes same font, same colours and good quality photos;
- on your website, put the most important things at the top and also ensure Google Analytics is installed so you can keep track of where and what people searched for on your website;
- list your business on "Google Business" which may take a few weeks to wait for it to be set up. Once that is completed you can then also list your business on "Bing Places for Business". These are statistically the two biggest search engines in Australia; and
- use videos to educate and entertain.

If you are interested in any other business related topics, please do not hesitate to get in touch with us at the Shark Bay Community Resource Centre (SBCRC) and we will do our best to organise a suitable session with RSM in the near future.

Indi-Pacific Cricket competition

The Bangalow (Byron Bay) Cricket Club in NSW has been in contact with the SBCRC to establish a possible connection to establish a Indi-Pac Cricket Cup.

As you may know, Byron Bay Shire is an extreme point, being the easternmost point of the Australian main land facing the mighty Pacific Ocean. With Denham similarly, the extreme point town towards the west of Australia facing the magnificent Indian Ocean, their local Club made up of cricket enthusiasts thought this might be a great chance to travel and compete in a fun sport.

Expressions of interest for players locally were sought across social media pages in recent days with a positive response received. Thanks for the quick feedback! The SBCRC will now proceed with conversations with their Cricket Club to see what possible funding and opportunities might present them self to put this Indi-Pac Cricket Cup competition to fruition.

Vounteers in Clubs Workshops

After completing the recent Volunteers in Clubs workshops with Katie from Crazy Communitites, there were a few interesting points we took note of that we thought we would pass on to our community. These include;

- when being reimbursed for club/group purchases, the purchaser must sign the receipt, then have the treasurer and one other committee individual sign the receipt which is kept on file by the treasurer;
- when making "out of session" decisions (between committee meetings), these need to be minuted in the next meeting minutes. Normally addressed in the agenda

after asking for the confirmation of previous meeting minutes, also have a section to confirm "out of session decisions" (and list the decisions);

- create a induction pack for new committee members at AGM's or those filling casual vacancy positions. This induction pack could include the groups constitution, the past 6 months meeting minutes (to get them up to date with recent decisions and discussions), the contact details of other committee members, volunteers and the groups stakeholders, the code of conduct, any policies, rules, by laws and a list of the groups regular activities and or events etc; and
- all organisations must maintain a up-to-date list of their financial members. You are however only required to keep their email address on file, you don't actually need to have all their contact details.

Recreation Centre

Just a reminder the centre will be open during the school holiday period Monday to Friday from 9am to 4pm. Night sessions will occur on Monday with adults only invited to participate in these badminton sessions from 6.30pm.

After the school holidays, sessions will return to normal, Monday and Wednesday's after school programming and also Monday night badminton. Youth Group has obtained teams to run a netball short program competition during term 2 at night. There is a possibility we could run another night of sports during the week if we have the interest. Let us know what sport you might wish to play.

Shire of Shark Bay Notices

Clean-up Australia Day

BIG thankyou to our 43 amazing community members who participated in Shark Bay's clean-up on Sunday 7 March. The biggest number of volunteers we have had in recent times!

We had people participate from all ages, including Shark Bay Youth Group and our local Police Officer. As a community, we continue our good work that we were recognised for our 2020 Tidy Town Award.

Rubbish was collected from Denham foreshore, surrounding residential streets and Little Lagoon. Rubbish items included glass bottles, ropes, tyres, cardboard, clothing items and more. Majority of these items were found on the side of the road, hidden in the bushes.

Clean-up bags and gloves are now located at the Shire office if you wish to complete your own clean-up during the year, pop-by the office to collect.

Thanks to Denham Meats, Shark Bay Bakery and Denham IGA for our breakfast supplies.

Remember to place all your rubbish in the bin and cover your load if you are travelling with a trailer. Do your part to keep Shark Bay clean!

Scribblers Festival

The Shark Bay Public Library in conjunction with Scribblers Festival are excited to announce the Golden Feather Hunt 2021. There are over 15,000 feathers hidden in children, youth and young adult books across WA. Come down, take a book home on loan and you may just be taking home a little more than you expected. The Golden Feather Hunt runs from March through to May.

PUBLIC NOTICE

The Shire of Shark Bay has a Road Upgrade Program taking place on Brockman Street. Works will be between the Brockman Street / Durlacher Street intersection and the Brockman Street / Talbot Street intersection.

Works are now scheduled to commence between Monday 19 April 2021 and Monday 3 May 2021.

Please be advised there will temporary road closures in place from Monday 19 April 2021.

Please adhere to all Traffic Management Procedures that will be in place.

All efforts will be made minimise any disruptions caused.

If you require further information relative to the above, please contact, Works Manager Mr Brian Galvin on 9948 1013 or email works@sharkbay.wa.gov.au.

Government of
Western Australia
Department of Transport

Maintenance dredging at Denham is planned to commence in late April to restore depths of navigation channels and ensure safe access to the Denham Maritime Facility.

The project will involve dredging approximately 20,000 cubic metres of sand from the basin and entrance channel over a period of 4 months.

The dredged material will be deposited on the beach north-west of the Denham Seaside Caravan Park. Sand deposited on the beach is likely to be naturally discoloured. However, it will bleach in the sun after placement and there will be no long-term impact.

Dredging works are permitted to occur Monday to Friday from 6am to 6pm, and on Saturdays from 6am to 4pm. No works will occur during the school holiday periods.

Skippers operating in the area and people accessing the beach should be aware of the special safety arrangements implemented for the dredging and sand replenishment works. During the pumping operation, sections of the beach may be temporarily closed to ensure public safety.

For more information about dredging works visit: http://www.transport.wa.gov.au/mediaFiles/marine/MAC_IS_DredgingProjectSheet.pdf

Please note there is no Shire President's Report this month due to the Shire Council meeting being held on 31st March.

The Inscription Post issue for April was already finalised at this time.

DENHAM TRIATHLON

Sunday, 2 May 2021

	LONG COURSE	SHORT COURSE
SWIM  Denham foreshore	400m	100m
BIKE  Stella Rowley Drive	10.5km*	3.5km
RUN  Knight Terrace	3km	1km

Long and short course registrations are open for adults and youth, individual or team registrations (2 or 3 people per team)

*EXTRA long ride option available - two laps (21km)

What happened to the seagrasses?

The waters of Shark Bay warmed up in the Summer of 2010 and into Autumn 2011, so much so, that many seagrass plants lost their leaves and died. Sea surface temperatures were up to 5°C above average summer temperatures.

When large amounts of seagrass die, a cascade of effects occur throughout the food web, with grazing dugongs (wuthuga) and turtles (buyungurra), omnivorous crabs (gurab), carnivores including sea snakes, and filter feeding scallops all losing their homes and food.

Scientists have been at work to understand the best way to assist the recovery of these lost and damaged meadows. They have been working with Malgana Rangers to field test restoration methods and bring the meadows back to full health.

Why not come along to the Wirriya Jalyanu (seagrass) Festival on 7th - 8th April to hear how scientists and Malgana Rangers are restoring seagrass in Gathaagudu (Shark Bay).

Managing Conflict and Difficult People

online workshop

We often have the best intentions to deliver sport in a fun, safe and fair manner, however, it's not a question of 'if' but 'when' we are met with difficult people and conflict.

Conflict in sport can arise in many ways, such as:

- Selecting athletes onto a representative team.
- Interpreting the rules of the game.
- Deciding which direction to take the club into the future.

Presented by Ian Crawford from Candor Training, this course is designed to develop the skills of coaches, officials, and committee members to better deal with difficult people while preventing and managing conflict by investigating strategies to:

- Identify conflict in its early stages before it erupts into crisis.
- Prevent conflict arising in the first place.
- Use verbal strategies and body language to diffuse conflict.
- Ask the one question that could stop conflict immediately.
- Dealing with conflict on social media.

Shark Bay School News

A warm welcome from our classrooms. Students of all ages have been working hard and we recognize the great work of our own staff and teachers at the School of Isolated and Distance Education (SIDE) – it has been great having several come to visit already this year.

Our school is committed to ensuring our students have the very best of opportunities now and for the future. We welcome our recent Statement of Expectation signed directly between the school and the Director General, bringing all schools under the same reporting arrangements. The expectations contained in the Statement reflect a commitment to hold high expectations of success for every student, use evidence to underpin decisions and sustain high quality teaching in all classrooms.

A recent briefing day for principals of Midwest Schools reaffirmed the department's commitment to supporting schools' needs.

The Director General, Lisa Rodgers, spoke of priority areas across our region, including maximizing attendance rates, ensuring strong and consistent literacy and numeracy teaching from Kindy onwards, and ensuring students make strong progress from year to year. At Shark Bay School we are implementing evidence-based practice and enhancing the consistency of programs across the school. Our School Strategic Plan dovetails with Department priorities, as we continue to 'Learn in Harmony'.

Year 6 Leadership Camp

We set off at 7.30 on Wednesday and I was so excited but scared at the same time. Four hours later we got to Geraldton and went to the school camp to unpack. Then we went to the Boarding House and had lunch there. After the great lunch we went to Geraldton Senior High School and had a look around. Next we went to the beach. *Sophie*

At the beach we made rafts and then had a race, then we went to the camp and played mini golf. After showers we went out for Chinese food – it was very yummy. Then we saw the Sydney Memorial and went back to camp and played Spotlight. *Mathias*

At the beach Joel was the swimming guide who put us in teams. We made rafts and tried floating them. Both fell apart in an instant – it was so funny. Sadly, my team lost, but we did have lots of fun. *Isabella*

On Thursday morning I had six slices of toast. After breakfast we went down to the beach to see who could fill up tubes with holes in them – we lost because all the water came out. After that we went on the zip line for two hours. *Mitchell*

After the games and flying fox we swam and then got dressed to go to the shops. All the girls got the same shirt and the boys all chose the same shirt

as well! After dinner we went to the movies. *Kaylee*

We watched a new movie called Raya and the Last Dragon and in the end the girls started crying. We were all knackered after a busy day. Us boys got up early, ready for breakfast and excited to go on the biff. When we finished we were all sad because our camp was over but we hopped on the bus and went back to Shark Bay School. *Bodhi*

Thinking back over the camp, the best things were the zip line and the biff. It was great to try new things like using chopsticks and orienteering. *Maddy*

We all felt that the camp built our team and leadership skills. We were glad to go and are thankful to Ms Brennan and Mr Riddick for taking us and Mrs Court for coming to help.

Shark Bay School News

Our Upper Primary students are investigating Antarctica. Here are two poems inspired by the topic.

Antarctica is an amazing, spectacular, extreme, beautiful place.

Nippy - it's frosty, the coldest, katabatic windiest place on earth.

Tropical – it used to be a rainforest Gondwana.

Antarctica is the most pristine place on earth.

Rain-forest once - tropical, rocky, volcanic.

Chilly – the snow is chilly, freezing, cold.

Tremendously blustery, frigid and foggy.

Ice-bergs are amazing - they just float around.

Coldest, windiest, chilled, frost-bitten, white-out.

Artic – freezing!

By Gloria

Antarctica is an amazingly adventurous continent in old age.

Nippy and has no nutrients – plants can't grow because of the next level snow and ice.

Tremendously frosty ice now covers it Antarctica – torn, tropical, terrific rain forest that the icy continent used to have when it was Gondwana.

An amusing Antarctic continent stands in an area that takes an adventurous person to go there.

Remarkably, Argentina, New Zealand, Australia, Norway, United Kingdom and France signed a treaty to respect the unrecognised rock age continent.

Cold snow falling from the sky, crevasses with crystal blue ice crashing on to the continuous ice.

TTrue, tremendous stories have been told, surviving tragic nightmares. Mawson and Shackleton went on expeditions on untouched lands.

Ice bergs surrounded in the icy water, immense floes and ice wonders.

Cute, careless penguins cover the land. Communities of different species sit on the water's edge catching schools of small fish and krill.

Aggressive creatures are not the best – skuas, leopard seals and Adelie penguins are not nice, stealing rocks from other nests just to give themselves a rest.

By Bella

Using Connect and Class Dojo

Parents and carers, please keep your Connect and ClassDojo Apps active on your phone – we value being able to communicate with you closely to support your child or let you know, as a community, of anything urgent or important. We tend to use ClassDojo as a messaging service, with more detailed class and school level information and photos on Connect, where you can visit the Shark Bay School Space and individual classes.

Swimming training

Many thanks to Mrs Harrower, Mr Riddick and Ms Kay for running the after school swimming program. It's been great to hear how much the students have progressed. We will be taking a small team to the Interschool Carnival in Carnarvon in week 9 of term.

Council

Many thanks to our new Council team, headed by Sharna Timmer as Chair. Current parent and community members are Candice Uszko and Rich Butterworth, with new community and student members due to start next term. We thank them all for their commitment to school improvement and support.

COVID

We follow all current guidelines and know that the situation could change at short notice - please be alert for messages.

First Aid Qualifications

Shark Bay Youth Group subsidized First Aid Qualifications for some of our Senior Members. Congratulations to Laylah, Kyle and Michelle.

MacAttack Fishing Charter

A VERY BIG THANK YOU to Garth and Amanda from MacAttack Fishing Charters for providing a FREE fishing adventure for our keen anglers! A great time was had by all!

Thank You's

- * Thanks to Shark Bay Hotel, Wildsight Villa's, Oceanside Village, Pensioners at Hughes Street Units & Rob O'Brian for helping us with our Containers for Change recycling.
- * Thank you to Tara and Willie Hannibal for the donated sausage mince... we can't wait to turn it into yummy sausage rolls!
- * Thank you to Dylan Isles for all your support of Shark Bay Youth Group. We will miss you and wish you all the best in your new adventures!
- * As always, a club can't function without members so a BIG SHOUTOUT THANK YOU to our wonderful team; Rick, Jo, Danielle, Tiaza, Jamie, Natt, Julie, Corina, Trudy, Robbie, Jodie, Cath & Candice.

Netball Challenge

We are planning another Netball Challenge at the start of term 2. We will have 4 teams and games will be played from 5.30pm to 7.30pm on a Thursday night at the Rec Centre (22/4, 29/4, 6/5 & 13/5). Registration is \$10 per person. If you are interested in joining a team, please send me a message (0409 331 728) and I will put you in contact with a team captain and send you the Registration Form.

National Youth Week 2021

Shark Bay Youth Group, with the support of the Department of Communities, the Shire of Shark Bay and the Shark Bay School will be hosting some great events over National Youth Week. We will be hosting a "Shrek Movie Matinee" on Wednesday 14th April, "All About ME" Youth Fun Day on Thursday 15th April and a "Super Hero Disco" on Friday 16th April 2021.

Please see flyers around town and elsewhere in the Inscription Post for more information.

Shark Bay Fishing Fiesta - High Tea

Save the date - Sunday 16th May 2021 as Shark Bay Youth Group will be hosting the High Tea during the annual Shark Bay Fishing Fiesta!

We will have an array of delicious, home cooked sweet and savoury delights to tempt you. We will have raffles and lots of great order forms for you to browse through and order (Lorraine Lea Linen, DoTerra Oils, Nutrimerics to name a few). A photo booth will be set up for you to create some long lasting memories of your day with the option of printing them out!

Wet and Wild Water Fun Session

We had a great time with some wet and wild water fun on Wednesday 3rd March 2021. Beau was our MASTER SLIPPERY SLIDER! He not only had the distance but his technique was PERFECT!

Shark Bay Speedway Club

Huge thank you to everyone that came and helped at the track for our busy bee during March. A lot of jobs were ticked off the "work to do in off season list" as we gear up for racing to start the April long weekend.

More panels were installed in our post and panel project leaving an end in sight for us now, with the remainder of the panels planned to be finished at the end of this season. This has been a huge undertaking by the Club and wouldn't have been possible without all our sponsors but we are still looking for more so if you are keen to jump on board just get in contact with the club. A big thanks to Greg Hewitt and Bryan Riddick for managing this job at our busy bee.

Dave Harrower laid the cables to allow for the future use of My Laps, a electronic lap and time scoring technology which our club hopes will be in use by the end of our 2021 season. It was a shame that the cable was accidentally dug up by the grader in the past, but its been a good lesson that we must document important knowledge so it isn't lost or forgotten as volunteers move on or retire.

We also had a good clean up of the trees around the toilet block as well as attacked the never ending piles of leaves. Thanks Judy Britza, Claire Harrower and her kids for tackling this job. The lawn is looking amazing, as always, and we can still claim the best lawn in Denham! Lets hope for some retic shortly.

Eileen McMillan was stoked to see the kitchen completely striped of its equipment thanks to the efforts of Claire, Macca McMillan, Shaun Burton and Robbie Morgan on his forklift. The floor was ground back whilst empty to allow for a new paint coat to be administered, sure to improve the look of the space!

Jamie Burton and Joe McLaughlin attacked the office and storage to discover well and truly outdated first aid supplies (that we didn't even know were stored away out of sight), as well as very outdated 2 way radios and headsets. They even found some very old Far Western programs from the early 1990's. For the rest of the afternoon, its was beers and laughter on the grass under the trees.

Carnarvon Race meet - 6/03/2021 Results

The majority of local Bay drivers and their pit crew entourage and families made the trek up to Carnarvon to compete in their season opener. To begin the juniors were split into new stars and top stars. Beau Morgan has progressed in 2021 to the top stars discipline after competing for 2 years as a new star. After heat 1 of new stars racing with Ella Ricetti dominating the pack and lapping all cars, she was encouraged to have a go at competing against the other top stars. Ella finished the feature in 2nd with Beau rounding out the field in a strong 4th after pushing his Corolla to the max. We can see a faster front wheel car needing to be on the horizon for this driver shortly.

The new stars included our own Tayla Burton and Kaylee Francis who competed against other Geraldton and Carnarvon based drivers. After a hard crash into the wall

at turn 4 by a debut driver from Geraldton in heat 3 (which the girls both witnessed), they experienced their second ever red flag/light instant stoppage.

Luckily they weren't shaken by the visual and Tayla took out the feature with Kaylee finishing a strong 3rd.

Mr Riddick and Shaun Burton represented the field in Street Stocks, by far the most popular division in Shark Bay and Carnarvon Clubs. Mr Riddick debuted his freshly stickered "Lets get Riddickulous" and painted blue car but unfortunately suffered a motor blow out after pushed his car to the max. Shaun after straightening and installing new panels during the off season, finished the night strong but had to come home and bang out a few dents (none at his own error....but thats the fun of racing).

Other local drivers including Mick Reynolds in his sprint car and Dave Harrower in his production sedan competed and represented Shark Bay well and suffered a few small issues during the night with their cars. Dave's car has since been parked up is waiting on a new suspension system to arrive, fingers crossed before racing starts in the Bay in April. Ryan Allen impressed in his production sedan after returning to the sport from a few years break. He could be one to watch out for!

Carnarvon Race meet - 27/03/2021 Results

7 local drivers competed in Carnarvon at the end of March. The track was a bit slippery at the start of racing with Kaylee and Ella spinning out a few times and Tayla and Beau practising their drifting techniques around corners (although not intentional). All raced extremely well and we are excited to see the announcement of lap times in the coming days as we are sure Tayla and Kaylee have new PB times. Ella won the feature race, Beau 2nd, Tayla 3rd and Kaylee 4th.

Shaun represented our Street Stocks division with Mr Riddick pit crewing while he waits for his new motor. As mentioned above, the first heats were all on a slippery track, however the street stock drivers managed to complete the heat without any bingles although all starting the race and entering turn two with half of them sideways!

Young Michael Ricetti debuted in his new modified sedan, it looks very impressive with Mick senior saying he possibly drove the fastest he ever has. Ryan Allen in his production sedan also had a great nights racing and finished strong in the feature.

Mick, new to racing sprint cars in 2021 won the majority of his heats and will be a serious rival for Blake Jackson, a seasoned Carnarvon sprint car driver who was away competing in the Sprint Car state title in Manjimup.

Racing in Carnarvon has allowed our drivers to gain valuable track time and make vehicle adjustments before the commencement of our race season on April 24th here in the Bay.

Cheers Shark Bay Speedway Club committee

Shark Bay Fishing Club

Its starting to form up into a fantastic week so keep your eyes and ears open. There is still plenty of room for community groups to come on board to fundraise so please do not hesitate to get in touch with your ideas. Volunteers are always a great help, so touch base also and let us know how you might be able to help at this community event.

What you can expect to see this year and you can start planning or scheduling into your diary include;

- Bogan Bingo on the opening Friday night - \$10
- Community markets
- Banner in the Terrace, collaborative art workshops
- Kids Recfishwest compulsory clinics for those wishing to enter the kids fishing competition \$5
- Fashion headpiece creation craft workshops
- Kite making display & workshops (small fee)
- Catalogue fundraisers
- High Tea - being organised and run by our local Shark Bay Youth Group \$25
- Quiz night - hosted by the Shark Bay Business & Tourism Association (fees apply)
- Kindy Gym craft & story time party
- Wear Orange Wednesday
- Biggest Morning Tea cancer council fundraiser
- Bingo night (\$3 a booklet)
- Fish filleting & cooking displays
- Community auction
- Fireworks
- Plenty of free entertainment & bands
- Raffles, money boards and much more...

The fishing competition will see each vessel given a complimentary release weight as well as each fisher receiving specialised hooks. In 2019 we only had 19 boats enter, so we plan to educate these fishers on the best fishing practices to sustain our fishing future here in the Bay.

WELL DONE EASTERN STATES EMERGENCY SERVICES!

While we enjoy our beautiful part of our country where it hardly ever rains, we must recognize and commend the great effort our SES cousins and other emergency services volunteers on the east coast have put in especially over the past year and a half. Responding to bush fires, assisting authorities with the response to the "COVID 19", and now floods.

When I watch and listen to the news reports on the floods and see the response of emergency services volunteers, I feel particularly grateful in a selfish way that we do not have a river in our shire that would give us problems such as seen elsewhere. After each bout of armchair ruminating, I come to the conclusion that there are vast numbers of volunteers that are not recognized enough for the invaluable work they do. During events like these floods, the media mostly have salaried staff in front of the cameras but without volunteers out on the job in the dirty dangerous situations, the task of assisting the community would not be done.

So, if you have been affected or perhaps inspired by the sights that you have seen in the media and you feel that maybe even you may be able to help out in some way during such an emergency, then you can contact any one of the volunteer groups in our town that need YOUR help. All groups in town need more volunteers to enable them to respond to their own area of responsibility whether it is the Ambulance, Fire and Rescue, Marine Rescue or even the State Emergency Service. All I can do is to say is "please consider joining one of these groups to look after our community." There will always be something that you can do to assist even if you have not may not recognize it yet.

WHAT'S HAPPENING LOCALLY

Well, it looks as if most of this cyclone season has passed us by with just the one rainfall event and no threat from a cyclone. While it would have been nice to have another day or three of rain to help revive things and wash the dirt and salt off our roofs we can maybe look forward to autumn and winter to follow up with a little wet stuff.

There was some interesting unconfirmed comments about a few leaky roofs in town during that lovely wet day and some people experienced an indoor rain dance. If this is true, then it shows that we all get a bit slack with our property maintenance when there is no wet stuff falling.

Our SES unit continues with our training on the first three Mondays of the month and have welcomed into our merry band a couple of new recruits recently. With the peak threat period disappearing behind us, attention is turning to maintaining our members skill levels. The regional training calendar

for the mid-west and Gascoyne region is been updated and offers opportunities for our members to be trained in new challenges. In the next few weeks, there will be opportunities for members to maintain their currency for vertical rescue and to participate in land search training. In March, most of our members visited our neighbours, Marine Rescue, and participated in the familiarization on their latest addition the Cape Rose vessel. After signing off the induction package, our members will be able to assist the VMR group as additional crew if they are required.

The social activities the unit members get involved with play a big part in establishing great team work and bonding. Our unit has fielded a barefoot bowls team and although at times, all our bowling skills disappeared we have managed to have fun. We thank the Shark Bay Bowling Sport & Recreation Club for running the barefoot bowls as this gives our community a great opportunity for a few hours of relaxing fun (not when a sheep station is on the line)!

For more information about Shark Bay SES, please contact any of our members or me on 0419 902 895.

CROQUET WEDNESDAY 3.30PM

We are invited to the Bowling Club for our games. Currently we have limited Croquet equipment, so if you have any please bring it along.

See you there!

Fay Castling 0427 948 022
Bev Backhouse 0499 771 947

PLEASE REMOVE YOUR LIDS!

GREAT NEWS... WE ARE COLLECTING AGAIN!

The St. John of Gods Hospital in Geraldton and Ewaste recyclers are accepting our collected lids and bread clips. Therefore, save up all your CLEAN plastic lids, bread clips and household batteries only. Please drop them off to Shark Bay CRC at 10 Denham Rd, Denham.

Shark Bay P & C Assoc.

Donations:

Thank you to all of our sponsors to date: The Heritage Resort, Salty Bay Fitness, Shark Bay Hotel, Surf n Dolphin, Burton family, Ms Bec, Shark Bay Pizza, The Old Pearler, Shire of Shark Bay, Shark Bay CRC, Shark Bay Speedway Club, Shark Bay Fishing Club.

These legends donate to P & C year after year so please support our local businesses that keep supporting us and our school children time and time again.

Lunches Fundraiser:

I think we would all agree that the pizza at our last lunch fundraiser was superb, along with all the snacks that were available to order, from sausage rolls, hot cross buns, Easter egg stacks, icy poles and fruit kebabs - it was all yummo. Thanks to Sarah and Chelsea for organising and to the helpers on the day Tianna and Claire H. A healthy \$360.65 was raised from this lunch initiative.

To top that off, the girls have organised another lunch order on Wednesday 21st April. The first week back of Term 2 is looking good already.

Disco:

On Friday the 19th of March, the P & C hosted the first disco for 2021. Breaking the disco into two groups according to their ages appears to be working well. There was a crazy colour theme for this disco and many of the participants dressed up beautifully. Forty seven children came along to have a dance, played some of the awesome games organised by Ms Bec and got a sugar high from the snack bar.

Thank you to our disco helpers Jo Wilkins, Celia Elissegaray, Tish Browne, Claire Harrower and to the parents who come to join in the fun and help out where they could. We raised \$138.50 in profit so far from the disco although we still have snack bar products to turn over at the next event.

Blind Footy Tipping:

A great response to our Blind Footy tipping competition with 37 people submitting their tips. A very close start to round one and two with many tipsters sitting on 13 points. Great

A big thank you again to Claire H for coordinating, Rick Moroney for being a marker and Ms Bec for collecting tips and organising them for us.

Fishing Fiesta:

The P & C will be supporting the Fishing Fiesta event this year on the planned kids day. We hope to host a sausage sizzle, money boards and maybe a cake stall if we have enough interest so keep tuned for more info as we get closer to the event. The kids day will be held on the 15th of May. If you are interested in selling money board tickets on any of the nights or helping at the sausage sizzle please let me know. Many hands makes light work.

Lego Club:

Lego Club has been well attended each week with many wonderful creations being made from marble runs, fruit and veggies, boats, new invention cars and various types of houses. We will be looking for parent helpers to help run these sessions next term so if your kids enjoy going to Lego Club, why not volunteer an hour or two of your time? Thank you to our organisers over term 1: Tish, Claire H, Sarah and Ms Bec.

Coming up in Term 2:

Lunch Order 21st April

Mother's Day Stall and Raffle

P&C meeting 5th May @ 4:30pm in the School Library

Fishing Fiesta 14th-21st May

Have a wonderful Easter and enjoy the school holidays. Thank you for your support,

Natt Dul - On behalf of the P&C Executive Committee

The Friendly Hub

Department of Local Government,
Sport and Cultural Industries
Office of Multicultural Interests

HARMONY WEEK 2021

MONDAY 15 - SUNDAY 21 MARCH

The message of Harmony Week is everyone belongs. Harmony Week is about inclusiveness, respect and belonging for all Australians, regardless of cultural or linguistic background, united by a set of core Australian values.

On the 17th of March, Shark Bay CRC and a lovely bunch of community members celebrated Harmony Week during a Friendly Hub session at the Shark Bay Bowling, Sport & Recreation Club (SBBSRC). These celebrations create an opportunity to think, talk about and recognise how our differences make Australia a great place to live. Thirteen participants on St Paddy's Day, tested their knowledge by doing cultural/flag quizzes, decorated Sensu's (Japanese folding fans) and nattered out multicultural puzzles. As we all bought dishes from our own cultural heritage there was an array of sweet and savoury food to share from green bread rolls, guinness pie, varenyky (savory dumplings), meat pies, salami, jam tarts, scotch biscuits, fairy bread, shamrock short breads, pavlova, sauerkraut, brownies and pancakes.

A big thanks to those who came along to support this event, Julie Robins for volunteering her time to organise the Friendly Hub every week and to the SBBSRC for providing a place for us to host events such as this.

Natt Dul

APRIL FOOLS DAY - WHAT DOES IT MEAN?

Some historians speculate that April Fools' Day dates back to 1582, when France switched from the Julian calendar to the Gregorian calendar, as called for by the Council of Trent in 1563. In the Julian Calendar, as in the Hindu calendar, the new year began with the spring equinox around April 1.

People who were slow to get the news or failed to recognize that the start of the new year had moved to January 1 and continued to celebrate it during the last week of March through April 1 became the butt of jokes and hoaxes and were called "April fools." These pranks included having paper fish placed on their backs and being referred to as "poisson d'avril" (April fish), said to symbolize a young, easily caught fish and a gullible person.

A persuasive argument by a local school child.....

Climate Change Is Killing Our Wildlife

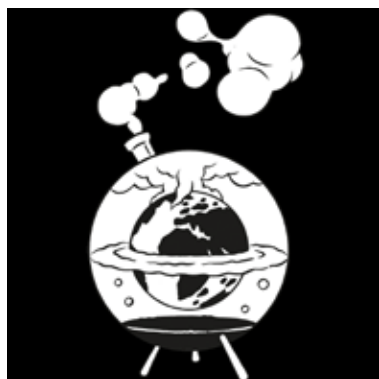

So tell me, what matters to you? I'll give you a few moments.

Think of something that matters enough for you to be able to write over 800 words on the topic. Enough that you would get up and use your voice to tell the world about it.

Well like a lot of you just now, at first, I had a lot of trouble answering this question. Reading through competition submissions of everyday people like yourselves – extraordinary everyday people - answering this same question, I believed I was disadvantaged. I thought, I don't have any disabilities, I don't live somewhere with extreme weather conditions such as drought and I'm not part of the LGBTQ+ community nor any other major movement. Like a lot of people my age, I'm also not very interested in politics or the economy (surprise!), and I haven't had any eye-opening experiences while living in a small isolated town. Honestly, I'm the one thing which most of you adults nowadays roll their eyes at; just an average kid who escapes reality using video games and is just trying to make it through to graduation by the skin of my nose while having no motivation to do any homework (I haven't done any since year 7, but that's our little secret) and dealing with a serious procrastination problem.

I didn't think I had anything worth talking about which would interest you; the people of the world. And let's be honest, would you really want to sit here and listen to me argue about why Overwatch is better than Fortnite? Or that Dare should make a new recipe for their mocha iced coffee because it tastes like the potions which I made as kid comprised of dirt, chalk and water from the back hose? Yeah, I didn't think so. But while entertaining myself with a TV show on a warm Friday night, I came to a realization; I've got some of the biggest advantages of all; ambition, a special place and the knowledge that our biodiversity is disappearing.

Shark Bay was added to the World Heritage list in 1991 and is one of only nineteen World Heritage Areas across the whole of Australia. This spectacular place was given this title for several reasons including natural beauty, exceptional coastal scenery, an abundance of marine fauna, a meeting point of climates and our lush seagrass banks. But the most important reason is that Shark Bay World Heritage Area is home to a great richness of wildlife, including five of Australia's 26 endangered mammals.

I've lived in Shark Bay my entire life and, as boring as it seems after this many years, like majority of the locals here, I can't deny that this place is special. The waters are warm and full of marine life which support our dominant fishing, tour and seafood businesses. There are animals here that you

might never see in the wild anywhere else, such as the mallee fowl, which I was only able to see for the first time last year. The town itself is significantly cleaner than anywhere I've been

before because we aim to keep it beautiful and keep our wildlife safe. But just like rest of the world, like every other World Heritage Area and every other beautiful untouched place, like every animal's home and every ecosystem, our little paradise is being destroyed.

So what matters to me, you ask?

To me, what matters is the conservation of, not just Shark Bay's or Australia's, but the world's wildlife - Our wildlife – and standing up against climate change.

By the time I could hold myself upright on my wobbly legs and babble sounds to the point where anyone who heard would convince themselves that I spoke, I was watching and helping my mum rehabilitate and treat some of Australia's most gentle animals. One of which was the Greater Bilby which is listed as a 'vulnerable' species with less than 10,000 bilbies left in the world. It felt amazing knowing that I was part of something special and I was making a difference, even if it was small. Since then my dream has always been to become a vet. Helping the world's animals is all I've ever wanted to do. And now it's more important than ever that we take action.

Climate change is the most worrying threat to our wildlife today. It has been brewing like a storm for decades, and now that it's effects are becoming more serious and apparent, it won't be so easy to fix. Did you know that in 1880, NASA began keeping record of the global temperature, and since then, the years 2020 and 2016 have tied for the warmest year on record? So as you can see, the effects of this man-made disaster are getting worse, and the solution is us; we have to work together.

Climate change is the biggest threat to wildlife because it doesn't pick and choose like predators and poachers. It doesn't have favourites or a hit-list. Climate change is worldwide and is effecting every animal that walks, swims, hops and flies. It's eating away at the planet's ice and robbing polar bears of their homes. It's cooking koalas and other bushland creatures in its pot of destruction. It's warming the oceans and causing stress to coral, important habitat to marine life, leading to coral bleaching. Climate change is a powerful and merciless force that we've all contributed to, but with everyone's help we can rain on its parade before it rains on ours.

So how can we help?

It starts in your home. In your bathroom, in your kitchen, in your driveway. It starts at your dining table and on your walls and ceilings. It begins with you. Use renewable

A persuasive argument by a local school child.....

energy to power your house and ensure to properly insulate to avoid using heating and cooling as much as possible. Ditch your fridge and other appliances and replace them with energy efficient ones. Reduce your water consumption/waste by taking shorter showers and turning the tap off while you're not actively using the water. Buy water-efficient appliances and fixtures. Make less food waste by eating the food you buy and composting scraps. Ditch the incandescent light bulbs and switch to LED ones. Unplug devices, chargers, cords and appliances when they're not in use. Try use fuel-efficient vehicles to save fuel and money, and maintain your vehicles, for example, by keeping tires properly inflated. Recycle as much waste as possible. Maybe some of these things are not an

option for you? Consider supporting other people and organisations who support our wildlife directly. Follow them on social media, share their posts and information. Spread awareness to other people who can help. Donate; every dollar makes a change.

Even if it's small. Even if you think you're just one little person and nothing will change if you contribute. Even if you don't see the transformation overnight, or in a week, or a month. It all counts.

Our wildlife needs us. And it needs us now.

Conservation Matters - Monkey Mia

Happy Holidays! Below is a message from Parks and Wildlife Service on how to have a safe and happy experience in Monkey Mia.

A friendly reminder Entry permits are required by all visitors to Monkey Mia, including RAC resort guests. Locals just show us your driver's licence or proof of residency to get your free local pass!

Dolphin Experiences:

We recommend arriving for a 7:45am start and can do up to three dolphin experiences before midday, dependent on when the dolphins choose to visit. Participation in dolphin experiences is included in your entry permit. Please present your entry permit to receive a token to join in.

Due to Covid-19 restrictions a maximum of 250 tokens will be issued for each experience. Markers are laid out on the beach to manage social distancing and visitors are encouraged to socially distance on the reserve.

Please complete the SafeWA contact register for your time in Monkey Mia.

Respecting the wildlife:

The dolphins often return to hunt and rest in the shallows of Monkey Mia. For your safety, and to abide by wildlife regulations, if you see dolphins approaching exit the water completely, or move 50m away. If you look closely you may even be able to see the fish the dolphins are hunting or watch the calves learning these skills!

Emus and pelicans are regularly seen in Monkey Mia (and round Denham). We ask everyone to give them plenty of space and not to offer or entice birds with food/water. Emus in the past were demonstrating aggressive behaviour towards people and dogs as a result from unlawful feeding and we don't want this to happen again. Pelicans have also recently been entangled in fishing line after associating people fishing/boating with food. Here is the fishing gear we luckily removed from a pelican last week.

If you see injured wildlife please report it to a Parks & Wildlife Service office or call Wildcare Helpline on 9474 9055

Boating:

For a safe and enjoyable boating experience at Monkey Mia please see the new signage located at the boat ramp or pick up a copy of the Monkey Mia boating guide and

marine reserve brochure. Reminder there is a 5 knot-speed zone and a recreation zone. The RecFishWest app is a great resource for all your bag and size limits and marine park zones in one place.

Visitors wanting to moor please speak to our friendly staff or see the sign at boat ramp.

See our Facebook page for fun school holiday activities!

For more information visit our websites

<https://www.sharkbay.org/place/monkey-mia/>

<https://www.dbca.wa.gov.au/biodiversity-conservation-act>

Any questions please call the Denham office on 9948 226 or Monkey Mia on 9948 1366.

Have a wonderful holiday season, your cooperation is most appreciated.

Monkey Mia Parks & Wildlife Service staff and dolphins.

POSITIONS AVAILABLE

Casual Recreation Centre officers

for relief work and school holiday program's.

You will be responsible for:

- Supporting the day to day operations of the Centre. You will be required to undertake tasks to ensure the facility is appropriately presented and maintained and is a safe environment for users at all times.

Tuesday's during School Terms @ Rec Centre
9:30am - 11:30am
Please bring a piece of fruit to share.

Farewell to Dylan, Kristy and Leeuwin. We wish you all the best on your new journey.

Graham Egan

Born: Sydney, 23 April 1948

Passed away: Shark Bay, 22 December 2020, 72 years

Parents: Jeanette & Stanley John Egan of NSW

Siblings: Robert Egan (brother)

Graham was from a what could be called a fairly tough home back-ground, running away once at the age of 12 and leaving the second time at the age of 14.

It comes as no surprise to those of us that knew Graham that there was a fairly defiant and determined streak evident from an early age and coupled with his Irish temperament was not readily stood over nor slow to use his fists if he thought necessary.

He enjoyed the company of his fellow man and with his ever ready sense of humour fitted in well with the shearers and drovers of the sheep and cattle stations of the outback.

After a stint in the Alice and the back-blocks of the Northern Territory he wound up in South Australia where truck driving filled the bill for a while. But as though filling the sentiments of the Irish ballad of the wild colonial boy, roaming was an integral part of Graham's makeup. However I am glad to say he never actually became a bush-ranger although I suspect the idea would have had some appeal had he come out to Australia a hundred years ago.

Amongst other things this by now quite burly little bloke joined a travelling Circus with one of Sharman's boxing troupes for a couple of seasons. He undoubtedly won some and lost some the name of the game with fair-ground boxing bouts was to give the crowd their money's worth. Graham was no slouch when it came to giving the crowd a run for their money.

But when time came for a change he opted for a less painful way of earning a quid on the Indian Pacific railway in the dining car with the Ghan. In terms of catering skills that proved an invaluable experience as we shall allude to later.

Always game to give something a go there was a time in Graham's life when - wait for it - he helped a mate establish a small independent, annual horse racing show to become a well-known local event called the Jandakot Race Meeting. Probably of no surprise, Graham would ride dressed as a Gaucho with an enormous Mexican sombrero. Far from being an embarrassed teen ager - as Kerry his daughter then was - she muttered 'cool, man, so cool...'

Likewise never one to shirk a community event if there

was a generous attitude with the beer, especially if spiked with something of an adrenaline rush, he did a stint with the Coogee Volunteer Fire Brigade.

He was not really the marrying kind but filled this role long enough to marry a Patricia Mitchell (Nee Ridley) which enabled a very delightful daughter, Kerry, whom you see here today, to emerge on the scene.

With his somewhat nomadic life, it's hard for me - as likewise members of his family - to put together precise dates of Graham's life. But all I know is Graham like so many others here today was coming up to Shark Bay some few years before actually dropping anchor here. He inevitably made his mark.

I don't have to remind locals of his annual Christmas distribution of sweets and soft drinks not too discreetly disguised as Santa, his exuberant and energetic involvement with the annual Fishing Fiesta and similarly his involvement with the Seniors weekly morning tea and bun get-together. His home made cakes were a real treat as were some of the controversial dramas that seemed to eddy around him.

These I won't go into detail here, but as I conclude I want to say this. In my 50 year career here in Shark Bay fighting a variety of controversial causes I found I either emerged as flavour of the month with some, or as popular as a pork chop in a synagogue with a lynching mob hard on my heels. Graham always made me feel a lot better as he too was prone to similar turns of events.

Kerry - I want you to know your Dad was not only a colourful character but also contributed a delightful splash of colour to Shark Bay. Totally unafraid of saying his piece he was one of those men whom you could say would rather do you a good turn than otherwise. There was no malice nor pettiness in him and Shark Bay will be the poorer for his absence but the richer for the memory of him.

God bless you mate as likewise the family and the little dog you left behind.

CRC EDITORIAL POLICY & ADVERTISING

EDITORIAL POLICY

The Inscription Post is produced monthly by the Shark Bay Community Resource Centre in good faith as a means of providing information to the community and to promote the Shark Bay area positively.

An Editorial Management Committee of the Inscription Post has been delegated the

responsibility of the editorial role of the Inscription Post and is supported by the Management Committee. All materials submitted by the community are to be factual and non discriminatory. The Editorial Management Committee has the right to edit any items submitted for print, including abbreviating, spelling, grammar and also may

withhold or not print at all, any material considered unsuitable or offensive with no explanation needed.

We are more than happy to accept articles free of charge (subject to the Editorial Management Committee's approval), but limited space is available, so please keep submissions short – a maximum of one page unless

prior approval is granted by the Editorial Management Committee. The author's name must be supplied for any contribution. The articles printed in the newsletter do not necessarily reflect the views of the Editorial Management Committee, staff or volunteers or management committee at the Shark Bay Community Resource Centre.

The Inscription Post is available for purchase from:

- Denham IGA X-Press
- Discovery Centre
- Shark Bay News & Gifts
- Shark Bay Supermarket
- Surf n Dolphin Gift Shop
- Useless Loop

If you are interested in selling the newsletter in your store, contact the Shark Bay Community Resource Centre.

1/8 Page: \$20.00
1/4 Page: \$30.00
1/2 Page: \$50.00
Full Page: \$75.00
Subsequent pages: \$60.00

A discount of 1 month cost applies to advertisements which are paid for the full 12 months in advance. We are happy to design your advert! Do not hesitate to contact us. All cancellations of adverts must be received in writing at the Resource Centre.

The Inscription Post costs \$2 to purchase. This price covers the cost of paper and printing expenses. Postal Subscriptions: \$80.00 per annum

Please address all enquiries and correspondence to:
The Editorial Management Committee - Inscription Post
Shark Bay Community Resource Centre. PO Box 58, Denham WA 6537
Telephone: 08 9948 1787 -
Facsimile: 08 9948 1823
sharkbay@crc.net.au

The DEADLINE for submissions into the Inscription Post is the 25th of each month

**Please send your articles to:
sharkbay@crc.net.au**

Western Australia

Silver Chain Shark Bay
Normal business hours
Monday to Friday
(excluding public holidays)
9.00am to 12.30pm
& 1.30pm to 4.00pm

Telephone: 9948 1400

Silver Chain provides AFTER HOURS health services for EMERGENCIES ONLY

After Hours Emergencies

EMERGENCY

If you call the Shark Bay Health Centre after hours you will be transferred through to Health Direct where a Registered Nurse will ask you a number of questions to determine whether you need further emergency assessment by the Shark Bay nurse. If you require further assessment, your call will be put through to the local nurse.

Examples of an EMERGENCY include:

- Breathing difficulties
- Chest pain
- Severe abdominal pain
- Bleeding that can't be controlled with first aid
- Convulsions and fits
- Deep lacerations
- Eye or ear injuries
- Uncontrolled high fever
- Loss of consciousness
- Pregnancy – bleeding or onset of labour
- A very sick child
