Executive Officer's Report

Reducing financial red tape for associations

The Department of Mines, Industry Regulation and Safety Consumer Protection recently released the Associations Newsletter (Issue 31) and advised financial reporting thresholds for community groups, associations etc will be increased under new regulations aimed at reducing the burden on WA's incorporated associations.

The revenue bands will be increased as follows:

- Tier 1 – currently less than \$250,000, will become less than \$500,000.
- Tier 2 – currently \$250,000 to \$1 million, will become \$500,000 to \$3 million.
- Tier 3 – currently more than \$1 million, will become more than \$3 million.

This proposed change is part of the State Government's commitment to red tape reduction and sees the thresholds become consistent nationally.

The current three-tier system of reporting is based on the association's revenue. It is designed to minimise the obligations on small associations, while ensuring larger associations are accountable to their members for their financial management. The new regulations, currently being drafted by Consumer Protection, will bring WA in line with the national reporting requirements of the Australian Charities and Not-for-profits Commission (ACNC), providing simplicity, clarity and consistency.

Information regarding the current financial reporting requirements is available from their website or by accessing the following link - <https://www.commerce.wa.gov.au/consumer-protection/associations-financial-reporting>.

Tackling Indigenous Smoking (TIS) program

The Tackling Indigenous Smoking (TIS) program aims to improve the health of Aboriginal and Torres Strait Islander people by reducing the prevalence of tobacco use through health promotion activities.

Kate the Health Promotion Practitioner and Tackling Indigenous Smoking Project Officer at GRAMS – Geraldton is offering their TIS services to work with organisations to review and/or develop smoke free policies and provide smoking education and cessation support resources to your team.

There are legal obligations in relation to workplaces and smoking with which compliance is critical to avoid prosecution. However, there are more benefits to a comprehensive smoke-free policy than avoiding legal action from workers.

A smoke-free policy encompassing all indoor, outdoor, garden areas and carparks creates a healthy work environment by substantially reducing the risk of exposure to second-hand smoke. A policy that is supportive and non-discriminatory can create a space where smokers feel supported to quit.

Creating a smoke-free workplace could benefit your organisation and community members in the following ways:

- Decrease employee absenteeism
- Increase work productivity

- Increase staff morale
- Improve health of employees
- Decrease early retirement due to ill-health
- Lower annual healthcare costs
- Lower risk of fire damage, explosions and other smoking-related accidents
- Lower cleaning and maintenance costs
- Reduce risk of worker's compensation claims from passive smoking
- Enhance corporate image
- Reinforce your organisation's commitment to a healthy workplace
- Raise awareness of the health risks of smoking and encourage employees to cut down, quit or manage their smoking

GRAMS is keen to work in consultation with teams to update or develop your smoke free policies to protect both the health of staff, clients and community members.

Safety Equipment

Our office assists Fisheries by providing information (stickers, brochures, tide charts, access to fishing and government websites and fishing licenses) as well as marine safety equipment including off shore flares and now also personal floating device lifejackets (including self inflating jackets).

*Cheers

Shire President's Report

Congratulations Shark Bay!

As mentioned in the previous report, Denham was crowned the Tiny Tourism Town (population below 1,500) in the GWN7 Top Tourism Awards, which are administered by Tourism Council of WA. The awards recognise and reward towns that demonstrate a strong commitment to encouraging tourism and increasing visitation to their area.

The nomination for Denham was prepared and submitted by dedicated staff at the Shark Bay World Heritage Discovery and Visitor Centre, whose efforts are to be commended, as the application included; an editorial article of 800 words on why visitors should visit Denham and the experiences available, also a short video featuring key attractions and shown to judges and the audience, plus a potential itinerary for the target market.

Councillor Vankova, Deputy President, attended the conference and accepted the award on behalf of the Shire. As the winner of our category, the Shire will receive a \$5,000 advertising prize package from GWN7 an on-air acknowledgement, an electronic logo and framed certificate. The Discovery Centre Coordinator will develop a television advertisement which will showcase the Bay and appear on GWN7 later this year.

Grant Funding

In addition to the funding from Horizon Power announced in June's IP report, the Shire has secured a further \$20,000 from Lotterywest to assist with an inaugural Beats in the Bay Festival, which it is hoped will become an annual event on our calendar.

Below are just some of the grant funded local road and community infrastructure projects that Shire staff are

currently undertaking;

- Dual use pathway Stella Rowley Drive to the lookout plus adjacent to Town Hall
- Installation of an additional gazebo and signage at Little Lagoon Creek
- Purchase and installation of hard shade structures at the foreshore adventure park
- Installation of additional solar street lighting
- Creation of accessible for all access at the Recreational Centre and installation of an automatic door for the Town Library, plus expansion of electronic locks to Rec Centre and Town Hall.
- New reticulation and resurfaced lawn areas at Town Oval and Foreshore

Cheers

Cheryl

Employment Opportunity

- *Part Time Customer Service Officer*
- *Casual Customer Service Officer*

We are seeking part-time and casual staff members who are passionate about the Shark Bay World Heritage Listed Area and promoting tourism.

This role offers a high level of variety, autonomy and ability to use your creativity in promoting Shark Bay region. Working roster is inclusive of weekend hours.

We are seeking a person with excellent people skills to provide outstanding customer service. Previous sales background and a willingness to learn. Reliable and responsible person able to operate with minimal direct supervision. Experience in tourism promotion and retail will be highly regarded.

For a copy of the job description, please visit the Shire of Shark Bay website (www.sharkbay.wa.gov.au/council/other-council-information/employment).

To apply, please email a copy of your resume and a covering letter outlining your experience and skills by close of business on Friday 12 August 2022 to the Shire of Shark Bay at admin@sharkbay.wa.gov.au

The shortlisting process may commence before the advertised closing date.

nbn Sky Muster Plus satellite service now offers more data

People connected to nbn Sky Muster Plus satellite service can now access video streaming for

16 hours a day - between 12am (midnight) and 4pm and use Virtual Private Networks (VPN) without it counting toward their monthly data allowance.

This means between the hours of 4pm and 12 am midnight, only video streaming and VPN use will count towards a user's monthly data allowance.

Activities like online shopping, internet banking, sending and receiving emails, audio streaming, video calling, and Wi-Fi calling will NOT count towards a user's monthly data allowance for the full 24 hours.

This is a major improvement for customers and responds to their calls for more data, plus it comes at no extra wholesale cost.

For existing nbn Sky Muster Plus users, the changes will automatically be applied.

New customers and existing nbn Sky Muster customers can enquire about upgrading to nbn Sky Muster Plus by calling their preferred internet service provider.

To find out more visit www.nbn.com.au/skymusterplus

A Month in Town with the Boys in Blue

It goes without saying that town has been busy with both the school holidays and the Far Western Speedway taking place over the last month. By all accounts the speedway was very successful and from the little action we managed to witness while on patrol, it looked like everyone was having a great time.

We like everyone else however are extremely disappointing with the actions taken by a few who seen fit to damage a vehicle later in the evening at the event. This brings me to a point that we have raised many times in the past, and certainly I am sure some have heard me speak about many times to them and others. Please, secure your property by locking your doors, do not leave personal items out on view and lock your vehicles along with not leaving things on display. Over the holidays we had a number of items stolen from around town along with other tasks involving properties around town. These incidents do not only occur during holidays they are only increased due to the higher number of people in town. It is worthwhile remembering that we have a large number of short term rentals in town, this means that people who visit our town do not only stay at the caravan parks and other accommodation along the front. They are vacationing in homes all over town and by not securing your property and leaving things out the front. You are trusting that everyone who passes by are like you and would never take from another. Unfortunately that is not the case and we ask that you make it harder for crooks by not leaving things on show and securing your property.

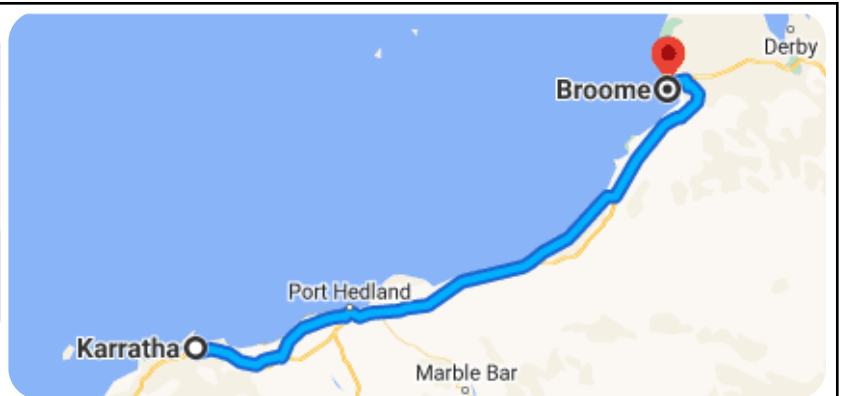

Over the course of last month we have charged four people with drink driving, now that number may not seem high but for a town this size with our population I can assure you it

is high. Now if you ask me a single person charged is one too many, and as police officers we have heard all the excuses and old wives' tales about one drink an hour and having some food before etc. The truth is that the only way to ensure you do not put your life and everyone else on the roads life at risk. Is if you are driving do not drink alcohol, that is the only way to ensure you are not going to be over the limit. We often have people question us as to why we conduct RBTs early in the morning believing that no one would be intoxicated that early. Unfortunately, the reality is that we charge people as a result of those traffic actions and that is why we will continue to conduct them.

In other news, a few days ago we conducted an operation together with both Fisheries and DBCA out at the Overlander targeting people leaving the area with all three agencies focusing on the areas they specialise in. It was great to get out working with other local agencies and it was pleasing to see that on the whole people were doing the right thing.

Lastly, a massive thank you to the volunteers at VMR, SJA and DFES who have assisted us lately. We are always so grateful for their assistance and amazed by how quickly they will drop what they are doing to help others in need.

*Colin
First Class Constable*

Support the Sgt

This year our very own Shark Bay OIC Sgt Gannaway, will yet again undertake the annual Karratha to Broome Bike Ride in aid of WA Police Legacy. The 826km ride leaves Karratha on 10th of August and arrives the following day. That is a massive 826km in around 30hr, this ride is undertaken by two teams, leap frogging non-stop all the way.

The ride is an effort to raise funds for the fantastic WA Police Legacy. This fundraising enables them to provide the necessary support to 407 Police Widows, about 50 children and 7 Police Widowers. Assistance is provided in the form of and not limited to, educational

support, counselling, gifts, camps, activities, events, driving lessons, financial assistance, training and Police Remembrance.

If you would like to make a donation, it is tax deductible, come and see me at the station and I can give you a receipt.

Shark Bay School News

NAIDOC Day

We celebrated with an Assembly, activities and a fish curry lunch on the last day of Term 2, 1st July and it was great to see so many coming together to enjoy the day with us.

Our school student population is 25% Aboriginal, and our school culture and expectation is that there is no difference in opportunities provided, or in outcomes achieved, between our Aboriginal and non-Aboriginal students. At our NAIDOC Day Assembly we formally gave Malgana names to our Learning and Administration blocks –

‘Mardirra’ means ‘pink snapper’ and is our name for Learning Block 1.

‘Wuthuga’ means ‘dugong’ and is our name for Learning Block 2.

‘Buyungurra’ means ‘turtle’ and is our name for Learning Block 3.

‘Yalibidi’ means ‘emu’ and is our name for our Administration Block.

We have a very busy term planned, including some special incursions. There’s also a school-wide focus on ‘being organised,’ with homework and reading in all years, and ensuring work completion on time in the high school, so we have a busy term ahead!

Certificates were awarded during NAIDOC Assembly to:

Akaius, Caleb, Zahra, Jett M, Douglas, Phoenix, Levi P, Lucas, Gloria, Abbey, Yonten, Bodhi, Brody and Gian. Congratulations to everyone who received one.

Winter Carnival

It’s fantastic to have interschool events returning to normal. Thank you to Mr Riddick, Mrs Harrower and Mr James for the after-school training, and to Mr Riddick and Mrs Harrower for driving and coaching the teams on the day. They did us proud!

Netball Domination!!!

Well done to the Shark Bay crew for the awesome display of teamwork and fair play as they went through the Winter Carnival undefeated! The girls started strong

winning their first 3 games without allowing the other teams to even score! With 1 game after lunch the girls kept up their dominance but in true Shark Bay style, they helped their opposition out giving them tips to help them improve their game and even allowed them to score 3 goals. Well done girls. You represented the school with enormous spirit and huge smiles all day.

Watch out the Socceroos! After a little bit of a slow start by the Shark Bay and Gassy crew our soccer team soon began to find their feet and bend it like Beckham.

After losing their first two games the team dug deep and with fierce determination came out with a draw in their third game. After a quick lunch break the team was energized and raring to go as they finished the day with a strong win by 4 goals in the final game. Well done boys on a terrific effort all day. The teamwork and fighting spirit were awesome to see.

Mrs Harrower

Secondary School Career Taster Program

We plan a program of regular lunches with visiting speakers for our high school students, to provide them with opportunities to explore future careers. Our School Council was sorry to say good bye to Penjor, who had held the Chair, and his family on leaving our town. We have a new Council, meeting to elect a Chair, which will be working hard to continue our processes of school review and improvement. Our P&C continues to provide wonderful support for the school and we encourage all families to be involved.

Safety on site

Please monitor your child/yourself for symptoms of COVID-19 and get tested and isolate until you receive a negative result, if symptoms develop.

Footy Tipping

With only a few weeks to go and several tic for tac ladder position changes, at the end of round 19, Dale Fitzgerald has managed to secure his 1st position safely being 3 points clear of 2nd place. But several of the top stakeholders are still in for a chance with 4 rounds of AFL footy tipping to go.

The challenge has been blindly guessing the winners of each round back in March before the AFL season starts.

Disco

Lock in the date and dig out your dancing shoes for Saturday 20th August and our first Shark Bay Blue Light Disco. Ages 7 and under are welcome from 5-6:30pm and between 6:30-8:30pm for ages 8+.

Shark Bay Recreation Centre

Kindy Gym

Kindy Gym has been ticking along nicely. Sessions run weekly on a Tuesday morning between 9:30am and 11:30am. We have welcomed a number of new members to this weekly program. Grandparents are also welcome to join in the fun as they supervise their Grandchildren. A huge thank you to Claire H for stepping in and running the sessions when I am not able to and everyone that assists her on the day with packing up etc... Thanks Mrs H!

The Book Fair is coming to Shark Bay School. It will be arriving on Monday 8th August and will be here until Thursday 11th August. Shark Bay School have invited Kindy Gym folk to check out the Book Fair during our Kindy Gym session on Tuesday the 9th at 10am. We will start our usual session at the court then walk over to the school before we head back to the Rec and have Fruit time etc.

Come by and support our school whilst getting your hands on the best new children's books! Remember to bring some spare cash if you plan on purchasing books at the Fair.

REC Centre Contract renewal:

The Shark Bay Community Resource Centre (SBCRC) has approached the Shire of Shark Bay to continue with the management contract of the Shark Bay Recreation Centre into the future.

The SBCRC has been successfully managing the opening of the Recreation Centre on behalf of the Shire since February 2013. During our tenure, the SBCRC has engaged with 48,336 people at the facility. With the impacts of COVID over the past years since 2020, the hours were effected although it is evident through the total hours that SBCRC staff and volunteers have endeavoured to keep the community engaged in various activities where possible and within any Government guidelines. Total hours in 2020 – 2021 (June) = 614.5 hrs and 2021 – 2022 (June) = 831.5 hrs.

Afterschool Sports Sessions

Afterschool sports sessions continue on Monday and Wednesday afternoons with Tianna or one of our other casual staff. All participants at the Centre are asked to clean up and pack away equipment after using it and must at all times treat property with respect. Failure to do so may result in children receiving a banning notice for a period by Recreation Centre staff. We must note that the vast majority of local kids especially understand and follow the rules but its a shame a few continue to have to be reminded.

Children are discouraged from entering into any storerooms to access equipment or to prop open any exit doors. Staff are more than happy to assist, so asking politely will get you

a long way!

Night sports sessions

Viv continues to run her nightly sports sessions on a Monday and Wednesday evening. On Monday's from 6pm there is a group of badminton players who hit the courts for 2.5 hours. Whether you're a badminton beginner, veteran, or just looking to have some fun - Viv has you covered as equipment is provided.

Wednesday's from 6pm (although people start arriving from 5:45pm to warm up) is also a great workout for any adults keen to play, umpire or watch some basketball. Teams are made up on the night and are multisexed.

Boolbardie Country Club

June and July saw some strong starting fields with quite a number of visitors joining both Wednesday and Saturday competitions as well as playing on non-competition days. The fairways and greens have benefited from the winter rains and the TLC they've received and the course is in great shape. The following lists the winners and runners-up for regular club competitions in June and July.

Chip Shots

Event – Stableford	Winner (Score)	Runner-Up (Score)	Nearest the Pin*
Wednesday 29 June	Brian McKellar (21)	Mick Parry (21)	Colin Ashby
Saturday 2 July	Colin Ashby (19)	Jane Blennerhassett (15)	-
Wednesday 6 July	Jill Deschamp (15)	Peter Llewellyn (10)	-
Saturday 9 July	Jane Blennerhassett (19)	Jill Deschamp (19)	John Lewis
Wednesday 13 July	Peter Llewellyn (19)	Peter Cope (16)	Jill Deschamp
Saturday 16 July	John from Hopetoun (19)	Jill Hill (17)	Lyn Harding
Wednesday 20 July	Phil from Perth (15)	Mick Parry (15)	Bill from Perth
Saturday 23 July	Peter Llewellyn (19)	Peter Cope (17)	Peter Llewellyn

* Nearest the Pin second shot on Wednesdays.

The club bade farewell to long-time members, Jane and Rob Blennerhassett who have moved south but welcomed a new member, Bill Birkbeck.

Club competitions continue with 9-hole stableford events played every Wednesday and Saturday with a 1:30pm registration for a 2:00pm tee-off. The bar at the 19th Hole is open following the game.

Visitors are welcome at any time and visitor green fees are \$5 for 9 holes (honour system) with cards available at the clubhouse. For those who want to have a hit after work, some shorter rounds (4 or 5 holes) are available.

Full sets of clubs are available at no cost on club competition days or by prior arrangement at any other time. Motorised buggies are available for hire on competition days at \$5 per player for 9 holes for non-members and \$3 each for members.

Peter Llewellyn
Club Captain

Oakley Earthworks Shark Bay Speedway Club

Well the 35th Far Western has been run and won with lap records for each division recorded as well now the track shape has finally been locked in.

Roast Night at the Bowling Club

On Sunday 24th July 2022 Shark Bay Youth Group were very lucky to be given the opportunity to cater for the weekly Roast Night at the Shark Bay Bowling, Sport and Recreation Club.

A BIG Thank You to Siobhan who volunteered her entire day on Sunday preparing an amazing feed for everyone. We were booked out and had some very happy customers! Thanks to our servers, Janet, Isabella and Cheryl.

Thank you to the Bowling Club for giving us this fundraising opportunity.

Fisheries and Marine Officers from the Northern, Gascoyne and Midwest regions combined for a targeted compliance operation in popular Ningaloo Marine Park recently.

During Operation Greyby, our officers uncovered 28 recreational, and two commercial fishing offences from land and water-based patrols.

They used Patrol Vessel Houtman, three smaller boats, plus vehicles including quad bikes, which gave the operation flexibility to suit conditions and fishing activity.

Feedback from land patrols was positive, with no offences detected and people travelling with their catch showing that they were aware and supportive of the rules that help keep fishing sustainable.

Most of the illegal activity encountered was out on the water, including 13 offences of fishing in a sanctuary zone and three people detected spearfishing for a prohibited species.

There has been a significant increase in non-compliance since 2020 due to extra fishing pressure in the region, with more offences picked up this year than at the same time last year.

Future blitzes are planned to help wipe out illegal fishing. Ningaloo is a wonderful place to visit, but we need to remind fishers to follow WA's fishing rules so there are fish for the future. Call FishWatch on 1800 815 507 if you see anything suspicious.

Fisheries

GOVERNMENT OF WESTERN AUSTRALIA

Review of the Biosecurity and Agriculture Management Act

Let's talk.

Go to yoursay.dpir.wa.gov.au

The poster features a teal background with white icons of a spider, a fly, and a leaf. It includes three circular images: a cow in a field, a tree in a forest, and a variety of fresh produce like oranges, apples, and nuts.

The *Biosecurity and Agriculture Management Act 2007* (BAM Act) was established 10 years ago to protect Western Australia's environment, economy and communities from the impacts of pests, weeds, and animal and plant diseases.

The BAM Act also plays a role in managing chemical use, and the safety and quality of WA's agricultural products.

It's time for a review.

Join the conversation

Have your say on how the BAM Act can be equipped to support WA to:

- Manage pest and weed impacts on our environment.
- Mitigate the risk of pests and diseases travelling to WA via goods and people.
- Work together to strengthen biosecurity.
- Respond to the impact of climate change on biosecurity.
- Ensure the safety and quality of agricultural products.

Shark Bay SES

On the 18th of July, Shark Bay SES welcomed our new District Officer, David Cowdell at our regular Monday night training session. David is based in Carnarvon and will be doing regular visits to the Shark Bay Unit to assist in training, administration and unit governance requirements.

On the Monday evening we carried out a roof safety systems exercise with David overseeing our techniques from tying various knots to how to rig up a safety harness to be on a roof safely. Afterwards we participated in a social debrief with a bite to eat and refreshments.

Emergency Service bbq

Members across Shark Bay's Marine Rescue, St John's Ambulance, Denham Fire Brigade and our local Police joined our team on Saturday 30th July as we hosted a local emergency service social catch up. These social interactions are important activities all groups support as it offers our teams a chance to interact outside of emergency situations, welcome and meet new volunteers, thank members their families and recognise and award service medals. It's also a perfect time to discuss in a comfortable setting any multi-agency training opportunities, upcoming conferences as well as any challenges we all may be facing to gather feedback and support from our peers.

End of financial year

The end of the financial year welcomes the spending of last minute finances to purchase new technology and unit equipment as well as replace the outdated for both Shark Bay and Useless Loop. We have since been receiving and setting up the goods which have included;

- several new handheld GPS devices
- generators
- trash pump & hoses
- computers
- television
- cordless tools
- lighting
- rope rescue gear
- stationery.

Upcoming SES Training

You too can be a part of the cool kids. If you would like to join our friendly team, come along to a weekly training session on the first three Mondays of each month between 5pm and 6pm.

Marine Rescue Shark Bay

Marine Rescue Shark Bay's Tamala Rose replacement sub-committee has completed their Request for Quote tender documents. These have been sent out to the 5 boat builders who are contracted by DFES to supply rigid hull inflatable boats to the States rescue groups. Tenders are to be returned by the 3rd of August and the contract will be awarded after the final review process has been completed.

The committee has decided upon a 12 metre vessel with a full walkaround cabin powered by triple 300hp OXE diesel outboards. Diesel outboards were preferred so that the vessel could be refueled using the bowser at the commercial jetty, which would save many volunteer hours.

Diesel outboards are a relatively new technology, but they have several benefits over the petrol alternative. Fuel consumption is substantially less which gives the vessel much greater range. Maintenance intervals are out to 200 hours which is double that required by petrol outboards. These two factors add up to a significant cost saving over the operational life of the motors. Currently these motors are priced at about \$100,000 each which may put them beyond the budget allocation and a petrol alternative will

have to be considered. A similar vessel in New Zealand is being repowered with twin OXE diesels and this may also be an option depending on the performance results of their sea trials.

It has been a quiet month as far as rescues goes apart from a medical evacuation of a person from Dirk Hartog Island with suspected appendicitis to a waiting RFDS aircraft.

Our secretary Kat Dodds is leaving the group to take up a new position in Broome with Willie Creek Pearls. We thank Kat for her contribution to the group during her time with us and wish her well for the future. She is transferring to Marine Rescue Broome as well so her training and skills will go with her to a new location.

Stay safe out on the water.

Marine Rescue Shark Bay

VOTE 1

MEROME BEARD

CANDIDATE FOR NORTH WEST CENTRAL

Merome Beard
North West Central

Hon Mia Davies MLA
Leader of the The Nationals WA

Hi, I'm Merome Beard, but most people call me Mem. I'm your Nationals WA candidate for the North West Central by-election.

My family and I have a long connection to the region, and we call Carnarvon home. It's where my husband and I run our business the Port Hotel for nearly 20 years, raised our kids and volunteered in the community.

As a fourth generation local, raised in the region and a proud School of the Air graduate - I know first hand what makes this region great. Whether you live in the Gascoyne, the Pilbara or the Murchison, I understand the issues, challenges and opportunities across North West Central.

The Labor Government is failing to tackle important issues to you such as health services, crime, housing, staff shortages and the cost pressures of doing business and living.

Meanwhile they've decimated regional representation in Parliament and under spent in regional WA, all while boasting a \$5.7 billion budget surplus.

That's why I'm asking for your support, so I can continue to take up the fight in Parliament on your behalf.

Thanks, *Mem!*

"Your vote can send Mem to Parliament to be the strong voice your community needs - part of the team dedicated to regional WA. She's the right person for the job."

Hon Mia Davies MLA
Leader of The Nationals WA

Motoring Adventure

WA's happiest outback motoring adventure, wesCarpade, is coming to town!

Camp Quality
WESCARPADE

Camp Quality's famous wesCarpade isn't a car race or a rally – it is a party with a purpose, and it is rolling across WA from August 5-13th. The event is made up of 30 teams driving decorated cars 20+ years old to raise much needed funds for children's cancer charity Camp Quality. Starting in **Jurien Bay** and finishing in **Shark Bay**, the cars will ride a 2,400km route, passing through **Koorda, Morawa, Sandstone, Melengatta Station, Murchison, Wooramel Station**.

This year marks the 12th year of wesCarpade, with many participants coming back year after year for the mateship, adventures, and beautiful outback scenery, but most importantly to raise funds for kids impacted by cancer and their families.

One such participant is Darren Kenny, who will take on wesCarpade for the seventh time in 2022. Camp Quality is a cause close to his heart and he is aiming to raise \$25,000 in his car, Casey's Kombi, named after his friends' daughter.

"My friend's daughter Casey was diagnosed with a brain tumour years ago and so we saw how hard that was and the help and generosity they got. That made us decide we wanted to do something to give back and wesCarpade was a great way to do that. The fellowship from the other entrants and the celebrating the fundraising for Camp Quality is what keeps me coming back year after year."

Darren Kenny has fundraised in various ways including helping run the Bunbury golf day. Tessa Litton, Fundraising Coordinator at Camp Quality says, "We are so excited to be

running wesCarpade for the 12th year and can't wait to get on the road. All the teams have put their heart and soul into fundraising the past year and are having a real impact on the lives of kids facing cancer through Camp Quality's services and programs".

To find more about wesCarpade and support the teams go to wesCarpade.org.au

About Camp Quality

Camp Quality brings positivity, fun and laughter back into the lives of kids facing cancer.

Our programs and services help families build optimism and resilience through community, education and fun. We are there for kids (0-15) dealing with their own cancer diagnosis, or the diagnosis of a sibling or parent, every step of the way. Our programs are Camp Quality-run events and hospital support. Our services are digital resources and counselling, accessible whenever and wherever they are needed.

We're proud to have improved the quality of life for kids impacted by cancer, and their families, for almost 40 years.

Forgot to do your bowel screening test? We know you're busy, but if you're aged 50 to 74, this bowel screening test could save your life.

Need help remembering it? Put your test in the bathroom where you can see it: on the toilet or by the sink. Next time you're on the toilet, Get2It and do your test.

For more information about the National Bowel Cancer Screening Program visit cancer.org.au/bowelscreening.

Bowel cancer screening saves lives

Swipe to see if you're eligible ➔

Get **2** it

This simple and hygienic at-home test looks for traces of blood in your poo which are invisible to the human eye and can be a sign of bowel cancer

If you are aged
50-74
you will be invited to do
an at-home bowel
screening test **every**
two years

What does the test do? ➔

Fishermen - Fishing Hand

Abacus Fisheries Co P/L
Geraldton, Gascoyne & Midwest
Farming, Animals & Conservation
Fishing & Aquaculture
Full time

WOULD YOU LIKE TO GO FISHING IN SHARK BAY, WESTERN AUSTRALIA

We are offering 6 full time Fishing Hand positions for our crab fishing vessels in Carnarvon Western Australia.
While experience in crab fishing is not essential we request that applicants with commercial fishing experience detail their experience and skills

The position which will commence Monday 3rd October 2022 involves

Weekly wage is 932.88 and 8 weeks paid leave

- Making new pots and repairing existing gear before we commence fishing in November
- Fishing activities involve pulling and emptying the pots, baiting, resetting the pots and grading Blue Swimmer crab and general deck and fishing gear work which includes net repair
- Assisting with vessel maintenance during vessel refit

NOTE:

The person must be fit.
It takes between 7 to 14 days for the person to get the swing of what is required so unless you are prepared to commit to this then there is no point applying.

The person must have common sense and be alert
Fishing is carried out 6 days per week but you will get rostered days off
On a normal day the fishing time per day is between 6 and 7 hours. Plus the travelling time is subject to how far from port the crab pots are set

Boats leave port by 4am each morning and returns to port daily
All the fishing is in Shark Bay from the port of the port of Carnarvon

So those who are fit and energetic and want to experience living in Carnarvon and fishing in Shark Bay this is a great opportunity to give it a try.

ACCOMMODATION IS AVAILABLE AT A SHARE HOUSE ONLY WHILE YOU ARE WORKING

NOTE: SKIPPERS and DECKHANDS WILL BE SUBJECT TO RANDOM DRUG TESTING

Dump Truck Operators

Programmed Skilled Workforce is a leading provider of managed workforce and training services. We are currently looking for Expressions of Interest for Indigenous Entry-level Dump Truck Operators, to be based in the Pilbara region of WA on a 2/1 rotation.

Our client is a global leader in the iron ore industry and is recognized for their innovation and development of world class infrastructure and mining assets.

It is a requirement of our customer that in order to be successful for this role, you must be fully vaccinated for COVID to apply for this role and will be required to provide proof of vaccination dates in order to progress with your application.

Please ensure you meet the criteria when applying for these roles, to avoid disappointment.

- Benefits:
- * Full training given
 - * Opportunities for growth and development
 - * Full support from Programmed
 - * Weekly pay
 - * Superannuation on all hours
- About your new role:
- * Operating mechanical 793 Dump Trucks
 - * Contribute to a safe working environment
 - * 12.5hr shifts rotating day / night shift
 - * Entry level into mining
 - * FIFO from Perth

About you:

- * Identify as Aboriginal or Torres Strait Islander
- * **FULL Current C-A Class Drivers Licence - No P Plates are Accepted**
- * Ability to pass a pre-employment medical
- * Ability to pass a Drug/Alcohol screen
- * Safety conscious
- * Ability to consistently do a 2/1 roster
- * Available to FIFO out of Perth WA

Join the Programmed community and work for a company who values your safety and well-being.
click on the APPLY NOW link to submit your application. We look forward to hearing from you.

The position/s will only be open to Aboriginal and/or Torres Strait Islander applicants. The filling of this position/these positions is intended to constitute a special/equal opportunity measure under section 8(1) of the Racial Discrimination Act 1975 (Cth), s 51 of the Equal Opportunity Act 1984 (WA).

Who we are

As one of Australia's largest employers, we work with great companies all around Australia and New Zealand to give you the best opportunities to work when and where you want to. At Programmed, we are committed to creating a safe and inclusive environment which values and respects diverse styles, backgrounds, experiences and perspectives. We welcome and encourage women, people of Aboriginal and Torres Strait Islander descent and people from diverse backgrounds to apply.

So it's over to you. If you would like to join our team, APPLY now.

To learn more about working with Programmed, we encourage you to visit our website.

Skill Hire WA Perth Trades & Services Cleaning Services Casual/Vacation

Position on Seek for JS willing to relocate or currently in Perth.

We are looking for Cleaners to join our client's team. You will be responsible for general cleaning for FIFO from Perth.
This is an identified Aboriginal Position.

Applicants must be of Aboriginal and/or Torres Strait Islander descent and have demonstrated knowledge and understanding of Aboriginal and Torres Strait Islander cultures and have established links with their local community. To be Aboriginal and/or Torres Strait Islander is a genuine occupational requirement for this position under Clause 50 of the Equal Opportunity Act 1984 (WA).

Job Highlights

- Immediate start
- FIFO ex Perth
- 2 : 1 roster
- Paid what you deserve

Key Responsibilities include:

- Delivering a quality cleaning maintenance service, interacting with clients in a polite and courteous manner and working to Company Policies, Procedures and Code of Conduct at all times whilst on site.

MIDWEST COURIERS

*Providing your transport solutions from
Geraldton to Denham and Surrounds*

For the past 6 ½ years Kalbarri Express Freight has been servicing Kalbarri and surrounding areas. After enquiries were made we are going to offer our same services to Denham, with a once a week service, delivering on a Friday. Hence Midwest Couriers was born.

As Kalbarri has grown to know our reliable, efficient and friendly service we would like to offer Denham the same reliable, efficient and friendly service.

We are a small business with a hard-working team to give you the best possible service we are able to give.

Find us on our Facebook Page as well <https://www.facebook.com/Midwest-Couriers-185206275526497/>

Please call **0459 499 230** to discuss your requirements

Living with History

A Desert Mystery

The death of two men on the Talawanna track reminds me of an experience I had in that area in the late fifties. Our main roads camp was situated between Ethel Creek and Mundiwindi. I received word from Head Office in Carnarvon that the owner of Talawanna Station, who evidently knew people in high places, wanted a road suitable for road trains built into his property in order to truck cattle.

I had never heard of Talawanna and had no idea where it was in the world. The PMG linesman at Mundiwindi said he had a rough idea where it was and the description of the area was not at all encouraging.

In those days main roads foremen were permitted to own their own work utes for which we were paid mileage and I had just bought a new Holden ute.

I decided to take Geoff, the grader driver, with me and so we loaded up our swags, tucker box and plenty of extra fuel and water without which you never travelled in that country. Our final stop was at Wolgan Station owned by a tough old character named Joe. Joe insisted we stop for a meal and a yarn. After awhile Joe said he had something to show us. He conducted us to a pen made of heavy logs about four feet high. As we neared the pen, the biggest pig I had ever seen reared up and put his front feet on the top log. Joe said the monster ate a full kangaroo carcass every day. I quite believed him. If that pig ever got out I did not want to be anywhere in the area.

After a few directions from Joe we left on a rough track heading East. Our next stop was at Billinooka. This was another outback property owned by Bill, a humorous old bushman. Bill's homestead was built completely of bush timber. Living quarters, kitchen, harness room and smithy were all under the one roof. Sundry chooks and dogs also resided there. Bill's staff, an elderly aboriginal couple, had their own dwelling a short distance away.

As it was getting late we decided to stay the night. After a meal of corned beef, which Bill happily informed us, came from one of his neighbour's bullocks, we settled down for a yarn. On hearing the object of our trip Bill was a bit dubious. He said as far as he knew the bloke who had Talawanna had no cattle. He said there was a well and a rough bush shed there, which the man used as base for his prospecting trips out into the desert. He had been known to speak of a huge copper deposit he had found. This whole business was starting to sound a bit suspect. It looked like we might be getting conned into building a road to transport mining equipment.

We left Bill early next morning and headed further east. The track got worse and encroaching bushes were doing horrible things to the paintwork of my new ute. About midday we got bogged in a wide, sandy creek and had to let the tyres down to get out. Then we had to pump them up by hand. No free air out there! Late that afternoon we reached our destination. It was as Bill had described it except there was noone there.

There was a fairly new windmill on the well and the tank and trough were full. There was no sign of anyone being

there lately. From some harness in the shed I got the idea that this bloke used camels, so he must be an experienced desert traveller. We camped there overnight and began the return trip the next day.

After spending a couple of hours in the sandy creek we arrived back at Bill's place. It was not late but as we had a couple of punctures to mend I decided to stay there the night. After tea I got Bill talking. He had been in the area most of his life and was a mine of information. In his younger days he had made several trips out into the desert and was quite confident that there were mineral deposits out there waiting to be found. He was also adamant that it was no place for the inexperienced. In his own words, "That country was a killer. If you mess up you don't get another chance."

The next day we stopped at Wolgan for a meal and a yarn with Joe. I did not visit the pig! We arrived back at camp that night. In those four days I saw some very interesting country and met a couple of very decent old bush battlers. I wrote a report and sent it to Carnarvon and that was the last I heard of it. It is interesting to note the rich gold deposit at Telfer was found in that country. Some of the old timers up there even maintain that it is the one that Lassiter was searching for when he died out there.
