After Hours Emergencies

Silver Chain

Western Australia

Silver Chain Shark Bay

Normal business hours

Monday to Friday

(excluding public holidays)

9.00am to 12.30pm

& 1.30pm to 4.00pm

Telephone: 9948 1400

Silver Chain provides AFTER HOURS health services for EMERGENCIES ONLY

After Hours Emergencies

Emergency

If you call the Shark Bay Health Centre after hours you will be transferred through to Health Direct where a Registered Nurse will ask you a number of questions to determine whether you need further emergency assessment by the Shark Bay nurse. If you require further assessment, your call will be put through to the local nurse.

Examples of an EMERGENCY include:

- Breathing difficulties
- Chest pain
- Severe abdominal pain
- Bleeding that can't be controlled with first aid
- Convulsions and fits
- Deep lacerations
- Eye or ear injuries
- Uncontrolled high fever
- Loss of consciousness
- Pregnancy – bleeding or onset of labour
- A very sick child

AED Automated External Defibrillator

In our region AUTOMATED EXTERNAL DEFIBRILLATORS (AED) are located at

Executive Officer's Report

As the end of the financial year approaches, our staff and committee will begin the task of brainstorming and identifying our targets, activities and opportunitites for the coming financial year and including these in our 2017/2018 Shark Bay CRC Business Plan. Many might struggle to find the time to put a Business plan together as it may seem like more unnecessary paperwork to any business or community group, but the time invested in your business plan will pay off many times over.

The Shark Bay CRC Business Plan is a living document in our CRC here, constantly updated and reviewed by myself to ensure our staff and committee understand what needs to be done to move forward.

Some of the most obvious benefits we have been able to identify from having our own CRC Business Plan include;

- An opportunity to test out a new ideas to see if it holds real promise of success
- A clear statement of our organisations mission and vision
- A set of values that can help us steer your business through times of trouble
- A blueprint we can use to focus your energy and keep your organisation on track
- Benchmarks we can use to track your performance and make midcourse corrections
- A clear-eyed analysis of our industry, including opportunities and threats
- A portrait of our potential customers and their buying behaviors
- A rundown of our major competitors and your strategies for facing them
- An honest assessment of our organisations strengths and weaknesses
- A roadmap and timetable for achieving our goals and objectives
- A description of the products and services we offer
- An explanation of our marketing strategies
- An analysis of our revenues, costs, and projected profits
- A description of our business model, and how we plan to make money and stay in business
- An action plan that anticipates potential detours or hurdles we may encounter
- A handbook for new employees describing who we are and what your company is all about
- A résumé we can use to introduce our organisation to suppliers, vendors, lenders, grant funders and many others

Our CRC would be more then happy to assist other community groups or businesses to create your own plan for a fee if you are struggling to find the time, so please contact myself to schedule an appointment.

Million Paws Walk

To link in with current town festivities, the CRC organised our local Million Paws walk on Mother's Day during the Fishing Fiesta. 13 big, little, fluffy and sleek dogs came along and in the majority of cases took their owners for a walk (haha) along the foreshore. We were able to raise and donate $65 to the RSPCA. Who would have thought we had a such a variety of dog breeds here in the Bay, Beagles, Blue Heelers, Border Collies, Kelpies, Maltese, Staffy's and so on. A big thanks to the owners and the well behave pooches for particpating in our walk.

Biggest Morning Tea

Everyone knows someone affected by cancer. Today, there are more than 1.1 million Australians who are either living with cancer or who have survived a diagnosis. The Cancer Council is the nation's leading cancer charity, uniting the community, creating hope, providing support and saving lives.

A big thankyou to the 60 people and organisers who came along to our Biggest morning Tea fundraiser and donated and brought along a plate of food to share. We were able to raise $400 exactly, which will be forwarded onto the Cancer Council to assist with their vital research.

Thankyou and travel safe on the roads.

Jamie Burton

In May

your local Ambo VOLUNTEERS responded to...:

000 EMERGENCY

12 **emergency calls for an Ambulance!**

WHY PAY AMBULANCE MEMBERSHIP FEES?

St John

St John Ambulance
Shark Bay Sub Centre

Because it can save you a lot of money!

Do you know that a basic ambulance call out from the Shark Bay Hotel to Silver Chain will cost you $484?

For Membership fees of just **$69 per single and $113 per family** you would be covered for all of these costs.

This amounts to a little more than **$1.30 per week for a single or 18 cents per day.**

Most pensioners over 65 are covered (please check your eligibility). **It makes sense to pay St John Ambulance fee, doesn't it?** *saintjohns1@bigpond.com*

The Chain of Survival

- ***Early Access:*** Recognise an emergency and call 000 **IMMEDIATELY**.
- ***Early CPR:*** Begin Cardio Pulmonary Resuscitation (CPR) **IMMEDIATELY**
- ***Early Defibrillation:*** Use the Automated External Defibrillator (AED) ASAP
- ***Early Advanced Care:*** Transfer to professional care.

Media Release

Wednesday 5 April 2017

1800-call-a-doc GP trial to continue

The 1800-call-a-doc telehealth GP trial has continued beyond its original 31 March finish date due to its popularity.

The after-hours general practitioner (GP) service has been running since April last year in rural and remote areas in southern WA and will be extended until 30 June 2017.

1800-call-a-doc allows country residents and carers to use their phones and the internet to contact GPs for non-serious acute medical problems when their regular GP is not available.

The service has proven particularly useful at peak holiday times and for communities that do not have regular access to GP services.

It is available on 1800 225 523 or by visiting http://1800calladoc.com.au/

1800-call-a-doc is available to all people in the Midwest, Goldfields, Wheatbelt, Great Southern and South West.

Improve Your Mobile Coverage on the Move

Your mobile solution to improve 3G/4G voice and data coverage

The Cel-Fi GO mobile for the major mobile networks is the ideal product to boost and distribute a 3G/4G mobile signal in a Car, Ute, Tractor, Sprayers, Header, Boat or even a home.

Now in use by emergency services Australia wide as well as the mining & marine industries.

We also have Cel-Fi units (Cel-Fi Pro) with a range of up to 40 metres for sheds & houses.

- **Boosts voice calls and mobile internet for multiple mobile devices**
- **The device is rugged with a rigid cast-aluminium casing**
- **Extends Mobile Phone Battery Life**
- **Eliminates Dropped or Missed Calls**
- **Improves Voice Quality**
- **24 month warranty**

With a **30 day money back guarantee** you can be sure that you will be happy with the boost in signal.

Staying connected has never been easier with the Cel-Fi

SHIRE PRESIDENT'S REPORT May 2017

Adventure Park
The adventure park on the Denham foreshore has made it to the shortlist for a Parks and Leisure Association award in the innovative structure under $500 000 category. The results will be announced at an awards night in Perth on 16th June. The park certainly is well utilised by kids and adults and makes great use of the old Denham and Monkey Mia jetty timbers, so let's hope it also gets due recognition outside of Shark Bay!

Shark Bay Fishing Fiesta
Congratulations to all involved with the Fishing Fiesta. Once again, it was really well organised and brought a lot of visitors to the Shark Bay area. And what awesome weather there was for the event!

Shark Bay Arts Council
It was another resounding success for the Arts Council, with this year's Barefoot Black tie event being held both at Monkey Mia and the Denham foreshore.

Monkey Mia Resort Expansion
Everyone's probably aware now that RAC will soon be commencing the redevelopment of the Monkey Mia Resort which has been on the agenda for some years with previous owners. The expansion will include expanding the current caravan and camping facilities and also constructing new self-contained family accommodation units. There will also be improvements to other sections of the resort as well, so some of the caravan and camping areas will need to be closed for a few months whilst these developments take place.

Powers of Council
Just a reminder that the Shire Council (and Administration) has to abide by relevant State legislation and Local Laws when making decisions, regardless of councillors' personal opinions on any issue.

Lately, a Council decision has been cited by a local business person as the reason why a discount on his product can no longer be provided to the local community, as councillors' approved an application by a land owner for a use that was allowable under the town planning scheme.

BORNEO EXHIBITION GROUP
Est. Perth, 2003

The committee of the Borneo Exhibition Group would like to congratulate the Shark Bay Fishing club on their successful 2017 Shark bay Fishing fiesta.

We wish to thank the club for allowing community groups such as ours to take advantage of the opportunity to raise funds by providing evening meals and some of the other activities throughout the week.

We also wish to thank everyone that supported the Shark Bay Schools Sandakan scholarship by their purchase of meals on the occasions we catered and by their attendance at the quiz evening.

Thank you and we wish you all well as you commence planned for next years event.

Joe McLaughlin

June 2017

New campaign encourages West Aussies to 'Stay Just Another Day in WA'

West Australians are encouraged to 'Stay just another day in WA' and explore their own backyard as part of Tourism WA's new caravan and camping campaign launched in May. The campaign is using radio, print, digital and social media channels to encourage West Aussies to go caravanning and camping more often and enjoy the benefits of extending their stay. Industry is encouraged to get involved in the campaign by ensuring their listing is up-to-date on the Australian Tourism Data Warehouse (ATDW), as the campaign drives consumers to www.westernaustralia.com. Industry is also encouraged to post relevant caravan and camping content on social media using the hashtag #justanotherdayinwa. For more information about the campaign and how you can get involved please see the attached fact sheet.

Did you know that as a member of the Tourism Council you are eligible for discounts on everything from Insurance, First Aid Training & Kits, Graphic & Web Design to advertising and more.

To find out what is available head to www.tourismcouncilwa.com.au/services-discounts.

Get Featured in the Tourism Council Newsletter

Tourism Council WA is seeking content from Accredited Tourism Businesses for the upcoming July School Holidays edition of the Trust the Tick Consumer Newsletter.

If your Accredited Tourism Business has any special offers, discounts, events or other activities planned for the July school holidays, please email to tcwa@tourismcouncilwa.com.au. Don't forget to let the Discovery & Visitor Centre know as well. We can't inform visitors of your special deals if we don't know about them!

Welcome to Shark Bay

We'd like to extend a warm welcome to Ken Reynolds and his family, the new owners of the Shark Bay Caravan Park. We wish you all the best on your new venture in Shark Bay.

If you have some news or information you would like to share please email sbdc@sharkbay.wa.gov.au

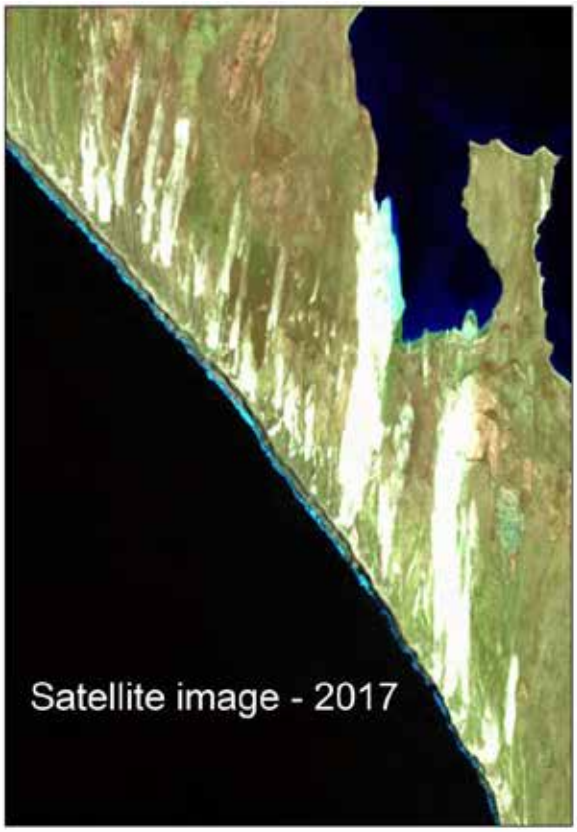
Conservation Matters - Parks & Wildlife

Vegetation recovery on Dirk Hartog Island

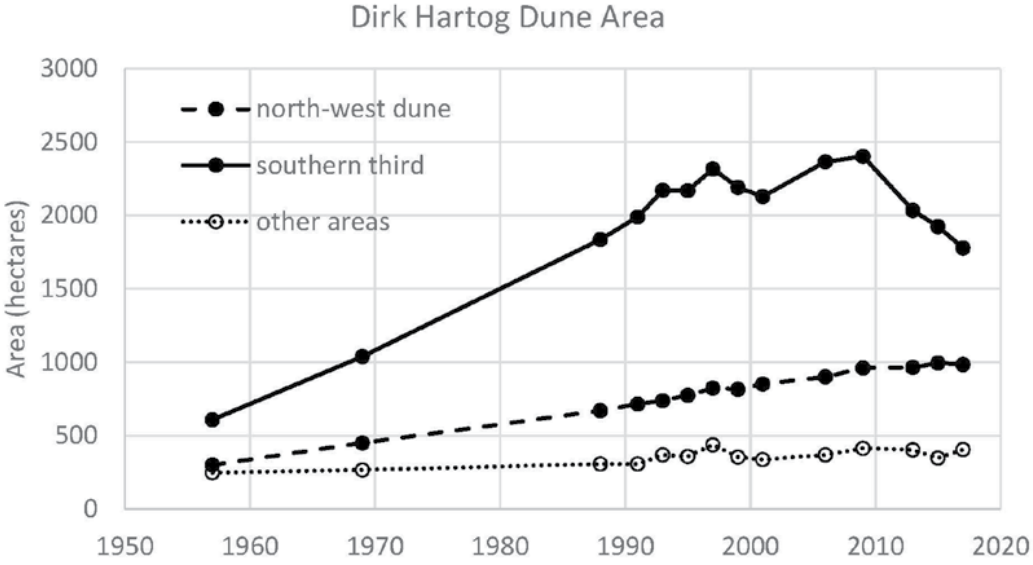
The big sand dunes on Dirk Hartog Island are shrinking! To be more precise, vegetation cover on the dunes is increasing and this is great news for wildlife.

In 2009 the area of sand dunes on the southern third of Dirk Hartog was 2402 hectares. This dune area has decreased by 625 hectares to 1777 hectares in 2017. That's an increase in vegetation cover of 30% on those dunes.

Look closely at these images to see the difference in the size of the white dune areas in the two images.



The graph below shows the area covered by dunes on different parts of the island and how they have been changing over time. The northern dunes shrunk for the first time with an 11 hectare reduction between 2015 and 2017.



Conservation Matters - Parks & Wildlife

The Department of Parks and Wildlife has monitored changes to vegetation on Dirk Hartog Island since 2007. The vegetation monitoring program uses satellite images along with extensive ground validation to build a picture of how vegetation cover on the island is changing.

Changes were first detected and analysed using hundreds of satellite images collected at near monthly intervals since 1988. Areas showing increased cover were then checked on the ground to determine whether areas of increased cover were native or weed species. Many were found to be native species.

Many sheep and goats have been removed since 2007, eliminating the only large herbivores on the island. Sheep were declared eradicated in June 2016 and *Return to 1616* is on track to declare eradication of goats in the second half of 2018. Removal of these animals and their grazing and browsing activities means recovery and protection of the vegetation and habitats needed by small to medium-sized native animals.

Combined with the eradication of feral cats also expected in 2018, Dirk Hartog Island is looking good to begin translocating native animals late next year. Two hare-wallaby species will be the first translocations and they will come from Bernier and Dorre Islands Nature Reserve.

Banded hare-wallabies once ranged across southern Australia but now only occur naturally on Bernier and Dorre Islands Nature Reserve. Animals from Bernier Island were successfully reintroduced to Faure Island in 1998. They are territorial and form runs under dense shrubs and spinifex.

Wild populations of the rufous hare wallaby remain only on Bernier and Dorre Islands Nature Reserve. They are solitary and live in low scrub and spinifex.

Although there is no evidence of these two hare-wallabies occupying Dirk Hartog Island in the past, it is like they did occur there and establishing them on the island will help ensure their survival.

This project is funded by the Gorgon Barrow Island Net Conservation Benefits Fund.

Art exhibition - *Celebrating the nature of Shark Bay*

Parks and Wildlife is teaming up with the Shark Bay Arts Council for another exciting project. This time it's an art exhibition and we're inviting the Shark Bay community to join in by exhibiting your art.

The exhibition theme is *Celebrating the nature of Shark Bay*, which we all do in our own ways. It would be great to see what you love and celebrate about the nature of Shark Bay. Paint, sculpt or write about it and we'll display it in the office in Denham and then in the display at Monkey Mia over the September/October school holidays.

People will be asked to nominate their favourite artwork and the 'People's Choice' accolade will be presented to the artist with the most nominations. Call 9948 2226 for more information.

PARKS AND WILDLIFE

DIRK HARTOG ISLAND RETURN TO 1616

PROJECT EDEN

School-based Traineeship, in Aquaculture, a huge bonus for Shark Bay SIDE student!

Exciting times exist for Shark Bay student Molly McAuliffe who is enrolled at the School of Isolated & Distance Education (SIDE).

SIDE, which ranks as one of the biggest schools in the world and local business organisations embark on on-the-job training programs to develop Core Skills for work in young people while they are still at school.

School-based Traineeship (SBT) programs allow students in Years 11 and 12 to commence a training qualification while still at school. Students enter into a legally binding contract between the employer, themselves and the family. The beauty of the program is that it is linked to helping them achieve Secondary School Graduation (WACE), plus it enables them to get a reduction in their qualification time… so it's a win, win situation all round.

The local organisation who became readily involved as a host employer is Ocean Park. Molly was signed up for a Certificate II in Aquaculture linked to Central Regional TAFE. Edmund Fenney, the owner of the business is the key trainer in Molly's school to work program. "This support of local youth is greatly appreciated" says workplace learning coordinator Gay Tierney. Ocean Park Aquarium is at the leading edge in offering local youth an exciting and relevant training option and should be held up as a role model for other regional towns to follow their lead.

The SBT comes under the coordination of the Apprenticeship Traineeship Company in Geraldton. They are the official employers. Congratulations must go to David Power, their Field Officer, who has helped pull the programs together.

A comment from Molly explains the positives of such a program. "*I am really loving the work at Ocean Park as it gives me an opportunity to work with marine animals which is my passion. I hope to continue with my marine studies after I complete Year 12.*"

Molly has completed an Open Water Diving Certificate and is considering do advanced training as she loves the diving experience.

Molly is all smiles as she listens to David Power, ATC Midwest Field Officer explain the program.

Molly with the paperwork for her Certificate II in Aquaculture.

Gay Tierney believes the SBT program at SIDE, which is also offered in other schools across the state, will grow in numbers each year because students see it as linking their present school studies with post school intentions. It has relevancy to their lives. Gay believes it has many hidden advantages to all stakeholders ... students, parents, the school and community. She along with the family would like to say thank you to Ocean Park Aquarium for their commitment to local youth. This leadership and support is to be highly commended!

Gay Tierney
ADWPL Coordinator

Community Notices

Western Australia Day

Monday 5, June

In **June 5, 2017** we will be celebrating Western Australia Day. Commemorating the day when Western Australia's coast was first sighted from the merchant ship Barque Parmelia. This led to the establishment of the Swan River Colony, the first permanent British colony in Western Australia. Western Australia Day (formerly Foundation Day) is officially celebrated on June 1, but the public holiday is observed on the first Monday in June.

On June 1, 1829, Australia's west coast was sighted from the *Parmelia*, although the ship did not reach anchor until the following day. Later that year, more ships arrived in the area and Perth was officially founded. The area was known as the Swan River Colony until 1832, when it became known as Western Australia. In 1834, Stirling, who was now administrator of Western Australia, decided to hold an annual celebration to unite the settlers, masters, servants and Indigenous Australians within and around the colony. June 1 was the chosen date because it was the anniversary of the first sighting of Western Australia from the *Parmelia* and marks an important victory for the British navy over the French in 1794.

Congratulations Shark Bay Fishing

Club for an outstanding 2017 Fishing Fiesta. The atmosphere at the Marquee was awesome and the committee is always so approachable and friendly.

Shark Bay's P&C, Stingrays Softball, SES & Firies, along with the Borneo Exhibition Group, Yoga and Meilka's Orphanage all wish to :-

Thank You!

for allowing our respective groups an opportunity to fundraise at this community event.

Fishing Fiesta 2017

Shark Bay Fishing Fiesta

www.sharkbayfishingfiesta.webs.com Ph: 0427 272 560

The 23rd annual Fishing Fiesta has come to a close with our hard working volunteers catching up on plenty of sleep and finally getting our houses and lives back in order. Our community is drawn together to host this event, with many items being borrowed from other groups or individuals (marquees, bain-maries, eskies, tables, toilets etc), as well as cash sponsorship provided for prizes and entertainment, goods for the auction and inkind donations. This great support from our community, local and regional businesses as well as grant funding providers will ensure this Fiesta continues into the future, providing Shark Bay with economical benefits for our community as well as fish research statistics for the Department of Fisheries.

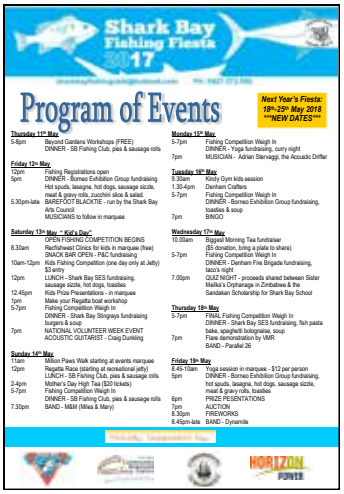
2017 STATS	
Baldchin Groper	8
Black Snapper	72
Bluebone	31
Cobia	14
Coral Trout	16
Coronation Trout	3
Crab	22
Estuary Cod	28
Flathead	17
Mackeral	47
Mulloway	11
Pink Snapper	66
Rankin Cod	57
Red Emperor	35
Spangled Emperor	31
Spanish Flag	61
Squid	61
Sweetlip Emperor	70
Tailor	3
Trevally	32
Tuna	13
Whiting	30
Yellowfin Bream	13
TOTAL FISH	741

Its early stages of wrapping up the finances but at this stage, it has been suggested we were able to raise $10,000 for our community. We look forward to using the funds to assist with the 2018 event and also hearing feedback as to where this money could be spent here in Shark Bay.

It was a very successful community event with plenty of local community organisations capitalising on their chances to fundraise including the Borneo Exhibition group (school scholarship), Fire Brigade, P&C, SES, Stingrays softball team and Yoga. These clubs did an amazing job catering, not knowing what the attendance numbers would be (as we didn't either) and on most nights sold out, catering for a crowd of around 75 people. The Fishing Club appreciates all the hard work each of these groups put in to enhancing our Fiesta and by taking special consideration to the health and safety requirements for food handling. Meals were all prepared on site at the marquee or by utilising the commercial kitchen at the Recreation Centre. A big thankyou to the Shire for allowing these groups to utilise these commercial facilities. Profits ranged from $500 up to $2,000 so great work to everyone!

The Fishing competition welcomed 90 fishers this year and only 23 boats. 5 Junior anglers entered which was fantastic to see as well as 14 locals from here in Denham. Our kids Catch and Release fishing competition, followed a fantastic fishing clinic by Recfishwest representatives where participants were educated on the correct handling and releasing of fish procedures. As you can imagine, the kids had lots of fun, with several decent 40cm Flathead being weighed in and released as well as Bream and baby Bluebones. Everyone received goodies bags and followed safe practices.

Most fishers that participate in the competition have been coming to Shark Bay for years and many own their own holiday houses. Geoff Franz, and his crew from his boat Keep R Wet advised they spent around $4,000 alone of fuel during the Fiesta. They did some kms!



Shark Bay Fishing Fiesta 2017

Program of Events

Next Year's Fiesta: 18th-25th May 2018 ***NEW DATES***

Thursday 11th May
6-8pm Beyond Gardens Workshops (FREE)

6pm PRIZE PRESENTATIONS
7pm AUCTION
8.30pm FIREWORKS
8.45pm-late BAND - Dynamite

HORIZON POWER

So much happened over the week, the Shark Bay Arts Council and Gascoyne in May crew putting on a fabulous show once again, Craig Dunklings National Volunteer Week acoustic performance, a delightful High tea allowing Mother's to enjoy a Mother's Day celebrations, local musicians Adrian, Miles and Mary and the Parallel 26 band for jamming several nights away, Bingo (now that was hilarious to see some people having all the luck and winning numerous times) as well as a Quiz Night, Biggest Morning Tea fundraiser, Million Paws Walk, kids boat regatta race, Kindy Gym and Crafters sessions. A little something for everyone!

A big thankyou to all the Fishing Club committee and our volunteers. Everyone pulled together but I need to especially thank; **Cath South** – our calming High Tea and food specialist, **Brian Child** – our tradie energizer bunny, always on the go, and for keeping the pies and sausage rolls well stocked, **Andrew Cruickshank** – unfortunately had to work for the duration of the Fiesta

Shark Bay Fishing Fiesta

www.sharkbayfishingfiesta.webs.com Ph: 0427 272 560

but was able to ensure our toilets were emptied when needed. He was also a great presence on the gate to ensure no one came or left with alcoholic drinks, **Shaun Burton** – our resident bar man, gate master and general go doer, **Stephen Mills** – for taking our fishers registrations, setting up our prizes and auction items, **Erin Walton** – Biggest Morning Tea queen, drinks planner, money handler and always ensuring all the jobs got done, **Sharna Timmer & Tacy Beales** – volunteered all week without being on our committee, setting up daily, recording at fish weighins, bar work, packing away and so much more, **Tiaza Sellenger** – mumma bear had that bar covered, she always leant a hand when we needed and she could, **Errol Bartlett-Torr** – for taking charge of the PA and helping me with the banter at weigh ins. My hands were full with the PR, liason with fishers and identifying fish at the weighins (which I did enjoy), thanks to the educational fishing related banter from my son Seth.

Lastly every single other volunteer that helped in some way or another; Jeff Walton, Judy Britza, Joe McLaughlin, Bec Stanley, Cheryl Teague, Rosie Seager, Sam Williams, Sietske Hunn, Claire Cooper, Reece Galvin, Natt Dul, Belinda Russell, Johnny G, Bryan Riddick, Shark Bay Youth Group, Meagen Gooch, Dave, Chad & Claire Harrower, Drew Shalders and the list goes on and on and on so I apologise to anyone I have missed. Numerous fishers who come up for the competition also leant a hand or offered. THANKYOU THANKYOU THANKYOU

Next years Fiesta will hopefully be as great but we always aim to get better. We have learnt several lessons as you do after any event and we look forward to recruiting new valuable volunteers from our community to help plan and run this event in 2018. The dates change in 2018 to move away from Mother's day, and we can't wait to see you again on the 18th-25th May 2018.

As always....'wishin for some more great fishin'

2017 Fishing Fiesta Quiz Night

Firstly, I would like to say a big thank you to all our sponsors this year: The Old Pearler, The Shark Bay Hotel, Shark Bay News Agency, Surf and Dolphin, Yadgalah Aboriginal Corporation, Denham IGA, Bunnings of Geraldton and Dan Murphy, Currambine.

Secondly, and just as important our wonderful quizzees! Thanks for such a great response. I hope you all liked the "themed" quiz questions. It was amazing because it changed the whole dynamics of the quiz. It meant that not just the brain boxes and trivia buffs got to hog the answers, but everyone had a chance to score. In fact, there was only 7 points between the winners and those coming in last!

So... in the end we made $1022.20 and one Canadian Dollar! That meant $511.10 went to both Deb's orphans and Joe's Sandakan Scholarship fund. Well done all and to quote Deb – thank you, thank you, thank you!

We accepted Foose Ball as Table Football, but not Joe or George as the Jailbird in Monopoly – not Mr Ed or Ben Cousins either (though it wouldn't be a bad idea!)

A lot of you placed Eddie Charlton as the first televised 147 in Snooker; sorry wrong! Eddie's career peaked in the years before Steve Davis claimed that title. There has been 131 televised 147's to date, and James Bond was not one of them!

Tricked you! Nearly everyone thought that table tennis was first played in China, not one team credited the poms...." Table Tennis was invented in England in the 19th century as an after-dinner pastime for elites, who used the tops of cigar boxes for paddles, books for nets, and a cork for the ball." Even the name Ping Pong was English!

Once again thank you all so much, for your support, and for being so much fun!

Sherry

Term Two

The term has begun really well. The classes are all working hard on our term theme of 'Shark Bay Bird Life'. The students are beginning to realise the wealth of bird life we have in Shark Bay. NAPLAN testing is happening this week for all the Year 3 5 7 and 9 students. We look forward to seeing all the mums this Friday at our special Mothers' Day Morning Tea and hope you enjoy what the students have organised for you.

NAPLAN 2017

NAPLAN is an annual national assessment of all students in years 3, 5, 7 and 9. Students are assessed in spelling, grammar and punctuation, writing, reading and numeracy. The tests are scheduled for this week Tuesday 9th to Thursday 11th of May. All schools across Australia complete tests on the same days. For more information visit www.det.wa.edu.au/educationalmeasurement

Reports

Reports will be sent home on Wednesday 28th June. Student achievement in the learning areas taught is reported in PP-2 by achievement descriptors only e.g. excellent, high, satisfactory and for Year 3-10 letters (A-E) and descriptors. The level of these grades are set by the Department of Education. If you have any queries or wish to discuss your child's progress please make an appointment with your child's teacher.

Hair Checks

Each week the school conducts regular hair checks. Parents of students who are found to have hair lice are contacted and asked to treat their child. If the school is unable to contact a parent a note is sent home with the student outlining treatment expectations and the procedures the school will follow from section 27 of the School Education Act.

Assembly

The next assembly is Friday 26th May. The KP students will be presenting their item. Friday 30th of June will be our Red Nose Day assembly. We look forward to seeing you at the assemblies.

P&C Meeting

The next General Meeting is Wednesday 7th June 2017. Meetings are held in the School Library at 4.30pm Everyone Welcome

School Council

Monday 29th May 2017 at 3.30pm in the School Library.

Interested parents who are keen to be involved in the School Council can contact Reception on 9948 0000

Winter Carnival

Thursday 8th of June competitors from year four to six will have the opportunity to travel to Carnarvon for the annual Winter Carnival. After school training began last week on Wednesday 3rd of May. Ms Brennan will train the netballers and Mr Riddick the soccer team. Students who are invited to attend the carnival must display good behaviour in school and at training.

Red Nose Day

Friday 30th of June is Red Nose Day and an assembly. Make sure you wear a RED outfit for this important fund raising event and bring a gold coin donation. Great prizes to be won on the day.

Term Two Theme of Shark Bay Birds

This term Kindergarten to Year 6 students will be learning all about Shark Bay Bird Life. Later this term students will have the opportunity to participate in a bird observation excursion to Nicholson Point and Little Lagoon. All Students from K to 12 can enter the school's Shark Bay Birdlife photographic competition and have the opportunity to win great prizes. If you have any resources or knowledge of this topic and are able to share it with the school please see your child's teacher.

School Terms 2017

Term 2	26th April - 30th June
Term 3	19th July - 22nd September
Term 4	10th October - 14th December

Pupil Free Days are 24th April, 17th and 18th of July, 9th October and 15th December 2017

Behaviour and Attitude Trophy

Faction points are awarded in each class for students who display positive behaviours and effort. At the end of the week the name of the winning team in each class is sent to Reception; the winning faction is acknowledged and receives a certificate. Dolphins *and Sharks were winners for week 1 and Dolphins were winners for week 2.* **The faction being awarded the most faction points over the whole term of term one for positive behaviour and attitude is DOLPHINS!** They have been acknowledged by receiving the winning cup which can be viewed at Reception.

VHF Marine Radio

Marine radio operators licence for the operation of VHF marine radios.

If anybody wishes to sit their Marine Radio Operators Certificate of Proficiency (MROCP) examination, this is now available here in Denham. Participants will need to purchase their own manuals, $40 + postage $2.50 surface mail available from the Australian Maritime College or view on line.

A charge of $83 is made by AMC for the exam papers and they will be arranged by the supervisor, but there will be no charge to sit the test. For further information about the MROCP or MROVCP please contact

Joe McLaughlin on **0419 902 895**

VMR Shark Bay

VMR Shark Bay received a phone call from WA Water Police on the 28th April about 0730 tasking us to investigate an epirb [emergency position indicating radio beacon] signal coming from an area at the northern end of Dirk Hartog Island.

Chris and I set off in Rescue 4 with an approximately 20knot SE wind behind us, the further north we travelled the rougher the sea became slowing us down from 26 knots down to around 12 knots.

We were able to make contact with the stricken vessel when we reached the position given to us and they radioed that they were moored in Turtle Bay, another 6 nautical miles further on.

On arrival there we found they were in company of another vessel that wasn't big enough to tow them back to Denham in those conditions. We put a tow rope on their vessel, got the three crew on board Rescue 4 and proceeded to tow them back with the other vessel sheltering behind in our wake for a smoother ride. There was a few hairy moments crossing the bar off the SE point of Turtle Bay with an ingoing tide running against a 1.5 metre sea but nothing we couldn't handle safely.

After a slow run south at 8-9 knots for a couple of hours we were slowly able to increase speed as the SE wind

abated, finally arriving back home in Denham at 1430 some 6.5 hours after we set off.

The reason for the breakdown was given as dirty fuel that couldn't be flushed at sea as they had no more filters available.

Like all VMR, St Johns Ambos, Firies and SES groups we are always in need of volunteers so if you wish to acquire new skills and have time on your hands please do not hesitate to get in touch with the group of your choice.

Thank you John Nelson

Boolbardie Golf Club

WANTED: Golf Players

CRITERIA:
High / Medium / Low handicaps and beginners
BENEFITS:
Fun company, good views, exercise, after game drinks and presentations, attend games as often as you like.
TIME: 2pm Wednesdays and Saturdays

or turn up at the golf club 20mins prior to tee off.

Boat Servicing

Anyone in the Shark Bay/Denham area that needs servicing on their outboards? Midwest Marine will be in town the week beginning Monday 19th of June. The duration of the stay will depend on how many people need our services.

Our hourly rate is $132p/h inc gst plus the cost of parts and there will be travel costs involved but the more people that get services done the more we will be able to share the cost between everyone.

If you would like to make a booking or if you have any questions please contact Tash on 9964 9874 or send her an email admin@midwestmarine.com.au with your outboard and contact details.

Shark Bay School P&C

Mother's Day

On Friday the 12th May, the teachers and students at Shark Bay School hosted a wonderful morning tea for all the Mum's, Nana's and Aunties to enjoy. We were even privileged to have the W.A. Symphony Orchestra playing beautiful music in the background. Bec Moroney coordinated a fantastic Mother's Day Raffle that was drawn at the end of the morning tea. Thank you to our sponsors who kindly donated to the Raffle:

- Shark Bay Hotel
- Shark Bay News and Views Newsagency
- Goodies donated by Esther and Bec

Also a big thanks to Jamie (the gardener) who went around selling tickets for us on the day.

Congratulations to all our winners and a big 'thankyou' to all those that bought a ticket.

Recipe Books

Our modest little Seafood Recipe Books have been selling quite well, with 61 already sold at the fishing fiesta. At $3 and with some fabulous local recipes why not get yourself a copy. We have them on sale at CRC or at the front reception at the school. Thank you goes out to Kylie for compiling these booklets, Anne for binding them and to all those who contributed your recipes to them… Thanks!!!

Fishing Fiesta

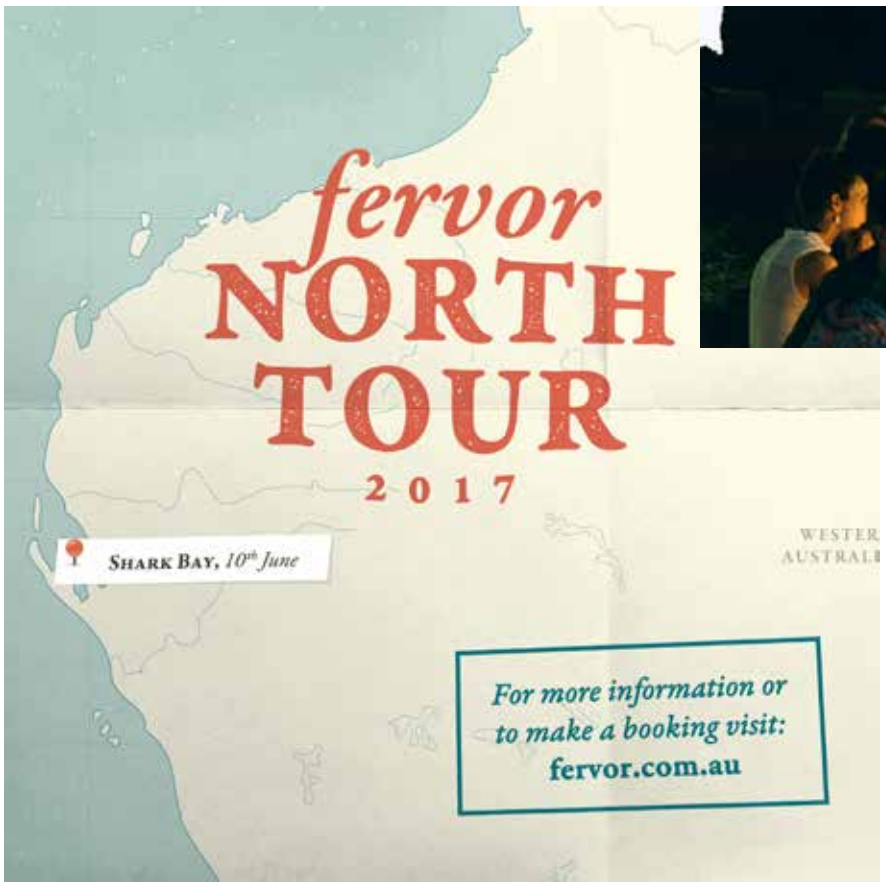
Thank you to this year's organisers at the Shark Bay Fishing Club for giving us the opportunity to sell our Seafood Recipe Books as well as having a snack bar on the Kids Recfish Fishing day. Well done on another successful Fishing Fiesta.

Next Meeting- Wednesday the 7th of June 2017 at 4:30pm in the school library. All welcome.

Thanks for your support,

Natt Dul

P&C President



DATE AND TIME
Sat. 10 June 2017
4:30 pm – 9:30 pm

LOCATION
Little Lagoon,
80 Monkey Mia Rd
Denham, WA 6537

Fervor harnesses locally sourced and native ingredients which are presented in a unique 8-10 course long table degustation held in a secret location. Diners will be treated to ingredients such as marron, green ants, crab, youlk, wattleseed, seaweed, wallaby, muntrie berries and many other exciting uniquely Australian ingredients. This is a highly interactive evening and we encourage guests to get up and view the cooking and plating throughout the night, which is done in front of the dining table. This special dinner not to be missed, and we look forward to having you as part of our ever-expanding Fervor family!

Important Information:
- $199.54 pp includes a pre-dinner drink, snacks, 8 courses, petit fours
- Event is BYO
- We recommend bringing warm clothing and comfortable footwear.
- Dietary requirements can be met, so please be sure to enter these beforehand whilst booking
- Menu is given on the evening

By attending the dinner you agree to the disclaimer below.
Please be aware that while the utmost of care is taken in the preparation and serving of food to accommodate dietary requirements, we take no responsibility for unspecified allergies. We take no responsibility for any injuries occurred whilst attending the dinner. We reserve the right to cancel/postpone or move any event due to unforeseen circumstances. In this unlikely event, you will be notified as soon as possible.

The Fullness of Christ.

Have you ever felt that emptiness? A need that just can't be satisfied. Perhaps because of a great loss in your life, someone you loved has died, or perhaps been unfaithful, and has shattered your faith in humanity, perhaps you have had an accident, or suffered ill health which has left you with constant pain, any of these things can leave you feeling helpless, you have never really felt whole again. You may have tried Alcohol, Drugs, countless relationships which never work out, you can move interstate, or even overseas, but you can't outrun it, it is still with you that empty place deep inside that nothing can fill. Many people have driven themselves to suicide because they never find the answer. There are groups that will try and help you deal with the problem of drug and or alcohol abuse, even excessive eating, failed relationships, and they do a wonderful job. But they will never fill that emptiness deep inside. If any of this relates to you, please don't give up in despair, there is a way.

Jesus Christ said. *"I am the way and the truth and the life."* <John chapter 14: verse 6."
And again in chapter 10: verse 10. "*I am come that they may have life, and have it to the full."* If you have lost faith in the world, Jesus is always there for you, the Bible tells us that Jesus is the same yesterday, today, and tomorrow.

I say again do not despair, Millions of people have found salvation in Jesus Christ. Who better to understand your pain, the pain of suffering, the pain of searing loss, the pain of rejection and injury, Jesus came for just that reason, so that through his suffering he would understand your pain. Jesus came so that all of mankind could be reunited with God.

He came to save us the trouble and pain that we put ourselves through.

And what did he get for his trouble? He was rejected by his own people, the very people he came to save, he was subjected to humiliation, and ridicule, finally he was condemned to death, he was flogged and nailed to a cross, and left hanging until he died.

And all this by the ones he came to save. In three days God raised Jesus from the dead, and he lives today in the hearts of all who believe in him. He is still true to his word and will grant salvation to all who believe in him.

In John's gospel chapter 3: verse 16. We are told that *"God so loved the world that he gave his one and only Son that whoever believes in him shall not perish but have eternal life. For God did not send his Son into the world to condemn the world, but to save the world through him."*

If like me you have felt that you are unworthy of Gods love, or that he would not accept you, take heart. In Matthew chapter 9: verse 13.

Jesus himself said *"I have not come to call the righteous but sinners".*

But for those who think they are good, and do not need Gods salvation,read Ecclesiastes chapter 7: verse 20.

"There is not a righteous man on earth who does what is right and never sins."

Mark Sewell, Denham community Church.

The Call A Doc service is operated by ReadyCare®, a joint venture between Telstra Health and Swiss telemedicine provider, Medgate.

FREE GP CARE BY PHONE IN RURAL WA WHEN YOUR GP IS NOT AVAILABLE

CALL A DOC

Free GP care by phone in just 3 easy steps

STEP 1	Call us on 1800 CALL A DOC (1800 225 523)
STEP 2	Give your personal details and a summary of your condition to our medical administrator, so we can determine if a telehealth GP can help you
STEP 3	The GP will call you at your appointment time to provide care via phone or video

To aid in your consultation you may be asked to send us an image of your condition. You can also choose to have your consultation via video from your video enabled device, such as a smartphone or computer. Instructions will be emailed to you prior to your consultation.

This telehealth service may not be suitable for all circumstances or conditions. It cannot be used in emergencies or for life-threatening illnesses or injuries.

If you require emergency assistance, call 000 for immediate help.

What is Call A Doc?

Call A Doc is a free telehealth service that allows you to consult with an Australian based fully qualified GP via phone or video, when your regular GP isn't available.

A telehealth GP can provide you with advice, diagnosis, care and treatment for a wide range of conditions and illnesses, that you might see your regular GP for. They can also prescribe certain medications and provide specialist referrals when appropriate.

Free GP care in regional Western Australia

The WA Country Health Service, the WA Department of Health and the WA Primary Health Alliance is working with ReadyCare® to provide GP care by phone or video for residents and visitors in southern inland Western Australia including the Great Southern, Wheatbelt, South West, Midwest and Goldfields regions, when your regular GP is not available. This service is at no cost to you as the patient.

To see if you are in an eligible area:

- visit our website **www.1800calladoc.com.au** and enter your postcode
- call us on **1800 CALL A DOC** (1800 225 523)*

This service is available until 30 June 2017

GP care when your GP is not available

Sometimes you just can't get to your regular GP, such as when it's late at night, on weekends or when there is no GP in your town.

That's when the Call A Doc telehealth service can help.

This service can provide advice and clinical care for a range of non-life threatening conditions.

It's as simple as making a phone call. You can even choose to have your GP consultation by video too.

Friendly, qualified GPs

Call A Doc GPs are based in Australia and are fully accredited and registered, so you can be confident in their care. They have a minimum 5 years experience, and most work in their own GP practices too. The GPs have also received specific training in diagnosis, treatment and communication with patients via video and teleconferencing.

Complementary care

This telehealth service is not a substitute for your regular GP – it's a complementary service for those times when your usual GP may not be accessible e.g. after hours. After your consultation, with your consent, we will send a care summary to your regular GP so they know what you've talked about. If you don't have a regular GP – we can help you find one.

The telehealth GP will only prescribe certain short term medications when appropriate, and you will be advised to see your regular GP for review and follow-up during normal consulting hours.

FAQs

Where is the free Call A Doc telehealth service available in WA?

Currently, the service is available in WA's Great Southern, Wheatbelt, South West, Midwest and Goldfields regions. This excludes the Perth metropolitan area and the Peel region.

To see if you are in an eligible area, enter your postcode into our website **www.1800calladoc.com.au**, or call us on **1800 CALL A DOC** (1800 225 523)*
This service is available until 30 June 2017

Do I need any special equipment?

No. It's as simple as making a phone call.

If we ask you to send in an image of your condition, or you would like a video consultation, we'll send you the instructions on how to do so. All you need is an internet -enabled device like a smartphone or laptop.

* Free call from landlines and most mobile phones. Call charges may apply from mobile phones dependent on your mobile provider and plan.

Denham Seniors & Crafters News

Seniors

Our Seniors group is ticking along and plenty of enthusiasm was shown at our General Meeting which was held on Wednesday 24th May 2017. A few activities are being planned with several members looking into the finer details before dates are set. After our successful Xmas bowling evening we are in the process of organising another trip to the Bowling club for the end of June. Other ideas done before are being looked at again as we know we are limited here by our distance. Ocean Park, Mini golf, BBQ on the foreshore, Hamelin Pool are being investigated by members and will be discussed and dates decided at our upcoming AGM in July.

Our Annual General Meeting will be held on Wednesday 5th July 2017 at 10am in the Shire Hall when all positions will be vacated and open to allow some new blood to come forward with some fresh ideas. If you are unable to attend and would like to nominate yourself or others or cast an absentee vote please come along in the next month to our regular morning teas on Wednesdays and we can give you any information. You can call me on 9948 1757 if you prefer.

Finally a big congratulations to the Shark Bay Fishing Club committee who organised the Fishing Fiesta. Wow!! a High Tea in Denham who would have thought. Wasn't it fabulous. Ladies and I must say definitely ladies the way you were dressed up and looking fantastic. Food was glorious, and real teacups and saucers, I felt I was transported somewhere else. On Mothers Day it was so lovely for those of us and that is most of us here in Shark Bay who don't have our family near. This was so nice so it is a big thank you from the Seniors and all of us here in Shark Bay. By the way the Youth Group who waited on tables, wonderful, your parents should be so proud. Then we had the Biggest morning Tea which was also a great success. So well done to our local Fishing Club.

Join in for a cuppa!

$3 only for a coffee tea & homemade cake!

We meet every Wednesday morning
at the SB Shire Hall (corner of Hughes & Durlacher Streets)

Please come along and have a cuppa and enjoy a chat.

We welcome anyone 55yrs and over to join our group.

Any visitors to Denham please feel welcome to join us, even if you are only passing through our town.

Crafters

Denham Crafters meeting Tuesday afternoons 1.30 – 3.30 Shire Hall. All welcome. $3.00 cuppa and a chat and share some crafty ideas.

Thanks and Cheers
Shirl

GASCOYNE DEVELOPMENT COMMISSION
Supports Shark Bay SES

PLB ASSISTS IN THE RESCUE OF COUPLE BOGGED

Readers would have heard of a couple that were driving through a remote part of the Kimberley recently when their vehicle became badly bogged. Unable to get out of the mud by their own resources, they activated their Personal Locator Beacon (PLB). The Australian Maritime and Search Authority (AMSA) in Canberra received the signal which alerted them to the position of the travellers. Supplies were dropped to them from the search aircraft and they were then lifted out back to civilisation by helicopter a day or so later.

They had to leave their vehicle where it was bogged and would have had to arrange to return to salvage their vehicle at a later date, however they were rescued and in good health. This incident highlights the value of taking precautions when travelling in remote areas by having the technology that assisted their rescue as these travellers lived to take another drive on another day.

Our SES unit has been promoting the purchase of PLB's in recent times as a life saving device and also as a means of saving volunteers many hours of searching for people that are overdue and or lost in these remote areas where we now have vehicles with the ability to take us far off the beaten track. The Shark Bay SES unit has PLB's and marine EPIRB's available for purchase. These can be obtained at the Community Resource Centre at very reasonable prices as the unit has been able to source them direct from the manufacturer. Proceeds from the sale of these units go towards assisting the unit to purchase equipment that is not available through the standard funding. The CRC also benefit as they do earn a small commission by handling the sales on our behalf.

THE BIG WHITE TRUCK

At the end of the next school holidays, the Mid West Gascoyne region of DFES will be conducting an incident control vehicle training weekend here in Denham. There are a number of these vehicles based around the State which are staffed by volunteers that are on call to respond to anywhere the ICV is deployed.

The vehicle is stacked full of communication equipment and computers and other tech gear which enables the crew to assist the incident management team to deal with whatever incident it is sent to assist. Currently there is a small team trained to operate the $750,000 vehicle who are mostly based around Geraldton. The purpose of the July visit is to enable volunteers from the northern parts of the region to be trained so they may assist whenever the ICV vehicle is deployed in the Gascoyne area at incidents such as large bush fires, cyclones or floods. In other words, most likely around Carnarvon.

NEW UNIT TRAINING ROSTER

Our members have decided to change the regular 3 nights a month training programme to one where there is one weekend each month set aside for intense training and then shorter evenings on one or two Monday evenings each month where the effort will be on maintenance of equipment and premises as well as enjoying some fellowship time.

If you are curious about what we do and how we do it, you are most welcome to come and check out the unit and our happenings. Contact Joe on 0419 902 895 for more details. You can also check out our Facebook page to see some of the exciting stuff we get up to.

Cheers Joe McLaughlin

Shark Bay vs Geraldton Rovers - Soccer Match Report

Soccer is not a traditional pastime in Shark Bay, but over the last two years huge improvements can be seen in results on the field and from this reporter's perspective – the only way is up! From 10-2 and 9-5 losses in the club's first two competitive games it was a much closer affair this time around. A narrow 3-1 loss at Geraldton Rovers on 29 April saw the boys from the Bay return with their heads held high, hopeful for a win next time around.

It is no small feat to organise an event like this and thanks must go to Joe Curran as Shark Bay club captain and organiser in chief. Thanks also to Francis Noguera, President of Rovers, for hosting the game and accommodating the Shark Bay team so warmly in Geraldton (one of the best post-match sausage sizzles ever by the way). Events like this bring communities together so thank you to the Shark Bay locals that travelled to Geraldton to support the team. And finally for getting us all there and back safely thanks to the Shire of Shark Bay for providing bus hire.

The game itself (not to sound cliché) was a game of two halves. An extremely tense and competitive first half left the scores 1-1 at half time. Rovers first goal was cancelled out by a spectacular own goal by their centre back as he lashed the ball into his own net from 30 yards! The second half started well for Shark Bay with more chances being created kicking with the wind. Shots rained in on the Rovers keeper and crossbar. Unfortunately despite sustained pressure a break away by Rovers (with more than a suspicion of offside) led to them taking a 2-1 lead. Heads didn't drop for Shark Bay but pressing for an equalizer and with tired legs late in the game Shark Bay was caught on the break conceding a third in the dying minutes.

Soccer in the Bay is in its infancy when you compare it to the tradition of the annual Footy game against Kalbarri. Over the last two years there have been three games hosted in the Bay and in Geraldton but already the similarities are there. Soccer will never be Football in Shark Bay but it does have the potential to create a similar tradition with links to other communities up and down the coast and that is something worth continuing.

If anyone is interested in playing soccer please come to the Rec Centre at 6:30pm on Wednesdays for our weekly indoor game. All abilities are welcome and it is free – why not give it a try!

Kind regards
John Craig

Seth's Fishing Report

Hi its Seth guys. Lately I have been able to do heaps of fishing because of the Fishing competition at the Fiesta. I saved up my $50 to enter and weighed in a fish every day. The heaviest fish I caught all week was a Spanish Mackeral and weighed 6.635kg. I was lucky as I got 2 days off school to go fishing with my Uncle Brett as I was apart of the fishing team Yellow Canary which includes me, Uncle Brett, Kaneo, Spud and Tapper.

We went fishing over at the Bar one of the windy days. Tapper got the first fish of the day, a Tailor at 48cm. He used a lure to catch it. I was fishing at one stage and thought I caught a good Flat Head but it turned out to be a Long Tom. When I measured it, I yelled out how big it was to the boys, 81cm and it turned around and bit me on the left side of my left kneecap. He went straight back in the water.

I got Blackies to tell use about also. I went over to the other side of the Bar. I dropped down my bait and I thought something big like another Long Tom striked at my bait but when I reeled in it turned out to be a Mackeral. I dropped down again in my lucky spot and caught a decent Blackie. I bleed it straight away and put it on ice in the esky then dropped my line once again in my lucky spot. I then hooked up to yet another Blackie. I also caught a baby Pink and when I reeled it in a massive Mulloway chased it up to the edge. I yelled out "oh my god that is the biggest Mulloway I have ever seen" and I looked over and Uncle Brett was charging down the Bar. He got over to where I was fishing and cast his line but the Mulloway had swam away.

About 5 minutes later I went over to stand near Uncle Brett, I asked him to help me hook my bait (a mullie) onto a single hook I had on my line (as I am not that good just yet). He taught me how, and laughed at me for only having one hook. I cast it out being silly and my line and rod started doing something strange. I realised I had something a bit different, and guess what it was a Tailor. When I finally saw it there was another chaser Tailor following it in. I got it close to the shore and Uncle Brett told me to run up the beach so the fish doesn't fall off. We placed it on the Brag Mat and it measured 66cm, which gave our Yellow Canary boat points. We released the fish and guess what, I won the Tailor category at the comp with that fish.

After the Bar we drove off towards what we call Creek 14. We started on one side, and noticed a Flathead following my lure. It hooked itself, didn't like it so it got off and swam away. I cast out again in another spot and hooked up to a massive sized Yellowfin Bream. The Bream got off (I was definetly getting all the good hits) but we went back to the boat and drove to the other side of the creek. Uncle Brett, Tapper and Spud went off up the creek while Kaneo and I stayed on the boat. I borrowed Kaneo's bait runner and cast out a plastics lure to try some different fishing techniques. I had the lure still in the water for a bit while I sat down, but we realised after awhile it was getting massive bites. I wound in the lure as the fish got off and it chomped the soft plastic in half. In general we had a really good day but I clearly out fished the rest of the Yellow Canary crew, representing Shark Bay fisherman. Spud had a real bad days fishing.

Another morning I joined the boys and we went to Dampier Reef up the top near Turtle Bay. I caught the first fish, a Honeycomb Cod. We kept it and it was a decent sized Honeycomb they tell me. Then Tapper ended up hooking a Rankin Cod. He landed it and we bleed it and iced it straight away. Thats how you should do it. Spud finally caught something a good Rankin also. Kaneo then caught a good Baldchin Groper which made me jealous. Tapper got yet another fish a Red Emperor and Uncle Brett was spewing as he missed a big Red Emperor. He did though catch a little Red Emperor next. I caught my first, a PB Red Emperor, not sized but 39cm that day. So close to keeping size as Red Emperor have to be 41cm to keep.

Then we moved into the reef at Turtle Bay. I was using a hand line and caught myself an undersized Tuskfish. I saw something following our lines in and it was a Estuary Cod. I caught him next that cheeky fish. I got snagged with a fish on about 7 minutes later then another 10 minutes

later with some help we finally got the fish off the snag. I pulled it up and it was my first ever Mangrove Jack. I had a really great day!

On the last Friday night, the presentation night of the Fiesta, I was lucky enough to receive lots of prizes.

- 1st prize for Tailor, in the adults open comeptition
- 1st place for winning the Boat Regatta
- 1st place for 9 years + in the kids competition
- and an Encouragement award as a junior angler in the open competition

It was a great Fiesta, I had lots of fun and can't wait to have a go again in 2018. I will keep on fishing so keep on reading.

Seth Burton – 9 years old

P.S I also caught my first Pig fish at Dampier Reef with Brett. I asked the boys what they taste like and Tapper said "If you cook a Pig fish with a rock on the bbq, when the fish is ready, throw the fish away and eat the rock".

If you are interested in selling the newsletter in your store, contact the Shark Bay Community Resource Centre.

Editorial Policy

The Inscription Post is produced monthly by the Shark Bay Community Resource Centre in good faith as a means of providing information to the community and to promote the Shark Bay area positively.

An Editorial Management Committee of the Inscription Post has been delegated the responsibility of the editorial role of the Inscription Post and is supported by the Management Committee. All materials submitted by the community are to be factual and non discriminatory. The Editorial Management Committee has the right to edit any items submitted for print, including abbreviating, spelling, grammar and also may withhold or not print at all, any material considered unsuitable or offensive with no explanation needed.

We are more than happy to accept articles free of charge (subject to the Editorial Management Committee's approval), but limited space is available, so please keep submissions short – a maximum of one page unless prior approval is granted by the Editorial Management Committee. The author's name must be supplied for any contribution. The articles printed in the newsletter do not necessarily reflect the views of the Editorial Management Committee, staff or volunteers or management committee at the Shark Bay Community Resource Centre.
